HANSEL PAYS PENALTY WITH HIS LIFE FOR KILLING TAYLOR

Condemned Man is Carried to Gallows By Guards After He Collapses on Way to Death Chamber.

MADE ATTEMPT AT SUICIDE

Convicted of Murder in Killing Judge Taylor of Astoria, Whom He Slew Because Taylor had Drawn Divorce Papers for Hansel's Wife—Makes No Last Statement.

SALEM, Ore., Nov. 14.—Oswald Hansel was hanged at 8:37 o'clock this morning at the state penitentiary for the murder of Judge Frank Taylor of Astoria. Hansel practically had to be carried to the gallows' platform. He was pronounced dead at 8:55.

Hansel bore up bravely as the warden read the death warrant to him in his cell but as he reached the top of the stairs leading to the death chamber he utterly collapsed. Two guards had to carry him to the chamber. He died without a word.

Hansel attempted suicide three mornings ago by cutting his wrist with a piece of tin but he became frightened and screamed just in time for the prison physician to stop the flow of blood from a lacerated artery.

Hansel shot Judge Taylor to death at a railroad station in Astoria on September 14. He gave as his reason for the murder that Taylor drew up divorce papers for his (Hansel's) wife, making charges against him instead of trying to effect a reconciliation.

BIG DIAMOND SWINDLE IS BELIEVED TO BE UNCOVERED

DISAPPEARANCE OF YOUNG WOMAN LEADS TO INVESTIGATION BEING MADE.

NEW YORK, Nov. 14.—With the disappearance of a young woman who was received in fashionable houses on Fifth avenue and the discovery by the police of many diamonds in Bowery pawnshops a diamond swindle that amounted to more than \$100,000 is believed to have been uncovered. A man with whom the young woman formed a partnership for the sale of diamonds on memorandum is also missing. The grand jury will begin an investigation. The activity of the police in the case caused the arrest Saturday of Francis Coeka, a diamond broker, charged with withholding diamonds entrusted to him by another broker.

13 AT LUNCHEON IN HONOR OF PRESIDENT'S DAUGHTER

MISS JESSIE WILSON WILL ALSO BE THE 13TH WHITE HOUSE BRIDE.

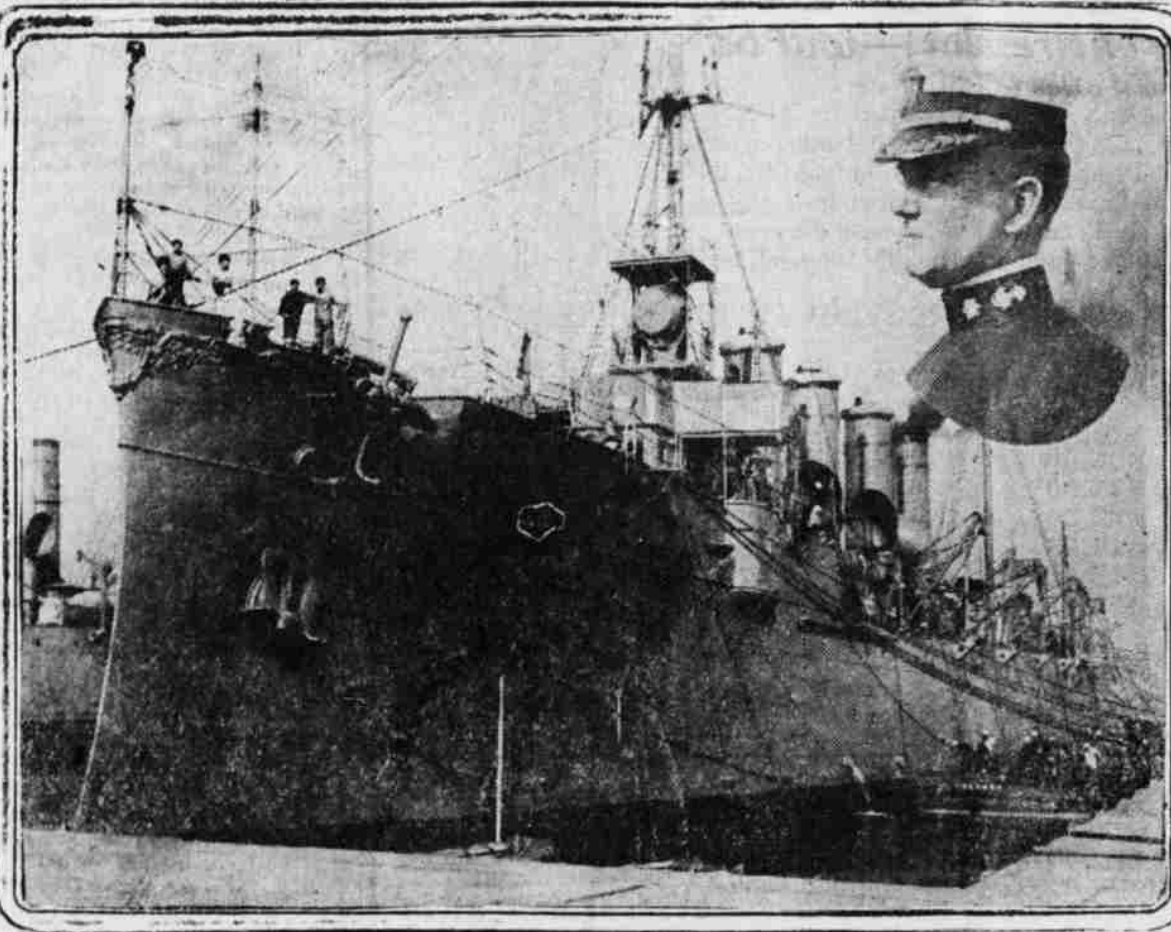

WASHINGTON, Nov. 14.—Miss Jessie Wilson, the White House bride-to-be, was honor guest at a luncheon given by Mrs. Josephus Daniels, wife of the secretary of the navy, at her home "Single Oak." It marked the first of a series of similar functions to be given by the wives of cabinet officers in compliment to Miss Wilson. Thirteen guests sat down to the luncheon table and Miss Wilson is to be the 13th bride of the White House. This is not by design, however, as the Daniels table seats just 14.

A feature of the occasion was the presentation by Miss Genevieve Clark daughter of Speaker Clark, to Miss Wilson of a small stone cross attached to a chain. It came from Virginia, where the stone is regarded as a "luck piece."

The guests included Misses Margaret and Eleanor Wilson, sisters of the bride to be; Miss Genevieve Clark; Mrs. Richard Hargreaves, daughter of the Secretary of State and Mrs. Bryan; Miss Nona McAdoo; Miss Lucy Kyle Burleson; Miss Agnes Wilson; Mrs. Franklin D. Roosevelt; Miss Ruth Hall; Miss Mary White of Baltimore; and Miss Belle Bagley.

Two Killed by Gas. SAN FRANCISCO, Nov. 14.—Daniel Sullivan, a retired painter, and his wife, 64 years old, were found dead from gas asphyxiation in their home. It is believed that in turning off the electric lights, Mrs. Sullivan's night dress caught in the gas jet and partly turned it in.

SCOUT CRUISER CHESTER WHICH HAS ARRIVED IN MEXICAN WATERS AND ITS COMMANDER CAPT. MOFFETT

VERA CRUZ, Nov. 14.—The United States scout cruiser Chester arrived here from Philadelphia yesterday morning. More than 100 American refugees are now here and many of them embarked on the Segurana for Havana. Others are awaiting other steamers. The Chester, according to announcement made after the vessel left the Philadelphia navy yard, will be especially valuable in Mexican work because it can go into shallow water, whereas the great battleships cannot go in close to shore, and it was said the Chester will be used in taking Americans out of Mexico. The cruiser is one of the fastest vessels in the American navy. Captain Moffett is in command.

PENDLETON-BAKER HIGH SCHOOLS IN FOOTBALL CLASH

Two Teams Battle at Round-Up Grounds This Afternoon for Supremacy—Both Well Matched.

This afternoon at Round-up Park the football championship of eastern Oregon is being decided as the twenty-two players representing the best that the Pendleton and Baker high schools have to offer clash in their annual gridiron battle. The teams are about evenly matched for size and weight and the contest gives promise of being a thrilling one before the final whistle blows.

The Pendleton and Baker rivals entered the game with a wholesome respect for each other, for the experience of past years has shown that each team plays its best game against the other. The dope sheet has favored Pendleton since Baker's defeat by La Grande a week ago but all dope has been upset so often in the battles of these teams that it has been more or less disregarded in the anticipation of this event.

A big crowd is present to witness the struggle and the local students are making a big din by way of expressing their enthusiasm. Last evening they danced about a big bonfire on the high school hill and followed with a parade through the principal streets.

The game this afternoon is to be refereed by Coach Charles Reynolds of the La Grande team.

The following is the way the two teams faced each other at the opening of the game:

Huerta's Retirement is Said to be Near

WILSON IS CONFIDENT THAT END IS NOW ABOUT TO COME

Dispatches From Mexico Show That Dictator Considers it Hopeless to Defy the United States.

WASHINGTON, Nov. 14.—President Wilson and Secretary of State Bryan were reticent today concerning Mexico but they seemed satisfied with the situation. Neither concealed the fact that what was feared most was the premature publication of developments. It is known that the administration is sure of the retirement of Huerta although it does not appear yet to have been decided when this shall take place or in what manner.

The main point in the situation today was that dispatches from John Lind and Charge d'Affaires O'Shaughnessy showed the Mexican dictator had about decided it would be hopeless to try to defy the United States when the latter is backed by the other world powers.

VERA CRUZ, Nov. 14.—The scout cruiser Chester which arrived here, is supposed to have been sent to take John Lind to the United States when his mission in Mexico is finished. The arrival of the vessel was interpreted to mean that either Huerta is on the point of surrendering or that a final break in relations with him is near.

WASHINGTON, Nov. 14.—One hundred pounds lighter than when he left the White House, former President Taft called at the executive offices today to pay his respects to President Wilson. Mr. Taft is in Washington to lecture before the national geological society.

APPEAL MADE TO WILSON TO HELP SETTLE TROUBLE

Strike of Men on Atlantic Division of the Southern Pacific Railroad Grows Serious.

WASHINGTON, Nov. 14.—Senators Ransseld and Thorburn appealed to President Wilson today to take immediate action toward settling the strike on the Southern Pacific, telling him that if it continues long, industries in Louisiana and Texas will face ruin. The president assured them the department of labor would do everything possible to settle the dispute.

NEW ORLEANS, Nov. 14.—Following last night's walkout of 2500 train engineers on the Atlantic division of the Southern Pacific the first attempt to move a train today brought a shower of stones and brickbats from strike sympathizers. No one was injured.

Commercial organizations here and in Texas are uniting in an appeal to the president to intervene as the strike has tied up a government shipment of mules and ammunition to the Mexican frontier, as well as the movement of cotton and sugar crops. The strikers claim the unions are unable to force the contracts with the company and could not enforce a satisfactory settlement of the 67 grievances.

HOUSTON, Tex., Nov. 14.—That the strike on the Atlantic division of the Southern Pacific will grow unless the company speedily comes to terms was predicted by union railroad men. They are of the opinion that the Houston and Texas Central railroad will be the next line tied up.

Only one train is left here since the strike began. The company is planning to man its trains with office employees who have risen from the ranks of trainmen.

SUICIDE BELIEVED TO HAVE STOLEN ARMY FUNDS

MAN TAKES LIFE AFTER HAVING "GOOD TIME" WITH MONEY EMBEZZLED.

SEATTLE, Wash., Nov. 14.—A man who committed suicide at a cheap hotel in Yesterday, where he registered under the name of W. B. Walker of San Francisco, is believed by the police to have been an embezzler of United States army funds. A woman companion of Walker's told the police she had joined him at San Francisco and that on the way to Seattle he told her he was a purchasing agent at the Presidio, San Francisco, and had got away with funds belonging to the government. The woman said she did not know his real name.

The woman, who said her name was Gertrude Lynn, told the police she met Walker about November 1. He told her that he was a quartermaster sergeant in the United States army and had stolen money belonging to the government, with the intention of having a "good time," after which he intended committing suicide. He asked her to join him and they came to Seattle together, arriving here November 5 after stopping one day in Portland.

Suicide Is Identified.

SAN FRANCISCO, Nov. 14.—The soldier who killed himself in Seattle was identified by description by the officers of the Presidio as Willis R. Corp, a sergeant overseer of the quartermaster corps, who was being sought as a deserter after he had embezzled \$170 from civil employes at the post. Corp left the reservation on October 31.
