MANY STATES HELD IN GRIP OF COLD WAVE

Blizzard Rages Through Middle West and Along the Atlantic Seacoast—Vessels Endangered.

SIX HAVE LOST LIVES

Earliest Storm in Years Catches People Unready to Meet Severe Weather—All Traffic on the Lakes is Suspended as Winds Lash Waves to Fury—Crew of Schooner Taken off in Atlantic by Liner—Many Small Craft Are in Danger.

CHICAGO, Oct. 21.—A blizzard has been raging since daybreak throughout most of Illinois, Michigan, Indiana, Wisconsin, Minnesota and Iowa. The cold wave covers the entire central west from the lakes to the gulf, though to the southward the weather is less severe. Because of the storm all traffic on Lake Superior is tied up. Two disabled boats were towed into port here today. Lake Michigan also has been rendered dangerous because of the storm and traffic is suspended. Two inches of snow have fallen here and all trains have been behind their schedule. It is known that six lives have been lost thus far from the blizzard. It is feared that fuller reports may increase the list. The storm is the earliest that has happened in many years and people were taken completely by surprise and not prepared for such severe weather.

NEW YORK, Oct. 21.—A 60 mile gale raged along the Atlantic seaboard last night and today has not abated. Several vessels have been reported in distress. It is feared that many small craft have been wrecked. The crew of the schooner Marjorie was picked up by a liner as the vessel was sinking 200 miles off shore and brought here.

BOSTON, Oct. 21.—Many streets are impassable today from wreckage which was swept into them last night by the high winds. Wires everywhere are down. Big trees were snapped off by the force of the gale. Streetcar traffic is demoralized. Reports from the interior of the state show that the storm wrought havoc there.

MAN IS FOUND DEAD IN OUTHOUSE AT ECHO DEPOT

CEREBRAL APOPLEXY GIVEN AS CAUSE BY EXAMINING PHYSICIAN.

(Special Correspondence.) ECHO, Ore., Oct. 21.—Jack Jones, a transient laborer, was found dead here last evening in an outhouse near the O-W. R. & N. depot. He had been drinking and Dr. Dorn who examined him after death, pronounced death due to cerebral apoplexy brought on by alcoholism. A coroner's inquest conducted today by Louis Scholl, justice of the peace, returned a verdict to that effect, absolving anyone from blame for the death. The jury was composed of E. L. Adams, J. Frank Spinning, O. A. Carden, D. E. Elder, John Todhunter, and J. W. Coplinger. The dead man was about 54 years of age and had been around Echo for several months. He was of Spanish or Mexican descent and of a hobo disposition. He had worked some on the Furnish ditch and would get drunk upon securing any money.

To Try 2000 Mile Flight. PARIS, Oct. 21.—With Henry Ross as a passenger, Aviator Oelierre Bancourt ascended from Issy in a biplane and a dense fog to attempt a 2,400 mile flight to Cairo.

COURTS TO HOLD SESSIONS IN CITY IN NEXT 2 WEEKS

SUPREME TRIBUNAL CONVENES MONDAY AND FEDERAL COURT ON NOV. 4.

Pendleton will be the scene of unusual court activity during the next two weeks, as both the supreme court of the state and the federal courts will hold their regular sessions within that time. On next Monday the supreme court will convene here to consider various Oregon cases and on Tuesday, November 4, Federal Judge R. S. Bean will open court in this city.

Assistant Clerk Lee Moorhouse's docket shows that there are 22 cases to come before the supreme court at the session next week but of that number Umatilla county contributes only one. The long fought case of Bergevin Bros. vs Matt Meagrove, is the second one on the docket. Bergevin Bros. are the appellants and they are represented by D. W. Bailey and R. B. Johnson, while the respondents' counsel consists of R. J. Slater, Raley & Raley and James A. Fee.

The entire court, consisting of Chief Justice Thomas A. McBride and Associate Justices Frank A. Moore, Henry J. Bean, Geo. H. Burnett, Robert Eakin, William M. Ramsey and Charles L. McNary, will be present. This will be the first visit of Justices Ramsey and McNary, they being the newly appointed members of the court.

Columbia George Trial. The principal case to come before the federal court is the murder case, the defendant of which is Columbia George, the notorious Indian who, it is alleged, struck down Timot, an aged squaw, on the reservation more than a year ago. The government has worked up a strong circumstantial case against him but the defense will make a hard fight to save him from the gallows. Col. J. H. Raley is counsel for the accused.

GOVERNOR'S CHAIR IS ONCE MORE THE AIM OF SULZER THINK FRIENDS

HIS NOMINATION TO ASSEMBLY OPENS WAY FOR HIS "GOING BACK."

ALBANY, N. Y., Oct. 21.—A few minutes after the progressive convention met in New York last night that nominated him for the assembly, William Sulzer issued a statement, telling why he had "consented to come back to Albany."

Throughout the evening he was in communication by telephone with progressive leaders in New York. There never was any doubt but that he would have the nomination if he wanted it, he declared, nor does he doubt that the first of January will see him back where he began his political career 20 years ago. He and his friends also are convinced that he will go from there to the speakership and, thence back to the governor's chair.

His statement follows in part: "In view of the urgent pleadings of my life-long friends and the request in writing from more than half of the registered voters of the sixth assembly district, regardless of party affiliations, begging me to accept the nomination for member of the assembly to further the cause of honest government, I have consented to come back to Albany as a member of the assembly for the good that I can do.

"I shall be a non-partisan candidate, having no axe to grind and no motive or purpose, other than to do what I can for the cause of good government—the struggle for which brought about my removal from the governorship by an arrogant boss whose dictates to do wrong I defied."

Obviously Sulzer was well pleased with his nomination. He walked up and down his office in the mansion, smoking a cigar, smiling and telling how he intended to fight his enemies to the last ditch.

GIRL WARDS OFF PANIC. Theater Fire Nearly Quenched Before Audience Learns. SAN FRANCISCO, Oct. 21.—A young girl pianist employed at a local moving picture theater prevented a panic among the spectators when without attracting the attention of the audience she notified the management of a fire in the picture operators' room.

The blaze was extinguished almost before the audience realized there was a fire. The girl continued playing while the audience was asked quietly to leave the house.

The man who is anxious to start an argument can always find another misguided person willing to help him.

CONCRETE WALK TO STATE HOSPITAL A POSSIBILITY SOON

CO-OPERATION OF STATE AND CITY OFFICIALS WILL MEAN IMPROVEMENT.

The construction of a good concrete sidewalk from the western city limits to the eastern Oregon state hospital will probably result from co-operation between the state and city authorities. Supt. W. D. McNary has signified the willingness of the state to build the walk from the hospital to the city limits if the city would guarantee that the walk would be continued to connect up with the terminus of the present walk and Mayor Matlock is favorably disposed toward the proposition and it will probably be presented to the council at an early meeting.

At present the city walks do not extend to within several blocks of the city limits and from there on to the hospital one has the choice of walking upon the railroad track or county road. A good walk is almost an essential for the hospital is within easy walking distance and many people, out for a stroll, would be glad to visit the hospital grounds if a good walk were provided.

Supt. McNary also plans to hard-surface all of the driveways on the hospital grounds as soon as money is available for that improvement. The driveways are now practically all laid out and the scheme is very artistic as well as practical. For instance, one long driveway has been laid out in a straight line from the power house west to the dairy barns and eventually rows of electric lights will illuminate this way. Light posts will also be erected at intervals on all of the other driveways.

LA GRANDE HIGH WINS FIRST GAME OF SEASON

LA GRANDE, Oct. 21.—La Grande won their first football game of the season, Saturday, when they conquered Union 17 to 6. The county capitalists managed to run up a total of points sufficient to win through goals scored off Union by favorable "breaks" and by a well-directed place kick. One touchdown came on an intercepted forward pass. Conkey scoring, one came from a fumble which Garity picked up behind Union's line and ran for a touch down, and the pretty place kick. Union's touchdown was made by straight football.

10 YEARS FOR AUTO THIEF. California Judge So to Treat All Stealing Joyriders in Future. LOS ANGELES, Cal., Oct. 21.—The extreme penalty for grand larceny—10 years in the penitentiary—was imposed by Judge Willis, of the criminal court, on G. S. Graham, convicted of having stolen an automobile. The court severely arraigned Graham.

The joyriding thief is a menace to the public," he said. "He deserves no sympathy. In the future all such thieves convicted in this court will be sentenced to 10 years in the penitentiary."

SIR LIONEL'S ACT IS DISPLEASING TO GREY

BRITISH FOREIGN OFFICE TRIES TO MAKE HUERTA VISIT CLEAR.

LONDON, Oct. 21.—That the British foreign office is genuinely displeased with Sir Lionel Carden, the British minister to Mexico, for offending President Wilson was stated today on high official authority. The foreign office would have preferred to keep secret the fact that American Ambassador Page's call on Foreign Minister Grey was to ask whether it was under the foreign office's instructions that Sir Lionel presented his credentials to Huerta on the day after Huerta proclaimed himself dictator.

It was said Grey was more than willing to have it known in America that he told Page the selection by Sir Lionel of the time he did for visiting Huerta was a mere "coincidence."

BRAZIL GREET'S ROOSEVELT. Government Prepares for Entertainment of Colonel. RIO DE JANEIRO, Oct. 21.—The steamer Vandyck with Colonel Roosevelt aboard, arrived off Rio Janeiro but owing to tempestuous weather, according to a wireless dispatch, she did not enter port until midnight. Colonel Roosevelt and his party will then come ashore.

Elaborate preparations for the reception of the ex-president have been completed. Apartments in the Gunabara Palace have been placed in readiness for him as the guest of the government.

MURPHY WILL NOT REPLY TO CHARGES MADE

Maintains Dignified Attitude Toward Sulzer and Refuses to Comment on Accusations.

M'CALL'S NAME SPOKEN

John A. Hennessy Declares in Speech That Tammany Candidate for Mayor Was Go-between for Murphy and His Political Deeds—McCall Issues Stern Denial but Accusation is Conceded to Have Helped Cause of Fusion Man.

NEW YORK, Oct. 21.—The story told yesterday by William Sulzer that Charles F. Murphy, the leader of Tammany, attempted to control the administration, was supplemented last night by a statement from John A. Hennessy, former graft investigator, John A. Hennessy, and stirred up fully as much commotion as the deposed ex-ecutive could have wished.

Murphy, not being in the field for office, could afford to maintain a dignified attitude, refusing to comment on Sulzer's accusations.

It was different with Edward E. McCall, Tammany's nominee for mayor, whom Hennessy named from a platform in Cooper Union as a "go-between" for Murphy in the latter's political deals.

The vehemence of the denial to this charge showed how deeply he felt the accusation. Politicians generally said that bringing McCall's name into the controversy would certainly be a big help to John Mitchell, the fusion candidate for mayor.

Sulzer, despite his removal, has developed a strength that has surprised even his friends. He received a big ovation last night following his nomination as assemblyman on the progressive ticket and it is considered a certainty that he will be elected.

CONFESSED SLAYER THINKS HANGING IS EASY WAY

SAN FRANCISCO, Oct. 21.—Said Al Kahn confessed slayer of Ross Domingo, whose body was found in the bay recently, appeared pleased when he was told that he might be hanged. The punjabi is apparently reconciled to his fate but asked Sheriff Vesie what method would be used in punishing him.

"In India," he said, when old men murderers are put to death here, they would be buried in my neck in sand and then my head would be cut off by the executioner. The law in California appears more merciful to the condemned man."

SOCIALIST RESOLUTION AT EPISCOPAL CONVENTION

NEW YORK, Oct. 20.—A practical endorsement of socialism is provided in a resolution introduced by Rathbone Gardner, a lay delegate, in the house of deputies of the Episcopal church at the convention this afternoon.

The resolution declared for a "new social order in which there shall be a more equitable distribution of wealth, with the elimination of the present gross human waste which is the cause of poverty." The resolution was referred to a committee without discussion.

ENDS HIS LIFE WHEN HE HEARS THAT WIFE'S DEAD

PORTLAND, Oct. 21.—Hearing that his wife, whom he shot Saturday night, was dead, Charles Haas attempted to kill himself with a revolver at the Globe Hotel and is in a serious condition. The attempt at self-destruction revealed the hiding place of the man for whom detectives were searching. His wife died last evening.

PEOPLE ANXIOUS TO GIVE SUPPORT TO LIBRARY

WEST END OF COUNTY RESIDENTS ARE DEEPLY INTERESTED IN NEW SCHEME.

Winning the people of the west end of the county to support of the county library plan Miss Marvin, state librarian, and local women secured strong endorsements for the plan yesterday and today they are covering the portion of the county between here and Walla Walla.

Yesterday the party consisting of Miss Marvin, Mrs. Lina H. Sturgis, Mrs. E. P. Marshall and Mrs. J. S. Landers held meetings at Hermiston, Stanfield and Echo. In each place the meetings were attended by representative people and close attention was given to the explanation of the county library plan. So clearly did Miss Marvin set forth the benefits of the scheme that approval was given in each instance. At each meeting a petition asking the county court to vote the small tax needed for the library was signed by those in attendance and then left to be circulated among the rest of the people of the community. These petitions will be forwarded to the county court.

Today the library party is going eastward and meetings are being held at Adams, Athena, Weston, Milton and Freewater. Tomorrow, if Miss Marvin is able to spare the time, Helix and Pilot Rock will be visited.

DEPOSED GOVERNOR IS SAID TO HAVE ACCEPTED NOMINATION FOR PLACE.

NEW YORK, Aug. 21.—William Sulzer, impeached as governor of the state, was nominated for the assembly last night by the progressives of the sixth assembly district. Mr. Sulzer in 1888 began his public career as a member of this branch of the state legislature.

Mr. Sulzer has agreed to accept the nomination, it was announced at the meeting where he was chosen as the candidate. Max Steindler, progressive leader in the sixth assembly district, who placed the former governor's name in nomination, said Mr. Sulzer reached him by telephone from Albany, inquiring if he had been designated. Mr. Steindler replied in the affirmative. He said he asked Mr. Sulzer if he would accept and Mr. Sulzer replied he would gladly do so.

The nomination of the impeached executive was brought against the desires of the state and county leaders of the progressive party. The sentiment throughout the state and other states generally was against the move, according to State Chairman Theodore Douglas Robinson and County Chairman Francis W. Bird.

Mr. Bird in a letter to Mr. Steindler before the meeting began cautioned him regarding "the wisdom of nominating Mr. Sulzer."

"Of course it is a fundamental progressive principle that the settled will of the people in any district should govern in the making of nominations," Mr. Bird wrote. "Progressives everywhere will recognize that the committee must act in accordance with the settled will of the people of that district."

QUIET REIGNS BUT OUTBURST APPEARS NEAR

Trouble is feared as soon as he sets foot on Mexican soil—Diaz Will go Directly to the Capital Which Move is Taken to Mean That He Will Take the Offensive Against Huerta—Many Troops on Guard at the Palace.

MEXICO CITY, Oct. 21.—Quiet reigned here today, but it is the quiet which goes with fear. Trouble is expected soon after General Felix Diaz sets foot on Mexican soil. Diaz didn't arrive at Vera Cruz yesterday as expected, but is due this afternoon. His friends said he would come directly to the capital. Such a move is interpreted as indicating his determination to take the offensive against Huerta immediately. Huerta is in seclusion. The national palace is heavily guarded.

WASHINGTON, Oct. 21.—President Wilson and Secretary Bryan conferred an hour today concerning the Mexican situation. A cabinet meeting followed. The consensus of opinion was that important developments are near in Mexico, Diaz' return there promising a speedy crisis.

President Wilson cancelled an engagement today to attend the Southern Commercial Congress at Mobile, October 26, the day of the election in Mexico and Bryan also cancelled an engagement because of the possibility of sudden happenings in the southern republic.

SPECIAL TRAINS CARRIED CROWDS TO THE ROUND-UP

CHARTERED CAR PARTIES ALSO POPULAR TO THE LAST ROUND-UP HERE.

Special parties to the Round-up are becoming popular. Over the Northern Pacific lines alone there were a number of these parties, according to figures compiled by the Northern Pacific passenger department. In a letter to R. W. Rittner, vice president of the Round-up, L. M. Conry, traveling passenger agent, gives a list of special cars from different points.

"In addition to the special trains out of Spokane, Portland, Seattle and Southwestern Washington," he writes, "we had the following chartered car parties who took in the Round-up during the three days: From Aberdeen two sleepers, 56 people; from Kennewick, one sleeper, 39 people; from North Yakima, one sleeper, 38 people; from Prosser, 1 sleeper, 33 people; from Everett 1 sleeper, 29 people; from Corvallis 1 sleeper, 25 people."

In addition to this also, the N. P. ran four extra sleepers from Seattle and Tacoma on Wednesday night and one each from Spokane and North Yakima. On Friday night one extra came out of Spokane, one from North Yakima and one from the sound.
