Addison Bennett, pioneer newspaperman who is now writing special stories for The Oregonian, and Charles Wan of the same paper, are registered at the Bowman.

HIGH TAX ON LARGE INCOME DEFEATED

WASHINGTON Aug. 27.—Attempts to increase the limit of the proposed income-tax law on the larger incomes failed in the senate yesterday when Senators Borah, Bristow and Cummins led an effort to amend the income-tax section of the democratic tariff bill.
Senator Borah offered an amendment increasing the graduated tax on larger incomes until it would have reached 5 per cent on those above \$100,000 a year. The democrats, aided by ten republicans, defeated the amendment, 47 to 17.
A more radical provision, with a maximum tax of 10 per cent on incomes of \$100,000 or more, will be submitted by Senator Bristow when the debate is resumed today.
In the pending bill the rates on larger incomes are:
One per cent on incomes from \$20,000 to \$50,000; 2 per cent from \$50,000 to \$100,000, and 3 per cent above \$100,000.
Senator Borah proposed this "additional tax":
One per cent on incomes from \$10,000 to \$50,000; 2 per cent from \$50,000 to \$80,000; 3 per cent from \$80,000 to \$100,000; 4 per cent from \$100,000 to \$150,000, and 5 per cent above \$150,000.
The democrats voted solidly against the increase and were joined by Senators Clarke of Wyoming, Gallinger, Lippitt, Lodge, Oliver, Penrose, Root, Smoot, Warren and Weeks from the republican side.
The senate reached the income-tax section of the tariff bill unexpectedly late in the afternoon after finishing the first reading of all the tariff schedules in the bill. The debate is expected to continue for a day or two.

STATE MAY NOT BUY PLANT

Leasing of Printing Shop and Contract Work Considered.
SALEM, Ore., Aug. 27.—A state official is responsible for the statement that the state printing committee may not purchase a printing plant but will lease a small one and let a large part of the state printing out by contract. George M. Orton, of Portland; Carey Hayter of Dallas, and George Putnam of Medford, were to have started the appraisal of the plant of the late Willis Scott Dunlavy but not one of them put in an appearance. They were appointed by the state printing board to do the work. Announcement was made that they might start work Friday or Saturday.
It is probable that the board will decide the matter when Governor West returns from his summer home at Escala. State Printer Harris said today that he had no idea what the board would do and that he could not take active charge until a plant is purchased or leased.

Reward Offered for Lost Horses.
Lost, about July 9th, at Pendleton, Ore., one black mare, weight about 800 pounds, with white spots on hips, branded star on shoulder, roached mane; also one chestnut sorrel mare, weight about 800 pounds, white spot in face, one whit hind foot. Will pay \$10 reward for return of each of above described animals to the O. K. Feed Yard at Pendleton, Oregon.
CLARENCE ADAMS, Pilot Rock, Ore.

Caminetti Jury Completed.
SA FRANCISCO, Aug. 27.—The jury to try Caminetti on a charge of violating the white slave law, was completed at noon.

TEACHERS WILL BE INSTRUCTED

BUFFALO, Aug. 27.—The establishment of courses in sex hygiene for teachers in universities, colleges, normal schools and grammar schools and compilation of text books suitable for school use was urged by speakers today at sessions of the Fourth International Congress on School Hygiene presided over by Dr. Charles W. Elliot, president emeritus of Harvard university, and president of the congress.

Dr. Thomas M. Ballot, dean of the School of Pedagogy, at New York University; President William Truett Foster, of Reed College, Oregon, and Dr. Hugh Cabot of Harvard University, spoke on the subject of instruction for teachers and preparation of text books in sex courses. Attention was called especially to the report of the American Federation For Sex Hygiene which favors the use of nature study and biology as a medium for sex instruction and which opposes instruction in the schools by sex specialists. It was argued that children could not satisfactorily go into the details necessary without possibility of offending sensitive natures of the children. On the other hand, it was pointed out, teachers specially trained in sex hygiene could, with their knowledge of instruction, be made to be better fitted for this somewhat delicate task.

One of today's features was the discussion of oral hygiene in a symposium arranged by the National Mouth Hygiene Association. Attention was called to experiments worked out in the Cleveland schools, where, it was declared, every good result have been obtained.

Dr. J. E. W. Wallin of the University of Pittsburg, called attention to the need of municipal provision for psychological clinics for the purpose of classifying school children mentally. "Only thus," said Dr. Wallin, "can we economically and scientifically train all the children of all the people."

Under the topic "Health Direction in the Public Schools," Dr. Clinton P. McCord, medical inspector of schools for the city of Albany, remarked that the health director should be the officer to keep the physical needs of the children before the public and educational authorities. "He should act as an expert for the board of education," said Dr. McCord, "and we should pass on the physical fitness of candidates for the teaching force."

SEATTLE REPORTER SAYS HE WAS KIDNAPED

WALLA WALLA, Wash., Aug. 27.—Charging that he was kidnaped from the Seattle jail, O. R. Blystone, a Seattle reporter, who arrived in custody of a traveling guard to serve a sentence in the penitentiary for an al-

leged forgery, was taken back to Seattle.
Before Blystone reached here Warden Drum received a telegram asking that he be not confined in the penitentiary but turned over to the county officials.
Blystone says he was taken hastily from the Seattle jail and that as soon as his attorneys learned of it they took steps to prevent his commitment to the prison.
A bachelor guesses that most of the women haters are married men.
