

Why Women Have Nerves

The "blues"—anxiety—sleeplessness—and warnings of pain and distress are sent by the nerves like flying messengers throughout body and limbs. Such feelings may or may not be accompanied by headache or dizziness or bearing down. The local disorders and inflammation, if there is any, should be treated with Dr. Pierce's Lotion Tablets. Then the nervous system and the entire womanly make-up feels the tonic effect of

M'CLURE SAYS FREE WOOL WILL DO NO GOOD

SALT LAKE, Aug. 7.—The revision of the wool tariff has already begun to work an injury to the wool grower and regardless of the low prices at which wool cloth is being sold in the eastern market the consumer will receive no benefit, according to S. W. McClure, secretary of the National Wool Growers' association.

LESS BOWEL TROUBLE IN PENDLETON

Pendleton people have found out that a SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler's-Ka, the German bowel and stomach remedy, relieves constipation, sour stomach or gas on the stomach INSTANTLY. This simple mixture became famous by curing appendicitis and it draws off a surprising amount of old foul matter from the body. It is wonderful how QUICKLY it helps. Pendleton Drug Co.—Adv.

"The eastern trade reports just received," said Mr. McClure this morning, "show that the sale of wool goods for next spring has already opened in New York. The standard goods for men's suitings opened at from 10 to 12 cents less than this time a year ago.

"These reductions have been made on the basis of free wool. The consumer can now figure out about what his chances are for getting cheaper clothes. These all wool clothes are made into the better grade of suits which sell for \$25 and \$30. If the saving in each suit was given to the consumer he might save from 20 to 25 cents on each suit.

"The result will be by the time when the suit reaches the consumer the prices will be exactly what they have been during the past years. The few cents saving which the consumer is entitled to will be absorbed by the many hands the suit passes through on its way from the factory to the wearer. The new prices of clothes will be about the same as the prices in 1911. The consumer has practically had free wool since April 1, because this year's clip was bought up on a free trade basis.

TURNED TO TALK TO FRIENDS; AUTO GOES WILD

SPOKANE, Aug. 7.—When he turned to talk with a friend in the rear seat of his new Ford automobile yesterday afternoon Louis Rubert, saloon manager at 220 Main avenue, his friend, Dan Millich, 36 years, Idaho hotel, and a companion, John Milles, landed in the ditch and later in the emergency hospital and the machine went cartwheeling down the other side of the road, landing in a pile of wreckage.

The police patrol automobile, carrying Emergency Steward P. C. Milburn and Officer Scott, was rushed to the scene at Wall street beyond the north city limits and took the three injured men to the hospital, where their injuries were dressed by Steward Milburn and Ned Edris and Police Surgeon George A. Downs.

"I guess it was all my fault," said Rubert last night. "I turned to talk with my friends while returning to Spokane from the Little Spokane and lost control of the machine. I took the two men there to look for work."

Rubert, a saloon manager, sustained abrasions of the scalp and lacerations of the right ear, where he slid in the gravel. Millich suffered cuts on the right knee and the right cheek. Milles was forced to undergo sutures in the upper lip. He also suffered a lacerated right eyebrow and serious injuries of the body.

The accident was witnessed by J. E. Byler, E902 Augusta avenue. The three men were able to walk from the emergency hospital. The Ford machine in which they were riding is a wreck.

"Therefore, after all this agitation over the revision of the wool tariff the net result is that the wool grower suffers injury and the consumer receives no benefit."

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief." writes B. W. Hill of Snow Hill, N. C. For sale by all dealers.—Adv.

SUE UNDER HOUR LAW.

Government Starts Action Against O.-W. R. & N. SPOKANE, Aug. 7.—Suit was filed in the federal court yesterday by United States District Attorney Oscar Cain on instructions from the attorney general against the O.-W. R. & N. for violation of the 16-hour law. The alleged violations consisted in keeping two operators at their posts of duty beyond the legal limit of time and failing to report the fact. The information was furnished by the interstate commerce commission.

In the instance of B. G. Bishop, operator and dispatcher at Colfax, Wash., it is alleged he was compelled to work longer than 13 hours on March 27, 1913, and that the company failed for 30 days to notify the commission. Each day's failure to notify comprises a separate offense, the minimum fine for which is \$100, and the 30 counts total a demand for \$3000. The item of 13 hours applies to operators and dispatchers who work in offices operated only in daytime, while nine hours is the limit of time allowed operators or dispatchers in offices open continuously.

BOISE POLICE DISCOVER OPIUM SMUGGLING GANG

BOISE, Aug. 7.—One of the weirdest and what is regarded as the most important confessions ever given to the local police department has been made by Joseph Miller, alias Smith. Smith says he is a member of an organized gang of opium smugglers. He has given the police complete details of his operations throughout the country for some time past. His story is one that seems almost unreal in its details, telling as it does of how Miller and his confederates worked between Canada and the United States for years in the illicit opium traffic.

SENATOR WORKS MAY KEEP FOX FROM OFFICE

WASHINGTON, Aug. 6.—Senator Works, of California is said to be assured by democratic leaders of the senate that the confirmation of the nomination of Thomas Fix to be postmaster at Sacramento will be reconsidered. Works is opposed to Fox's appointment and declared he would do everything in his power to prevent the confirmation.

LETTER ASSERTED TO BE FROM CHRIST

Country papers throughout the southwest are printing, usually at the request of subscribers, what purports to be a letter written by Christ—This is a revival of a well-known "fad" of fifteen years ago. In this letter was an injunction that it should be "published" to the world by whoever found it, together with the statement that misfortune and bad luck would follow the person having possession of it in the event that it was not given publicly.

The letter is published below at the request of Mrs. J. J. Blanton, an invalid lady living near Pendleton. According to the history of the letter as it is variously recorded it was written by Christ just after his crucifixion, signed by the Angel Gabriel ninety-nine years after the Savior's birth, and presumably deposited by him under a stone at the foot of the cross.

On this stone appeared the legend: "Blessed is he who shall turn me over." No one knew what this inscription meant, or seemed to have sufficient curiosity to investigate, until the stone was turned over by a child and the letter, which follows, was discovered:

"Whoever works on the Sabbath day shall be cursed. I command you to go to church and keep holy the Lord's day without any manner of work. You shall not idle or misspend your time in bedecking yourselves in superfluities of costly apparel and vain dressing, for I have ordered it a day of rest. I will have that day kept holy that your sins may be forgiven you.

"You will not break my commandments, but observe and keep them, they being written by my hand and spoken from my mouth. You shall not only go to church yourselves, but also your man-servant and maid-servant. Observe my words and learn my commandments.

"You shall finish your work every Saturday at 6 o'clock in the afternoon, at which hour the preparation for the Sabbath begins. I advise you to fast five Fridays in the year beginning on Good Friday and continuing the Fridays following in remembrance of the five bloody wounds I received for you and mankind.

"You shall love one another and cause them that are not baptized to come to church and receive the holy sacrament—that is to say, baptism, and then the supper of the Lord, and be made a member thereof and in so doing I will give you long life and many blessings. Your land shall be replenished and bring forth abundance, and I will comfort you in the greatest temptation, and surely he that doth to the contrary shall be cursed.

"I will also send hardness of the heart on them, and especially on hardened and unrepentant unbelievers. He that hath given to the poor shall find it profitable. Remember to keep holy the Sabbath day, for the seventh day I have taken as a resting day to myself.

"And he that hath a copy of this letter, written by my own hand and spoken from my own mouth, and keepeth it, without publishing it to others, shall not prosper, but he that publisheth it to others shall be blessed by me, and if their sins be as many as the stars at night, and if they truly believe they shall be pardoned, and they that believe not this writing and my commandments will have my plagues upon you, and you will be consumed with your children, goods, cattle and all other worldly enjoyments that I have given you. Do but once think of what I have suffered for you—if you do, it will be well for you in this world and in the world which is to come.

"Whoever shall have a copy of this letter and keep it in their home, nothing shall hurt them; neither pestilence, lightning or thunder; and if any woman be in birth and put her trust in me she shall be delivered of her child. You shall hear no more news of me except through the Holy Scripture until the day of judgment. All goodness and prosperity shall be in the house where a copy of this letter shall be found. Finished."

GRASSHOPPERS RUI CROPS IN WASHINGTON

WALLA WALLA, Wash., Aug. 7.—Thousands of dollars damage has been done to the fruit and garden tracts along the Snake river by grasshoppers which have appeared recently in large armies and thousands of dollars more of damage will be done before the close of the hot weather period unless the fruit raisers take drastic measures to stop the inroads of the pests," states Prof. M. A. Yothers, entomologist at the state experiment station who was here on a tour of inspection of the entire Snake river district.

Mr. Yothers spent three days investigating conditions along the river and acquainting fruit raisers with the proper methods of eradicating the pests and reports that the situation is a desperate one. He says fruit raisers do not realize the seriousness of the situation.

The hoppers have appeared in great numbers at Almota, Wawawai in the Pomeroy valley from Starbuck to Pomeroy and have attacked the fruit trees at Riparia.

Mr. Yothers reports that across the river from Almota entire orchards have been stripped of fruit and leaves and acres of corn have been totally destroyed, while at Wawawai and in the Pomeroy valley fruit tracts, alfalfa
