"Where All Are Pleased"

MEN UNDERGROUND SAFE DURING FIRE

NEW YORK, Aug. 21.—Thirty-five workmen, caught 440 feet underground in a section of the Catskill aqueduct in course of construction under Washington Heights here, when fire broke out in the shaft overhead

last night were found unharmed two hours later when the fire was controlled. Their chief suffering had been from lack of air, cut off by the smoke.

The fire was a spectacular one and besides greatly damaging the massive shaft building, spread to apartment houses closely adjoining it. Two apartment buildings were burned out and others damaged.

When the fire broke out the men in the underground workings fled 150 feet to the end of the section and huddled there, terror stricken, until the air began to clear. Then one made his way to the telephone connecting with the street and told of the safety of all. Preparations were at once made to bring them to the surface.

Five hours after the fire started the men were hoisted, a few at a time, in a basket contrivance rigged up with a donkey engine.

Pioneers Parade in Cheyenne.

CHEYENNE, Wyo., Aug. 21.—A parade of pioneers who have lived in Wyoming for forty years or more was the feature of today's program of the frontier days' celebration here. Led by a dilapidated frontier coach still bearing the marks of ancient days, several hundred men and women rode through the streets in wild west garb. An Indian war dance and "bulldozing a steer" by cowboys were other features.

Buy's Motorcycle.

A. A. Ashahr, instructor in agriculture at the local high school, has purchased a Dayton motorcycle and made his initial trip on it into the country Saturday. He returned yesterday and left in the evening for Hermiston where he has charge of the Campbell ranch.

Rader Now With Lincoln.

Don Rader, former third baseman with the Pendleton team and who was sold to the Chicago White Sox, is now a member of the Lincoln team of the Western league, according to news received here. He was farmed out to that club by Chicago for seasoning.

Two Divorces Granted.

Decrees of divorce were today issued by Judge Phelps to Ethel Love Smith of this city and Ethel Mix of Freewater. The former was the wife of Bruce B. Smith and her maiden name of Kennedy is restored to her. The latter was the wife of S. W. Mix.

The Dalles Pioneer Coming.

James A. Cooper is in receipt of a letter and check from Col. James Fulton, one of the oldest pioneers of that section about The Dalles, asking him to make reservations of rooms and seats for the Round-up. The colonel has attended the past two Round-ups and is a strong booster for the show.

Held Quarterly Conference.

With Rev. Andrew Warner, district superintendent, present the quarterly conference of the local M. E. church was held here Tuesday evening and the reports of the church for the quarter presented. The church is in strong position, both financially and on the score of attendance. The annual conference for the district is to be held at Walla Walla beginning Sept. 3.

Alaskans Hear of Round-up.

That the Round-up has aroused a considerable interest in Juneau, Dawson and other Alaskan cities and will probably result in quite a few of the northerners coming down for the show this fall, is the statement of Wesley Matlock who has just returned from a business trip to that country. He is sending up a bunch of literature to support the claims which he made for the Round-up while up there.

Former Local Teacher Weds.

Among the marriage licenses issued in Portland Tuesday was one to Frank D. Carruth of Watsburg, Wash., and Miss Hilda M. Brandt of Portland. Mr. Carruth was formerly an instructor in the local high school, for the past two years has been principal of the Stanfield schools and last spring was elected to a similar position at Watsburg. His bride finished the University of Oregon last spring.

Was a "Rotten Show," He Says.

Johnny Baldwin, well known Round up trick rider, who arrived back in Pendleton yesterday from Winnipeg where he participated in the Stampede, declares he was misquoted when he said that the Canadian show was a good show. It was so far below the Round-up he says, that there is no comparison. He declares it was an impossibility for a northwest contestant to win in the events, the Canadians making practically a clean sweep of the money. Blanche McCaughey, the Pilot Rock girl, he declares was robbed of prize money in the bucking contest, the winner having been thrown by one horse and then supplid with an easier mount.

WALLS DANGEROUS; MAY BE TORN DOWN

With a full council in attendance for the first time in several weeks, there was nothing but routine business up for consideration at the meeting last evening.

Fire Chief Jack Childreth appeared to ask for instructions relative to the walls left standing after the Pendleton academy fire. He declared a contractor had expressed the opinion that they were dangerous. The street committee was instructed to investigate the matter and, if the walls were found to be dangerous, to notify the owner to tear them down. Should the owner fail to comply, the walls will be condemned.

Upon the declaration of John Hailey that the sewer which he and a number of other property owners had put in on Raley street had been torn out when the grade was lowered, the council instructed the sewer committee to connect these houses up with another sewer.

The bond of J. C. Kinnerly for the fulfillment of his contract to construct the High and Fifteenth street sewers was accepted.

Councilman Montgomery called attention to the almost impassable condition of the road leading from the end of Jackson street to Walters Mill and Mayor Matlock, who owns the land across which the road passes, gave his permission for the city to straw it.

A resolution approving a contract between the O. W. R. & N. and the water commission for the running of the water pipe line across and under the company's right-of-way at Thorn Hollow for a period of 30 years for a consideration of 19 cents a month was passed.

John Vert communicated with the council relative to the petition recently submitted by College street residents asking that the rock crusher and wood saw of the Oregon Lumber Yard be declared a nuisance. The street committee promised to make a report at the next meeting.

Upon motion by Councilman Kirkpatrick, the Catholic sisters were ordered paid \$50 as the quarterly payment for the use of the public hitching grounds.

William Lane appeared before the council to ask why Mr. Keen, the street sprinkler for whom he is surety, has been docketed \$8 in July. The matter led to a dispute between Keen and Street Commissioner Heathman and was finally left to the street committee for settlement.
