**WHEAT HAS REACTION**

Chicago Market Closes Fraction Off for May and Unchanged for July for the Day.

CHICAGO, Jan. 21.—Closing prices were 1-8c under Monday for May and unchanged for July option in the wheat pit. The market opened with a fairly bullish tone, May showing an advance of 1-16, while the July was up 1-8c.

Broomhall called from Liverpool that wheat was higher on some outside speculative support and an improved spot demand. It is extremely cold weather throughout Europe, and come complaints of insufficient snow covering in parts.

Old Time Sores And Ulcers Healed

Old Wounds Often Bother Many Years After.

People who have been poulticing and anointing an old sore for years and years marvel at the way it heals quickly after using S. S. S.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. S. that follow the course of the blood streams just as naturally as the most nourishing food elements.

It is really a remarkable remedy. It contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment. And the medicinal elements of this matchless blood purifier are just as essential to well-balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not one drop of mineral or drug is used in its preparation. Ask for S. S. S. and just insist upon having it. And if you desire skillful advice and counsel upon any matter concerning the blood and skin, write to the medical department, The Swift Specific Co., 210 Swift Laboratory, Atlanta, Ga.

Do not allow some zealous clerk to larrup the atmosphere in eloquence over something "just as good" as S. S. S. Beware of all substitutes.

**HOG MARKET MAKES A VERY POOR SHOWING**

(Courtesy of The Journal.)  
PORTLAND, Ore., Jan. 21.—There were no fresh arrivals for the market at North Portland today. Total arrivals were but one load and this was shipped in by Hugh Cummings, the regular buyer of the Union Meat company at Corvallis.

The position of the hog market here, said to relate, is still one of the poorest in the entire country. The rut into which the local market has fallen is so deep that all efforts to force higher figures consistent with what is happening elsewhere, have failed.

The highest market in the east today stands at \$8.60 or 55c above the extreme figure here. As a general rule the North Portland market is that much above anything in the east therefore compared with the normal standing of the trade here, prevailing prices are over \$1 too low.

At the moment there seems to be no hope for any material improvement in the price of swine here, unless killers—out of the goodness of their hearts—decide to give country interests more for their product. So far as the general market is concerned there is absolutely no need of buyers digging down into their pockets to give higher prices for swine. They are already getting all the hogs they need, in fact practically every one has a surplus at this time. Higher prices are generally given only to stimulate an increased supply but a further increase in offerings at this time would likely wreck the already low price shown here.

General hog market range:  
Top killers ..... \$ 8.05

**Cattle Extremely Weak.**  
The situation in the cattle market continues of very weak character. While there were no additional offerings in the local yards reported in overnight, so much stuff has been held over that there is not the slightest likelihood of a shortage of offerings here, even though nothing comes forward for several weeks.

The extreme weakness in which the cattle market here has fallen is indicated by the sale late yesterday afternoon of several lots of first class stuff that had been fed on grain for a period of 120 days, at \$7.60. Therefore it is easy to see what ordinary hay fed stuff will sell at in competition with this superb quality.

General cattle market:  
Best grain fed steers ..... \$7.50@7.60  
Ordinary grain fed steers ..... 7.35@7.40  
Best hay fed steers ..... 7.30@7.35

**Sheep Market Continues Good.**  
While there were no additional supplies of mutton to offer on the North Portland market for the day, the situation is very strong. Recent sales in the local yards have indicated an increased demand for mutton products here and killers are taking hold of greater supplies than ever before.

General mutton market range:  
Best lambs ..... \$ 6.75  
Feathering lambs ..... 5.75@5.85  
Old wethers ..... 5.25@5.50  
Fancy ewes ..... 4.50@4.75

WASHINGTON, Jan. 20.—East Washington, this city's exclusive suburb, proudly boasts that it has no church and needs none. And just as proudly boasts that it needs no police court, nor even a justice of the peace.

Divorce lawyers would state to death in East Washington. During last year there was but one arrest—that of a drunk whose fine netted the community \$2.50. The population of East Washington is 1500, and all were careful to explain in connection with the excitement connected with the arrest and fining of the lone disturber that he came from Pittsburgh.

**Standard Recipes for Poisons.**  
NEW YORK, Jan. 21.—Resolutions seeking from the legislatures of all states laws requiring drug manufacturers and wholesale and retail drug stores to adopt a special form of receipt for bi-chloride of mercury, today were presented at the sessions of the New York State Pharmaceutical Association, which is holding its annual convention in Madison Square Garden.

In connection with the resolutions presented, the attention of delegates and visitors was called to the exhibit of patent bottles, boxes and capsules designed to hold bi-chloride of mercury and other poisonous drugs and medicines. Standard shapes of receptacles, boxes and capsules for the various poisons and drugs, it was argued, would do away almost entirely with accidental deaths by these poisons. There was every indication today that the resolutions would be adopted and the officials of the association ordered to send them to the legislatures of all the states in the union.
