PINCHOT MEN WIN FIRST ROUND IN WATER FIGHT

FEDERAL CONTROL OF RIGHTS HAS SLIGHT ADVANTAGE IN OPENING CONTEST.

WASHINGTON, Nov. 20.—Proponents of federal control of water power rights, led by Gifford Pinchot, former chief forester, Henry L. Stimson, former secretary of war, and Walter L. Fisher, and James R. Garfield, former secretary of the interior, won a victory in the national conservation congress here in the first test of strength on the paramount issue of the assembly.

By a vote of 484 to 154 a motion to refer to the resolutions committee that portion of the report of the committee on waterways which was unanimously voted down, and the report subsequently adopted without a roll call. The test of strength came when Mr. Stimson to adopt the unanimous report, E. T. Bryant of Tennessee, championing the cause of state control of water rights, moved that the report go to the committee. The vote followed a day of lively debate in which the issue clearly defined was federal or state control of waterway development in the future.

URGES IMPROVEMENT IN INLAND WATERWAYS

JACKSONVILLE, Fla., Nov. 20.—Representative Charles Lathicum, of Maryland, was elected presiding officer of the convention of the Atlantic Deeper Waterways association. "Canal Approaches to Baltimore, North and South" was the topic chosen by Lathicum for his address. He pleaded with the members to make a concerted effort to secure appropriations and legislation for the improvement of inland waterways. He pointed out that streams now having little relation to the commercial world could be made extremely valuable with reasonable expenditures of money.

"It is unnecessary to recall to your attention," said Lathicum, "the recent appropriations for inland streams having little relation to commercial needs and based on local considerations and on questions entirely apart from commerce. It is not these that will prove a material aid to trade, but there are many other small tributaries which would prove of immense value if opened up to commerce. If the needs of commerce and the demands of existing traffic are to be given due consideration we must raise our voices before congress."

ROBBER BAND WORKS IN COLUMBIA GORGE

NEGROES CAUSE FEAR AMONG RESIDENTS — ESCAPED CONVICT LEADER.

HOOD RIVER, Ore., Nov. 21.—A gang of negroes is causing officers of towns in the Columbia gorge and the O-V R. & N. detectives to be particularly vigilant. It is thought that the leader of the gang is big Mike Donnelly, the negro who recently escaped from the Walla Walla penitentiary. This suspect was captured Tuesday afternoon by railway detectives near Mitchell siding, west of the city, and escaped after having his arms fastened behind him by handcuffs.

The railway detectives were on the trail of men who had been breaking open lockers. School children at the Columbia school, near Menominee, west of this city, reported that a negro with a gun had been seen near there shooting squirrels. The officers went to the scene on a speeder and caught their man, a big six-foot negro. They were returning to town, having a pushcar loaded down with articles of groceries and hardware that had been stolen from the store of D. McDonald Sunday night and were found cached at his camping place. Near Ruthon an approaching train made it necessary for the officers to remove the pushcar from the track. The instant their eyes were off him the big negro made a break for the bushes. A shot was fired at him in the hope that he would be frightened. All efforts to find him that night proved vain, and the local officials securing bloodhounds, joined in the chase.

Good Time Now For Blood Health

Energies Are More Keen and Respond Quickly to Help.

If you are down with rheumatism; if you sneeze, feel chilled, are choked with catarrh, have a cough, or your skin is pimply and irritated with rash, eczema, or any other blood disease, first remember that all the ills of life come from impure blood. And you can easily give your blood a good thorough cleansing, a bath by using S. S. S. There is no need for anyone to be dependent over the illness of blood impurities. No matter how badly they attack the system, or how unsightly becomes the skin, just remember there is one ingredient in S. S. S. that so stimulates the cellular tissues throughout the body that each part selects its own essential nutriment from the blood. This means that all decay, all breaking down of the tissues, is checked and repair work begins. S. S. S. has such a specific influence on all local cells as to preserve their mutual welfare and afford a proper relative assistance to each other. For many years people relied upon Mercuric Iodine, Potassium Permanganate, Cathartics and "Dope" as remedies for blood sickness, but now the pure vegetable S. S. S. is their safeguard. You can get S. S. S. in any drug store, but insist upon having it. And you should take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a Specialist, first address Medical Dept., The Swift Specific Co., 218 Swift Bldg., Atlanta, Ga.

LOCAL WOODMEN TO HAVE A BIG TIME

NEXT MONDAY EVENING THERE WILL BE "JUST FUN" FOR LODGE HERE.

Great preparations are being made by the local Woodmen for their "big riot" next Monday evening. "Just fun" is the significant slogan adopted for the occasion and every "wood-chopper" is invited to be present to partake of a buffet luncheon and enjoy the program. An effort is being made to suppress the nature of the program but the following slip of paper found on the street reveals that there are some entertaining stunts planned. This is the way it reads:

Just Fun.

Time will be turned backward until she's just right.

And we will all be boys again just for tonight. Buffet luncheon. Free meal tickets to all. At 16:35 P. X. R. Alexander will sing that beautiful and sentimental ballad entitled "A Merchant's Wall" from beginning to end without changing his suspenders. At 7:11-44—Judge Joe Parkes will lecture on the high cost of Budweiser. At 9:14—District Manager Fred Brockmar will make an "Oratorical Flight" without a parachute. At 12:23—Judge Tom Fitz Gerald, a gallant Woodman, will recite that touching little poem, "Hark to the Groans of the Candidate, But Don't Let Up." The feature of the evening will be a solo by the world renowned singer Dr. Tommy Henderson who will sing that thrilling ballad from Erin Go Bragh, entitled "Father's Got a Splinter in His Wooden Leg." The big noise of the dope sheet will be made

by that silver tongued Gaxook from Ockish, Joe Tallmaw, whose subject will be "You'll Never Find the Drug Store Until the Town Goes Dry." For further dope call, write or phone J. P. Walker, the official goat or clerk of the camp. MRS WILSON'S PAINTINGS SOLD AT ART EXHIBIT NEW YORK, Nov. 21.—Three of the five paintings by Mrs. Woodrow Wilson that were on view at the exhibition of the Society of Women Painters and Sculptors, here have been sold. The other two were reserved by the president's wife, because of their family associations, the subjects being taken from near the Wilson summer home in Cornish, N. H. The purchase price was not made known. The proceeds will go to the Bury Industrial School for Boys and Girls, near Roine, Ga. It's up to a young man to give a girl a few lessons before asking her if she could learn to love him.
