

WEATHER REPORT.

Fair tonight and Saturday.

COUNTY OFFICIAL PAPER.

VOL. 25.

PENDLETON, OREGON, FRIDAY, AUGUST 15, 1913.

NO. 7955

TO ADVERTISERS The East Oregonian has the largest paid circulation of any paper in Oregon, east of Portland and nearly twice the circulation in Pendleton of any other newspaper.

CITY OFFICIAL PAPER.

TAMMANY PAID CASH FOR VOTES IS CHARGE MADE

Used Money to Swing Four Men Into Line in Order to be Able to Adopt Impeachment Articles.

MEN HEADED FOR JAIL

Direct Charges Are Made by Advisor to Governor Sulzer—Declares That Money Was Also Freely Used to Keep Wavering Votes—Will Be Prepared to Prove Charges.

ALBANY, Aug. 15.—Flat charges that Tammany Hall, by the use of money, bribed four members of the legislature in order to get the necessary votes to impeach Sulzer were made by James Garrison, the governor's advisor, after a consultation. "We now charge positively," he said, "that Tammany paid cash for four votes needed to adopt the impeachment resolution in the assembly. It also used money to keep the other wavering votes in line. We will be prepared to prove this before we are through. There are some gentlemen mixed up in this conspiracy who are headed straight for jail."

STATE MAY PURCHASE THE DUNIWAY PLANT

SALEM, Ore., Aug. 15.—A committee consisting of George Putnam of Medford, George W. Orton of Portland, and Carrie Mayer of Dallas has been appointed to appraise the printing plant owned and used by the late Mr. Duniway with a view to purchase the plant by the state. The flat salary law appropriates \$20,000 for the purchase of a plant.

TOWN DEMOLISHED BY CYCLONE; MANY HURT

BISMARCK, N. D., Aug. 15.—A cyclone struck the village of Douglas on the line of the Minneapolis, St. Paul and Saulte Ste. Marie railway, north of here late yesterday. The town was practically demolished and the railway tracks are covered many feet deep with debris. Several persons are reported injured, but it is not known that any one was killed. Telegraph and telephone lines are down and the full extent of the damage can not be learned.

WINNIPEG, Man., Aug. 15.—A windstorm of almost cyclonic proportions, accompanied by a cloudburst, struck this city last night. Great havoc was wrought all along the main thoroughfares, plate glass windows being smashed and many buildings damaged. Electric lights were put out of commission in many parts of the city and telegraph and telephone service is badly demoralized. The rain fall was the heaviest in years.

Deception is all right on the stage, but in married life you are sure to be found out.

LANE ITINERARY MADE.

Commercial Club Announces Official Program of Secretary. PORTLAND, Ore., Aug. 15.—After much speculation as to how much time Franklin K. Lane, secretary of the interior, would pass in Portland when he would arrive and when he would leave the Commercial club last night announced the following official program for the cabinet officer's visit: Next Sunday, 9 a. m., Secretary Lane will arrive from Seattle over the Northern Pacific. He will be escorted to Hotel Oregon, which will be his headquarters. He will leave almost immediately to view the Deschutes river project. Monday afternoon Mr. Lane will return to Portland and that night a banquet will be given in his honor at the Commercial club. Tuesday morning he will leave to view the west extension of the Umatilla project, and in the afternoon will view the main project. Tuesday night there will be another banquet in his honor at Hermiston, tendered by the Commercial club and by the water-users of that place. Immediately after the banquet the secretary will depart for Boise, Idaho. The committee in charge of the arrangements for the visit consists of Governor West, C. S. Jackson and Joseph N. Teal.

TERRIFIC HEAT WAVE SWEEPS MIDDLE WEST

Torrid Winds Blow Over Nebraska—Average Temperature Since Sunday Has Been Over 100.

CORN CROP DESTROYED

Kansas Also Suffers Greatly—Farmers Petition Governor to Issue Proclamation Calling on Citizens of State to Hold Meetings to Pray for Rain—Cooler Today.

LINCOLN, Neb., Aug. 15.—Terrific heat scorched Nebraska today with torrid winds blowing. The average temperature since Sunday has been over a hundred. Many sections in the corn belt are practically destroyed.

The drought, and the tendency of farmers to sell veal rather than beef, are given as the reasons for the higher prices which already are quoted here. Dressed beef is selling from 11 to 13 cents to packers.

Hot in Kansas.

TOPEKA, Aug. 15.—Today was the coolest since July 23, although the thermometer stands at 97. Half an inch of rain fell last night and it is believed the drought is broken. The waterworks at Medicine Lodge are reported unable to supply the town. The governor's office is receiving hundreds of letters daily urging the issuance of a proclamation calling all citizens to meet at a specified time to pray for rain. The governor is out of the city, but is expected to respond to the appeals when he returns.

WOODMEN HERE MAY SEPARATE FROM THE EAST

J. P. Walker, eastern Oregon representative at the session of the head camp, W. O. W., just held at Colorado Springs, Colo., returned home today and says that it is very probable that within a short time the Pacific Jurisdiction, W. O. W., will break away from the general organization and become a national organization itself. In the event this move is taken the order will become known as the Pacific Woodmen or some other suitable title will be adopted. The matter of withdrawing from any allegiance with the eastern order is now in the hands of the head officials and action will be taken shortly.

At the head camp session Mr. Walker was made head sentry and therefore he will return to the head camp next year. While on the way home he, was caught in a train wreck and suffered a severe shake up.

CONGRESS GOING TO STAY ON THE JOB

WASHINGTON, Aug. 15.—Congress will remain in session "until snow flies" and if necessary prolong the extra session until the regular term begins in December to dispose of the tariff and currency legislation.

This was the decision of the democratic caucus of the senate last night which adopted a resolution declaring that "congress should proceed to consider and determine legislation concerning currency and banking immediately following the passage of the pending tariff bill."

Not Bound on Currency Question. The resolution finally adopted was a composite effort which would not bind the senate democrats to any set currency policy.

"The action of the caucus," said Senator Simmons, chairman of the finance committee, "means that we are ready to stay here until snow flies to carry out the work before us. I believe that it will facilitate action on the tariff, because the minority may know just what our purpose is."

FLIES THROUGH AIR AT RATE OF MILE A MINUTE

PHILADELPHIA, Aug. 15.—Aviator Bergdoll, accompanied by his mechanic, ascended this morning and flew to Hammond, New Jersey, at the rate of a mile a minute. He plans to visit Atlantic City, Asbury Park and Trenton.

IN JAIL HERE AFTER STABBING MAN AT HELIX

Bar-room Fight Ends in Cutting Affray in Which Jack Hess, a Bartender, is Wounded.

FARM HAND IS ACCUSED

James Simerly is Taken in Custody and is Brought to Pendleton—Quarrel Starts When Bartender Attempts to Put Him Out of Saloon—Injuries Not Believed Fatal.

As the result of a barroom fight at Helix last night, Jack Hess, bartender at the Taylor saloon, is suffering from two wounds inflicted by a knife in the hands of James Simerly, a young farm employe, and Simerly is under arrest in this city awaiting the action of the law upon a charge of assault with a dangerous weapon.

According to the story told over the long distance from Helix, Simerly had been drinking and became engaged in a quarrel with another man in the barroom. Hess, it is said, stepped from behind the bar and, taking Simerly by the shoulder, told him to get outside whereupon the latter struck him in the side with a knife. Hess then knocked him down but received another stab in the leg after which he succeeded in subduing his assailant.

The first stab punctured the right lung of Hess and the other severed a artery in his leg. He bled profusely before the flow of blood was checked. He was taken to a room in the hotel and his injuries dressed. It is not expected that his injuries will prove very serious.

Marshal Saunders of Helix arrested Simerly and brought him down in an automobile today. He declares he can give any reasonable bonds and is tagging this afternoon to have the bonds fixed so that he can get back to the William Potts ranch where he is employed. His version of the story differed but little from that received from Helix. He states he had been drinking and was quarreling with another man when Hess stepped between them. "He struck me," he said, "and I don't know what made me do it, but I struck him twice with my knife." Simerly is a brother of the farmer of that name who operates a ranch near Helix.

RIOT QUELLED BY PORTLAND POLICE

PORTLAND, Ore., Aug. 15.—Differences between the old established union of longshoremen and the newly created body caused a riot in which 296 participated. The police dispersed the mob before any bodily damage was done beyond bloody noses and black eyes. Members of the older organization declare the new union is composed of industrialists bent on creating strife.

900 SOLDIERS ARE GUARDING MINES

NANAIMO, Aug. 15.—Nine hundred militiamen occupy the strike area at Nanaimo, Ladysmith, South Warrington and Cumberland. The center of disaffection was shifted from Nanaimo to Cumberland where a clash with the Vancouver Highlanders regiment is hourly expected.

PENDLETON HOPES TO GREET LANE

Though Secretary of the Interior Franklin K. Lane will spend three days in Oregon it is not yet known whether he will make a visit to Pendleton and the Umatilla reservation. It seems reasonably sure he will make a stop at Hermiston to view the West Umatilla project but the local committee is completely in the dark as to any visit here.

In order to ascertain the secretary's intentions Leon Cohen has written to C. S. Jackson, who will entertain Secretary Lane in Portland, asking him to learn as quickly as possible if a visit can be made to this place. Mr. Jackson is to wire regarding the matter as soon as he can secure the needed information.

If the secretary is to stop here arrangements for his reception and entertainment will be carried out by a committee recently appointed by the Commercial Club and of which Col. J. H. Raley is chairman.

If men were as ingenious in finding the ways and means to carry insurance as many of them are to frame excuses for putting it off, many a widow and orphan would have a different tale to tell.

GLYNN DEMANDS THAT GOVERNOR SULZER VACATE EXECUTIVE OFFICE AT ALBANY

Latter as Yet Refuses to Say What That Question Will Go to Court—Impeachment is Illegal.

ALBANY, Aug. 15.—Lieutenant Governor Glynn demanded from Governor Sulzer today possession of the executive office as a result of the impeachment proceedings. Glynn's letter, which recited that he was the de facto governor of New York was delivered to Sulzer at 11 o'clock. Sulzer would not say what his probable answer will be.

Indications are the courts will expedite the question whether the adoption of the impeachment resolution suspends Sulzer. Both factions are anxious for a quick settlement. Sulzer expresses confidence of ultimate victory. His wife is reported improved. Secretary of State May called on Glynn and announced he would recognize him as governor of New York.

Sulzer says it's illegal. Sulzer reiterated his declaration that his impeachment is illegal. He

TRAGEDY AT RYE VALLEY RESULT OF FAMILY QUARREL; 2 ARE DEAD

BAKER, Ore., Aug. 15.—(Special.)—Complete details of the tragedy at Rye Valley yesterday show that Lawrence Cartwright, a wealthy rancher, shot and killed Mrs. George Cartwright, wife of his brother, and probably fatally wounded William Powell. He then took his own life. The first reports stated that he and his wife were killed by a man whose identity was not established.

The shooting came as the result of a family quarrel which occurred at the home of the woman in Rye Valley. The trouble started just as the party were preparing to go huckleberry-

TWO MORE SPECIALS ARE COMING

Announcement of two more special trains to the Round-up is made today by Walter Adams, local agent of the Northern Pacific. The Tacoma Commercial club which sent over a special last year has completed arrangements for a similar excursion this year and the N. P. itself will run an excursion train from Grangeville, Idaho, and all intermediate points, including Lewiston and Clarkston.

Announcement is also made today that the Eastern Oregon Medical society will hold its annual convention in Pendleton during the Round-up in order that the physicians may have an opportunity of seeing the big show. The society has held its conventions here during the Round-up and, as pleased have the doctors been with the big frontier carnival, that they are quite willing that Pendleton should be the permanent convention city. Reservations in the grandstand have already been made for the delegates. Lieutenant Governor Louis F. Hart

of Washington is very sorry he will not be able to attend the show on account of business but in the following letter to President T. D. Taylor, he expresses his good will: State of Washington, Louis F. Hart, Lieutenant Governor, Hon. T. D. Taylor, President, Pendleton, Ore. My Dear Mr. Taylor: I desire to thank you most sincerely for your very kind invitation to be your guest on the occasion of the 4th annual Round-up; but business engagements in the city of Minneapolis commences on the morning of the 13th of September, makes it imperative for me to deny myself the pleasure of this splendid exhibition of sports.

GOVERNMENT RESTS CASE IN TRIAL OF DIGGS; MORE DETAILS GIVEN

SAN FRANCISCO, Aug. 15.—The government rested its case shortly before noon today after the prosecution and defense had carried Miss Norris, Miss Nell Barton and Martin Beasley, a friend of the Warrington and Norris families, through the final chapters of the quadruple intrigue which resulted in the indictments of Diggs and Caminetti. More composed and voluble than yesterday when she bared every secret of her illicit entanglement with Caminetti, Miss Norris today disclosed the bare, sordid acts to which she admitted.

LIND SILENT OVER PEACE MISSION

WASHINGTON, Aug. 15.—The silence of Lind indicates that Lind has not accomplished much so far in his mission of peace. Americans in Mexico are returning to the United States in large numbers, reports say.

Will Not Release Ambassador. WASHINGTON, Aug. 15.—Official Washington expected Ambassador Wilson would request the immediate

MEAT FAMINE BOUND TO HIT UNITED STATES

Situation is Critical, Declares Dr. D. A. Ramsay; Chief Inspector of Bureau of Animal Industry.

DROUTH IS RESPONSIBLE

Conditions in West and Southwest Hasten Crisis—Stringent Rules Against Importation of Cattle May Bar Meat from Other Countries—Remedy Being Sought.

WASHINGTON, Aug. 15.—That the United States not only faces a famine in domestic meat but the stringent rules against importation may bar meat and cattle from other countries necessary to fill the needs, was the declaration of Dr. D. A. Ramsay, chief inspector of the federal bureau of animal industry, who declared the situation is critical. The drought in the west and southwest, he said, had hastened a crisis which had been approaching for years. At the same time he asserts that contagious diseases in livestock have developed in Argentina, the Indies, Australia and New Zealand and other sources of supply.

Ramsay said: "The department of agriculture has inspectors in these countries studying conditions in order to formulate an entrance inspection regulation for dressed meat and livestock. Much talk is heard of free meat to relieve the stringency. I don't foresee that result. Dressed beef now carries a ten point duty and even if meat were free it must meet the department's inspection rules."

"Argentina, the greatest source of supply, does not fulfill the department's regulations now. The drought in the middle west is most serious. It means that Mexican grass fed cattle in the southwest, which heretofore have been driven into middle western fattening corrals, now will have no heaven."

He estimates the corn crop will not be more than 50 per cent normal.

SENATE PUTS WHEAT ON THE FREE LIST

WASHINGTON, Ore., Aug. 15.—The democratic amendment putting wheat on the free list and striking out the 10 per cent per bushel tariff rate fixed by the house democrats was adopted by the senate by a vote of 37 to 32. A subsequent motion by Senator Gronna to fix a duty of six cents per bushel on wheat and one-eighth of a cent per pound on wheat flour was defeated 37 to 31.

Senator Ransdell and Senator Thornton of Louisiana voted with the republicans.

MRS. SULZER HAS RELAPSE; CONDITION REPORTED SERIOUS

ALBANY, Aug. 15.—Mrs. Sulzer suffered a relapse today and her condition is most serious. Her temperature is 102, pulse 118 and she is partly delirious. This was a statement issued this afternoon from the executive offices.

PARCEL POST CHANGES EFFECTIVE TODAY

WASHINGTON, Aug. 15.—Postmaster General Burleson's much discussed changes in the parcel post regulations became effective today. Hereafter the limit of weight of parcels for delivery in the first and second postal zones will be 20 pounds. Instead of 11, as has been the case since the inauguration of the system. Moreover, from now on the postage rate on parcels, exceeding four ounces is to be five cents for the first pound and one cent for each additional pound or fraction. One other change which cannot be made use of until cooler weather is that fresh meats and other perishable articles, when inclosed and wrapped as prescribed, may be mailed to offices in both first and second zones. Heretofore they were available only in one zone. If the changes result in the profits expected, Postmaster Burleson intends to reduce rates and increase the weight limit next year.
