The reason for this is in the peculiar cition of 8. 8. which enables the ceils at the skin to select from the blood the utriment it requires for regeneration.

Not only this, but if from the presence of some disturbing poison there is a local regeneral interference of nutrition to cause oils, carbuncles, abscesses and kidney roubles, 8. 8. 8. so directs the local cells hat the poison is rejected and eliminated rom their presence.

This fact has been demonstrated year in and year out in a wonderful number of asses of severe skin cruption that had comed to be incurable.

You can obtain 8. 8. 8. at any well tocked drug store, if you insist upon it, ut be sure you are not talked into somehing "just as good."

Deafness Cannot Be Cured the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever: nins cases out of ten are caused by Catarth, which is nothing but an inflamed condition of the mucous surfaces.
