### SULZER DENIES THE CAMPAIGN CHARGES

ALBANY, N. Y., Aug. 12.—With the reconvening of the extra session of the state legislature here yesterday it was expected that steps would be taken soon to start impeachment proceedings against Governor William Sulzer on charges of malfeasance in office. The governor is prepared to defend himself against such charges. Governor Sulzer gave out the following statement: "It would be unwise for me at this time to make any detailed statement in reply to the matters that have been brought to the attention of the Frawley committee, but having promised that I would furnish a statement to the press, I make the following reply. "I deny that I used any campaign contributions for personal use. "I deny that I speculated in Wall street, or used money contributed for personal use. "I deny that I speculated in Wall street, or used money contributed for campaign purposes to buy stocks either in my own name or otherwise. "I never had an account with Fuller & Gray or Boyer & Griswold. I never had business with either of these firms; I do not know the members; and know nothing about transactions with these firms testified to before the Frawley committee until recently threatened with exposure, and the alleged transactions were brought to my attention by the Frawley committee. "The stock account with Harris and Fuller was not a speculative account, but a loan on stock as collateral which stocks had been acquired and paid for years before my nomination for the office of governor and from other sources than Harris & Fuller. "Certain checks given me for campaign purposes were deposited to my personal account and thereafter I had

### GUARD AT MELON PATCH SHOOTS 2

FREWATER, Ore., Aug. 12.—A young man named Lucas, in the employ of D. J. Kirk of Vincent, during the absence of Mr. and Mrs. Kirk from home, took the two boys of the family, aged eight and ten, on a trip to the melon patch of Joe Perciello of Pleasant View. Mr. Perciello was absent but had left an Italian laborer to watch the patch. Noticing the young man and boys in the field, he fired a gun and 26 shot lodged in the right leg and the body of the 10 year old boy, the other lad receiving two shot, one going through the ear and the other lodging in the head. White charged that the railroad company's charge of 15 cents on concentrates

### LIPTON CRITICIZES BRITISH.

LONDON, Aug. 12.—Sir Thomas Lipton, writing as a British merchant to the London Times this morning in-dorsing the attitude of that newspaper in criticizing the British government for declining to take part in the Panama-Pacific exposition, says he is going to exhibit at the San Francisco exhibition whether or not the government supports it. "Putting aside all the international and sentimental questions involved," says Sir Thomas, "it is absolutely essential for strictly business purposes that Great Britain be officially and adequately represented." He adds that his own experience as an exhibitor at the Chicago and St. Louis fairs was gratifying, although the tariff was then at its highest. "Now," he continues, "when the walls of Jericho have fallen we seek outside instead of entering and taking the city."

### RADER ENJOYING HIMSELF IN TRIP WITH WHITE SOX

He states he has made visits in Boston, New York, Philadelphia, Washington, with side trips to Coney Island, Atlantic City and other resorts. In Boston he saw Jack Keefe, former secretary of the Western Tri-state league and of the local Commercial association, and this week he is renewing acquaintance with Byron Houck, the sensational young pitcher of the Philadelphia Athletics with whom he attended the University of Oregon.

## Woman and Her Varied Interests

### Interior Decoration.

Simplicity is the keynote of successful decoration, and particularly is this true in the bedroom, where ornament should be of simple line and used with sparing hand. One of the most effective schemes of decoration is to choose some attractive design and to carry it out in the decorations of the entire room.

### Home Helps.

If, before placing any butter in the frying pan, you run a layer of olive oil over the bottom, you will have no trouble about burning fried food.

### Berry Dessert.

To make blackberry cream, boil a quart of blackberries with a pint of cold water for half an hour, says the Newark News. Strain through a fine sieve. Reserve quarter of a cupful of the liquid and put the remainder on the stove. When it boils hard stir in a cupful of granulated sugar and when the sugar is dissolved put in two tablespoonfuls of cornstarch wet with blackberry liquid that was reserved. Stir in slowly and cook for about three minutes, or until the cornstarch is done. Mold and serve very cold with cream.

### Rice Balls as Made in the South.

"My family is so fond of rice balls that they frequently serve as chief dish either for breakfast or at the evening meal. Here is a recipe that has been a standby in my kitchen for about 30 years," writes an Alabama woman to the Monitor.

### To Crystalize Leaves of Mint.

To crystalize mint leaves cook one pound of sugar and one fourth pint of water to the softball stage. Have fresh mint leaves washed and well dried. Press well down into the syrup, replace on stove, let come slowly to a boil, pour off in flat dishes and let stand overnight. In the morning remove leaves, reboil syrup, with an additional one-fourth pint of sugar until it balls in cold water. Again add leaves and set aside and repeat making three dippings. The third time, after adding leaves, stir till the syrup begins to grain. Then remove mint to waxed paper to dry. Pack in layers between waxed paper. Some people prefer pouring the syrup over the leaves in shallow dishes and letting it stand. Results, however, should be the same.—Delineator.

### BRIDEGROOM TRIES SUICIDE.

Eugenic Law Applicant Becomes Remorseful on Eve of Wedding.

PITTSBURG, Aug. 12.—Arrayed in wedding suit and with only an hour to elapse until he should lead Elizabeth Berger to the altar of St. Mary's Catholic church to become his bride, Frank Welter, one of the first applicants for a marriage license under the new eugenic state law shot himself twice at the home of an uncle.

Before the shooting he indicated that he was suffering remorse for giving an incorrect answer while obtaining the marriage license. Among the questions asked were: "Are you afflicted with any transmissible disease?" "Are you under the influence of any intoxicating liquor or narcotic drug?" "Are you physically able to support a wife?"

At the marriage license office Welter appeared embarrassed in answering the questions. It is believed he will recover.
