

WEATHER REPORT.

Fair tonight and Friday.

COUNTY OFFICIAL PAPER.

VOL. 25.

PENDLETON, OREGON, THURSDAY, AUGUST 21, 1913.

NO. 7960

TO ADVERTISERS

The East Oregonian has the largest paid circulation of any paper in Oregon, east of Portland and nearly twice the circulation in Pendleton of any other newspaper.

CITY OFFICIAL PAPER.

AUTOMOBILE IN WHICH THAW ESCAPED IS FOUND; RENTED FROM NEW YORK GARAGE

Owner Says He Believes It is Car Which Was Taken Out By Richard Butler, a Former Assemblyman—Girl Identifies Picture of Thaw as One of Men She Saw in the Machine.

NEW YORK, Aug. 21.—Chief of Police Young of Adams Corner, N. Y., has found an automobile in a barn owned by John Rankin in which it is believed Harry Thaw made his escape.

The police traced the automobile by its number to John Collins, owner of a Broadway garage. Collins says he believed the machine is the one rented on Friday last to Richard Butler, a former assemblyman.

SHERBROOKE, Quebec, Aug. 21.—Colonel Frazier, representing Harry Thaw, announced the hearing on the writ of habeas corpus, obtained by Thaw's attorneys, had been postponed until 2 o'clock this afternoon by mutual consent. It was originally set for 10 this morning before Judge Eglobensky.

Thaw showed increasing excitement with news of the certainty that the New York authorities are going to spare no efforts to return him to Matteawan. He declared his arrest was a simple conspiracy to prevent his return to Pennsylvania.

"I know influences are behind the state in this matter," he said, "but I cannot explain. My lawyers won't let me talk. But men who want to keep me a lifelong prisoner will not succeed. The truth will prevail. I shall get home to mother soon. I am as sane as ever I was and I will prove it."

Immigration officials said that in no case will they act on Thaw's case before Monday.

More of Thaw's lawyers arrived today and gathered in the office of Attorney Charles G. White to confer. Meantime Attorney Shurtliff, whom Thaw first retained, has gone to Ot-

tawa to checkmate any unexpected move by the New York authorities. Crowds of sightseers eager to get a glimpse of Thaw, began to arrive from long distances. They gazed at the jail and watched the mysterious activities of the lawyers. The Thaw affair is booming the little frontier town and every hotel is full as never before.

Will Not Hurry Case. An immigration inspector who refused to allow the use of his name, said: "It seems to be the impression among American officials here that the Canadian immigration officers can be used to catch escaped criminals. They are overlooking the fact that we don't deport men merely because an American judge and jury found them guilty. We use our own sense in handling each case. We are not going to hurry now. When the court proceedings are finished we will give Thaw every chance to show he is a desirable immigrant."

OTTAWA, Aug. 21.—Assuming that Thaw escapes deportation, which is believed likely, authorities said that New York's only hope of extraditing him will be on the ground of bribing attaches of Matteawan, an extradition offense. This may have to be proved first in the New York courts and subsequently in Canada. Both actions practically involve a repetition of the battle of alienists which was a feature of the previous trials.

SHERBROOKE, Aug. 21.—Habeas corpus proceedings in the Thaw case have been postponed until 10 o'clock Wednesday morning. Thaw's attorney told the United Press their case already is won; that Thaw is assured of freedom and that the issuance of a warrant for his arrest under the immigration law is but a defensive move to keep Thaw in Canada indefinitely.

KILLS MOROS IN A HAND-TO-HAND FIGHT IN WILDS

Governor Whitney of Province of Jolo Engaged in Desperate Encounter With White on Tour.

MANILA, Aug. 21.—Details of a desperate fight in which Kerner Whitney, governor of the province of Jolo, killed two Moros and himself suffered five bolo wounds, have reached here. Whitney was on a trip of inspection when two Moros attacked his interpreter. Whitney ran to the assistance of his servant and in a hand to hand fight killed both Moros. His wounds are serious but it is stated he will recover.

LOWER CALIFORNIA READY FOR REVOLT

LOS ANGELES, Aug. 21.—Lower California is about to burst into revolt against the Huerta central government, according to predictions of Mexican refugees arriving here. They reported that the unrest was not confined to territory along the international boundary. Conditions became so critical at Ensenada, the capital of the territory that the entire city council with its secretary was ousted this week. The action was taken by Chiefe Politico, recognized as a firm adherent to the Huerta government. Conditions in smaller interior towns were said to have been even more critical than at the capital.

The arrivals confirmed plans of constitutional revolutionists to open the campaign in the territory by taking Mexicali, opposite Calexico, California. This would be the signal, it was said, for uprisings at other points.

18 INJURED IN A TRAIN WRECK

LOS ANGELES, Aug. 21.—Eighteen were injured when a Venice owl train left the track near Venice shortly after midnight. Many of the injured were Los Angeles newspaper workers returning to their beach homes after their nightly work. Five were taken to a hospital at Santa Monica. None are fatally injured.

MAN IN GEORGIA IS ANXIOUS TO SECURE RABBITS

Says He Will Swap Perfectly Good Possums and Coons for Few of Umatilla County's Pets.

What is spurned by some is prized by others. Even the lowly jackrabbit, condemned as a pest by Umatilla county farmers, is coveted by some. In witness of which statement, Major Lee Moorhouse has a letter to prove that there is at least one man in the United States eager to get hold of some of the little hopping quadrupeds and who is willing to pay a good price for them. Incidentally, he is willing in return to send some real Georgia possums and coons to Pendleton. The letter is from Sydney Clare, president and manager of the Fitz-Gerald Trust Co., of Fitz Gerald, Ga., and was prompted by notice of one of the highly exaggerated stories sent out over the country about the damage done by rabbits to this county. It follows:

Fitz Gerald, Ga., Aug. 15, 1913. Dear Sir:—I see from a Chicago paper that your farmers are suffering from a raid of Jack Rabbits. I own a 10,000 acre game preserve in Georgia and keep a small pack of Beagle hounds and would like to have some of your rabbits to turn loose here. I don't think they would become a menace to the farmers in this section. If you will kindly interest yourself in my behalf and have some one write to me in reference to shipping a few to me I will be extremely obliged. Of course I will expect to pay liberally for the rabbits. I would be pleased also to send some of our famous Georgia possums and coons if they are not plentiful in your state. Faithfully yours, SYDNEY CLARE.

WON'T SURRENDER THAW TO NEW YORK

OTTAWA, Ontario, Aug. 21.—Telegraphing from Albany, Acting Governor Glynn formally demanded that the Canadian immigration authorities surrender Thaw to the New York authorities. The immigration officials answered such action is impossible until the proceedings pending at Sherbrooke are finished.

Five Killed in Cavein. RATON, N. M., Aug. 21.—In a cave-in in the old Raton tunnel E. D. Starnell and four Mexicans were killed. Efforts are now being made to reach the dead men.

FAMINE AMONG CATTLE GROWS MORE SERIOUS

Situation is Said to be Critical and Signs Point to Conditions Becoming More Acute.

SHOE PRICES WILL RISE

President of Chicago Firm Declares Cost to Consumer Will Double and Perhaps Triple Because of Scarcity of Cattle—Drouth Continues Unbroken in Middle West.

CHICAGO, Aug. 21.—Predictions that the prices of shoes to the common people will double and perhaps triple because of a scarcity of cattle were made today by Harry Selz, president of the Selz-Schwab Shoe company.

The Mexican war scare, he declared will be nothing compared to the uneasiness which will prevail unless the situation in the middle western states improves.

According to reports received from Kansas and other states today, conditions are rapidly becoming more critical and a dire famine will result. As it is, thousands of cattle have perished. The situation however, may become more acute it is feared.

There apparently are no signs that the drouth will be broken. The heat wave continues intense and much suffering is being experienced on every hand.

THAW'S WIFE SAYS HE WILL KILL HER

NEW YORK, Aug. 21.—Bitter denunciation of Harry Thaw was voiced by his wife, Evelyn Nesbit Thaw, as she was preparing to go to a theater for a matinee performance under guard.

"The man is crazy," she said. "It is absurd to think Harry loves me. He is controlled by egotism. When he learned of my success on the stage, he was furious. He wanted me in the gutter and able to get out only with his aid. When he found out I was independent he determined to escape and kill me."

REQUESTS GOVERNOR OF PENNSYLVANIA TO HELP

PITTSBURGH, Aug. 21.—A plea from Thaw at Sherbrooke, asking lawyers of the Thaw family to secure Governor Tenner's aid in his behalf was received in the form of a telegram here. Thaw declared he is a citizen of Pennsylvania and maintains he is the victim of a conspiracy.

MORE RIOTS BREAK OUT IN MICHIGAN

CALUMET, Mich., Aug. 21.—For a time yesterday afternoon military rule as a result of the copper miners' strike prevailed in Calumet when serious rioting broke out as the result of a clash between a number of deputies and strikers. The presence of infantry and cavalry prevented possible bloodshed. Soldiers patrolled the streets and kept the crowds away from the trouble.

One of the deputies, John Gasvoda, was struck on the head by a striker and suffered a serious scalp wound. He was attacked while going on duty. He fired several shots into the air, but was severely beaten before he was reached by civilians. Other deputies and secret service men were attracted to the scene but the strikers became so threatening that the troops were hastily called.

ONE MAY DIE FROM INJURIES IN EXPLOSION

LOS ANGELES, Aug. 21.—One was probably fatally and three less seriously injured when an ammonia tank at the storage plant of the Pacific Coast Beef and Provision company exploded. Max Pinch, an employe was buried beneath a brick wall wrecked by the force of the explosion and sustained internal injuries. He probably will die. Fred Stenky, Michael Bernio, and Charles Thompson are in a hospital.

Gun Explodes, Killing 3. POLA, Austria, Aug. 21.—Three were killed and five wounded, including Admiral Lanjus, as the result of an explosion while a naval gun was being tested.

ORDINANCE TO REGULATE TRAFFIC SPEED LIMIT FIXED AT 15 AN HOUR COUNCIL IS READY TO ADOPT REGULATIONS

In order that the traffic in the city shall be better regulated and the danger of accidents minimized, an ordinance was introduced last evening at the council and will undoubtedly be passed at the next meeting. Its provisions are simple and definite and, when the ordinance is passed, it is the intention of the council to have printed copies sent to every automobile owner in the county so that there can be no more pleas of ignorance.

The ordinance is based on the present ordinance in La Grande and with but one or two changes will be exactly similar. By the present speed limit of 12 miles an hour will be increased to 15 and an effort will be made to keep all vehicles to that limit. The following are the principal provisions of the ordinance as it will be when recommended for passage:

All vehicles, except in passing another going in the same direction shall keep close to the right hand curb.

In meeting, all vehicles must pass each other to the right.

A vehicle overtaking another must pass to the left and not pull back in until entirely clear of the other.

In turning corners to the right, the vehicle must be kept as near the right hand curb as practicable and in all cases between the curb and the center of the street intersection.

In turning corners to the left, a vehicle must keep around the right of the center of the intersection.

No vehicle shall cross to the other side of the street between intersec-

tions and, in turning around, must either go around the block or proceed to the street intersection and turn around the center to the left.

No vehicle shall come to a full stop on the street with its left side to the curb.

All vehicles of the police or fire department, bearing the United States mail, ambulances and funeral processions, shall have the right of way.

When two vehicles meet at a street intersection, the one to the right of the other shall have the right of way.

No vehicle shall occupy the street so as to interfere with the passage of others.

The term vehicle shall include equestrians, led horses, and anything on wheels or runners except street cars, railway trains and baby carriages.

All drivers or riders shall comply with police signals by voice or hand in starting, stopping, approaching or departing.

The maximum speed between blocks shall be fifteen miles an hour and in turning corners eight miles an hour. All approaches to the city shall be supplied with signs bearing the announcement of the speed limit.

No vehicle driven by motive power shall be left standing unattended with the motor running.

No cut-out or exhaust horn shall be used between the hours of 9 p. m. and 7 a. m.

Violations of any provision of the ordinance shall be punishable by a fine from \$5 to \$100 or imprisonment in the city jail.

WOMAN CHARGED WITH TRYING TO INTERFERE IN VERDICT OF JURY; DIGGS IS GUILTY ON 4 COUNTS

SAN FRANCISCO, Aug. 21.—A citation was issued today for Mrs. Charles D. Lane, widow of the Alaskan mining millionaire, requiring her to appear in the federal court to answer allegations made by Juror Bliss, who sat in the Diggs trial, that Mrs. Lane attempted to discuss the Diggs case with him before the jury returned its verdict.

At the home of Mrs. Lane, the process server was told she had gone to San Diego. Bliss yesterday informed Judge Van Fleet that Mrs. Lane called at his office and after discussing mining stocks told him Mrs. Caminetti was stopping at her home. Then, Bliss alleges, she attempted to discuss the Diggs case.

The twelve men who found Diggs guilty of white slavery on four out of the six counts in the indictment, were out just five hours to the minute.

May Get 20 Years. Sentence will be pronounced on Diggs a week from Monday, September 1. The maximum term of 20 years may be imposed, five years on each of the four counts. The alternative fine of \$20,000 or both fine and imprisonment may be imposed.

The case of Attorney Charles B. Harris of Sacramento, charged with conspiring with Diggs to persuade Neil Barron to commit subordination and perjury in getting Miss Warrington to testify falsely at the trial is scheduled to start August 2th.

TEN TRUE BILLS RETURNED BY JURY

Ten true bills and three not true bills constituted the first budget returned this morning by the grand jury and there are still a number of cases to be considered.

Four of the indictments were against Willis Jordan and Julia Walker, charging them jointly with the larceny of several horses. A true bill was returned against V. Dahlgren, charging him with passing a bad check upon Roy Alexander. Bud Stubler, accused of forging the name of N. E. Lee to a check which he passed on Charles Morrison, was likewise indicted. John Hodsmith was indicted on a solitary charge, he being the man who assaulted the 10-year-old Waters boy in this city. Dick Glyve, implicated in a rape case in the east end of the city, and Charles Martin, accused of spanking the lit-

tle daughter of S. W. Taylor, and another man, whose name is withheld until he is arrested, were the others who drew true bills.

Belle Oleott, former proprietor of the Stock Exchange and who was arrested on a warrant charging her with conducting a bawdy house, drew a not true bill. Though the grand jury does not offer any explanation in support of its bills, it is understood that jurors took the stand that in conducting a bawdy house, the accused had done so with the consent of the city authorities and had paid a monthly sum into the city treasurer for the privilege.

Basil Parr, charged with stealing a horse, and John Valle, accused of highway robbery by local Chinamen, were the other two to be liberated through the not true bill route.

CAMINETTI SAYS HE IS NOT DISCOURAGED

SAN FRANCISCO, Aug. 21.—"I'm not frightened or discouraged at the outcome of the Diggs case," said Caminetti, his companion in the Reno escapade, which led to their arrest, following the conviction of Diggs.

"Diggs was convicted for purchasing tickets for the party. They cannot bring that against me, so I don't see how they can get me at all. It was persuasion and enticement in the alleged indictment that I thought was the most serious charge. That was what I feared had for me at all."

Caminetti's drawn face, however, belied his expressed confidence.

CRAWFORD PROBING LEACH DEPORTATION

BANDON, Ore., Aug. 21.—Attorney-General Crawford arrived here yesterday and took testimony from various witnesses regarding the forcible deportation from Bandon of Dr. B. K. Leach, editor of a socialist publication.

Mr. Crawford is also collecting information regarding operations of the Industrial Workers of the World prior to Leach's deportation. He said he would report to Governor West on the deportation and what lead up to it.

Mr. Crawford will not start any action to remove Sheriff Gage until Governor West has had time to consider the report according to his announcement here Mr. Crawford spent Tuesday taking testimony at Marshfield.

Killed in Auto Mishap. DALLAS, Ore., Aug. 21.—Charles Black, 49, was killed and four other men were bruised when an automobile skidded and overturned between here and Salem.

PRESIDENT NOT READY TO CALL BACK MR. LIND

Has Ordered That Envoy Remain in Mexico Despite Huerta's Rejection of the Mediation Plan.

SITUATION AT DEADLOCK

Wilson is Firm in His Determination Not to Recognize the Mexican Dictator—Problem is Difficult to Deal With But Washington Officials Say Not Critical.

WASHINGTON, Aug. 21.—The placing of a sufficient number of American troops in Mexico to act as a constabulary to protect American lives and property is provided in a resolution introduced in the senate by Penrose. The resolution declares this would not be an act of war.

WASHINGTON, Aug. 21.—The Mexican situation is practically deadlocked, according to representations within official circles. President Wilson is firm in his determination not to recognize Huerta while Huerta considers the president's proposals technically are not submitted to him because he has not been recognized by the United States. The situation, officials say is difficult to deal with, but is not critical.

Wilson and Bryan are considering another conference with the senate committee on foreign relations for the purpose of breaking the deadlock.

Wilson has arrived at a decision not to recall Lind on account of Huerta's rejection of the mediation plan. Lind accordingly has been ordered to remain in the Mexican capital until further orders.

WASHINGTON, Aug. 21.—The president shortly will send a special message to congress giving the exact status of the peace negotiations this country is now attempting with Mexico. It will carry the text of the message Lind carried to Mexico City and Huerta's reply.

SEC. LANE TALKS TO PEOPLE OF IDAHO

BOISE, Idaho, Aug. 21.—Secretary Lane visited Idaho to look over the Payette-Boise and Minidoka government projects. He addressed settlers at Caldwell and Nampa and came by automobile to Boise. Here he was entertained at dinner and addressed a meeting of settlers at the Commercial club. Owing to the illness of Private Secretary Ewers whose physician prescribed a day of rest, Secretary Lane changed his itinerary. He will remain here today and will visit the Great Arrow Rock dam, one of the highest in the world, now in course of construction on the Boise river above this city. Upon his return the democrats of the state will dismiss factional disputes and entertain the noted Californian. Secretary Lane will leave at 2:40 Friday morning for Minidoka where he will address the settlers on that project and then proceed east.

BANDITS ATTACK KING AND QUEEN

BUCHAREST, Aug. 21.—Glyb bandits attacked the automobile of the king and queen of Roumania at the outskirts of the city. The chauffeur sent the machine ahead at full speed, running over several of the bandits. The king and queen escaped injury.

BUFFALO BILL'S SHOW IS UNDER THE HAMMER

DENVER, Colo., Aug. 21.—Today marked the end of "the greatest show on earth," for by order of the United States district court, the Wild West and Far East show of Buffalo Bill and Pawnee Bill is being sold in "piece lots" to satisfy creditors. A large number of circus and show men from all over the country were here today when the auction began. An effort had been made by Gordon Lillie, Pawnee Bill, to have the show property transferred to New Jersey and handed under receivers, but Judge Robert E. Lewis ruled otherwise. The show was sold in lots to attract the largest possible number of bidders. The show went to the wall here a few weeks ago when it was attached by a Chicago lithographing firm for a \$68,000 debt.
