

WHEAT RANGE NARROW

Chicago Wheat Market Closes Unchanged for May and a Shade Lower for the July.

CHICAGO, Ill., Feb. 16.—After a very narrow range for the day, May wheat closed the same as Friday, at 93 5-8@93 3-8, and July barely a shade lower. The market covered a range of only 1-4c for the session. The large active concerns which showed more or less leadership on other days appeared to be out of the market.

There was a decline from 93 3-4 to 93 1-2 during the morning in May, due to heaviness in corn, fine covering for the winter crop and dullness. Firmer tone in wheat on the moderate rally at the close was based on export sales of 50,000 bushels confirmed and claims of much larger offers accepted by the seaboard overnight, but details and confirmation are wanting.

There was a report from the northwest of a further cut of 5,000,000

bushels in country elevator stocks since February 1, but it was not taken seriously. Minneapolis reported a decrease of 100,000 bushels in wheat stocks for one day. The indefinite claims of export sales here were accompanied by fair volume of buying in the open market by some of the export houses. Northwest receipts were extremely light except at Minneapolis. Liverpool showed better firmness than expected, based on scarcity of Canadian offers and hardening of spot wheat in the English trade. Total cash sales of wheat here today, 65,000.

HAY FED STOCK IN EVIDENCE FOR WEEK

NORTH PORTLAND, Ore., Feb. 16.—Receipts for the week have been cattle, 1276; calves, 3; hogs, 3403; sheep, 6102.

Cattle.
In the cattle division, bulk of best grain fed steers offering sold from \$7.70 to \$7.85 and one load brought \$8.00. Not much choice, hay fed stock was in evidence. Butcher cattle trade was firm only for cows of which there was a liberal showing. Best ones realized \$6.50@6.75, with the usual discount on lesser grades. Bulls sold up to \$5.60 and were unsteady. Receipts were large Monday, when more stuff arrived than the total for the other five days.

Hogs.
Swine market not only maintained firmness but strengthened its position five to ten cents. Several hundred choice light hogs brought \$8.60 during the first three days but the bulk was an \$8.50 to \$8.55 affair. Killers from all over the northwest were in the yards for hogs and business was extremely brisk. The close was steady to firm, \$8.50@8.60.

PORTLAND PROMISES TO BE HIGH MARKET

GREATEST HOG PACKING CENTER IN WORLD IS FORECASTED IN FEW YEARS.

(Hyman H. Cohen in Sunday Journal.)
North Portland at the closing of the week seemed in a fair way to redeem its reputation of being the highest priced hog market in the country. At the closing of the week it was a nickel below the extreme top at Chicago and it is safe to say that quality considered the price paid here was even better than that available in the Windy City market.

Closing prices for swine at North Portland this week were \$8.60 for top hogs. This is a material improvement over the price of a week ago. The market at North Portland showed strength all through the week. In the east there was a firm tone early in the week with prices sharply higher but almost equal losses were shown later in the trading.

The steadiness of the North Portland market and the fact that values here are far less erratic than any other market in the country, are conditions that go far to make a success of the livestock business. Shippers at country points are generally able to know when they start their shipments to North Portland, within a fraction of the price their stuff will bring. This is not true of any other market in the country; price changes being so rapid and severe at times.

The North Portland swine market was materially aided during the last week by the rather liberal buying of stock by outside interests. There was a good demand all around for hogs and even though there was a very marked increase in the volume of supplies offered the trade, buyers took hold even eagerly and this was a direct aid to the price.

The making of this an independent market for provision prices would mean the entire elimination of eastern stock from the local market. It would mean that within a short time that additional packing plants must rise at Pacific Northwest points. It would mean that the Pacific coast, instead of sending millions of dollars annually to the east ad middle west for provisions, would then be in a position

The deeds of Doan's Kidney Pills. For Pendleton kidney sufferers, Have made their local reputation.

Proof lies in the testimony of Pendleton people.

S. P. Hutchinson, prop. mill and feed store, 1610 W. Webb street, Pendleton, Ore., says: "I was caused a great deal of suffering by a dull pain in my back, just over my kidneys. For a long time I didn't think it was caused by weak kidneys, but I often noticed that my kidneys were sluggish and that the kidney secretions did not pass freely. I used Doan's Kidney Pills for these ailments and they relieved the pain in my back and trouble with the kidney secretions. I recommended Doan's Kidney Pills then, and I am now glad to confirm that statement. I still use this remedy with very good results." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hutchinson had. Foster-Milburn Co., Props., Buffalo, N. Y.

JAPANESE ARRESTED ON MURDER CHARGE

CHEHALIS, Wash., Feb. 16.—The arrest of a Japanese workman named Miawaka revealed the facts of three murders, which the sheriffs of Lewis and Pacific counties have been secretly investigating, committed in October and November of last year. The victims were all Japanese workmen, killed in a quarrel over a card game, and buried just over the Pacific county line. The officers first heard of the killing a few days ago when relatives of the dead men living in Vancouver, B. C., wrote that a Japanese sailing for Japan had made state-

ments in Seattle regarding the murders. The man under arrest admits some knowledge of the crimes, but says he does not know who did the killing.

While there was another gain in the marketing of mutton and lambs in the North Portland market during the week, the trade and price held steady during the six days. Top lambs are still easily commanding \$6.75, while other offerings are selling at the usual ratio.

At the closing of the week there was a big bunch of Montana sheep brought forward. Packers are compelled to look to other sections for the bulk of their good quality mutton at this time; few of the local offerings being of suitable quality for the best trade.

ONE MILLION TROUT TO BE PLANTED IN RIVER

SPOKANE, Wash., Feb. 14.—One million rainbow trout fry will be planted in the Spokane river this spring by the Spokane county fish and game commission, which also will stock the region with upland game birds. A. J. Buzard, a member of the commission, says rainbow trout thrive in the Spokane better than in any other stream in the northwest, adding, "there are thousands of fine fishing holes and eddies in the river which will be so thoroughly stocked that this river will afford the finest fishing in this section." In its campaign on behalf of hunters the commission has established a game farm in Spokane, with 1000 Hungarian pheasants as a start. To provide big game the commission has had Mount Spokane, the highest mountain in eastern Washington, set aside as a game preserve. By prohibiting shooting the deer there will multiply rapidly, and a herd of elk is to be added this spring. The mountain's summit is being conquered by an automobile road, now nearly completed.
