SOCIETY

In recognition of the fact that she was the mother of their church and as a tribute to her memory, members of the Church of the Redeemer are now engaged in raising money for a memorial window to the late Aura M. Raley. It was originally intended to secure the necessary money from members of the church but so many have requested to be allowed to contribute towards honoring the woman, who was not only the mother of the church but also the "mother of Pen-

dleton," that the committee in charge has decided to accept donations from whomsoever offers.

Mrs. A. W. Rugg will entertain the ladies of the W. C. T. U. at her home on the corner of Jackson and Garfield streets next Tuesday afternoon. A reception for new members will be held between the hours of 2 and 3 and a business session will follow.

Miss Cecile Boyd, who is at present in the Y. W. C. A. at Portland, has accepted a position as assistant Physical Education instructor under Dr. Hall at the University of Washington, for the summer session beginning June 22.—Athens Press.

Mrs. Westbrooke Dickson and Miss Katherine Campbell returned this morning from Vansycle where they spent a week with Mrs. George Strand. Mrs. Strand accompanied them back to the city.

Mrs. Adolph I. Schaefer has returned from Weston where she was the guest of Mrs. L. J. Fredericks and Miss Margaret Proebstel.

The Care of Children

Foods for Baby. Rice puddings are simple and safe to give a baby from the time he is eighteen months of age:

A quarter of a cupful of rice (carefully washed), two tablespoonfuls of sugar, one tablespoonful of salt, one pint of milk.

Mix all the ingredients well, pour into a small baking dish and bake for two hours, rather slowly at first. Cut the crust several times and stir it into the rest of the pudding. Let it brown before taking from oven.

Apple Tapioca, or "Bird's Nest Pudding." Combinations of apples and tapioca are attractive and nourishing desserts for a baby from two years of age.

A quarter of a cupful of granulated tapioca, one tablespoonful of sugar, a pinch of salt, one pint of boiling water, three tart apples, sugar and nutmeg.

Mix the tapioca, sugar and salt, pour the boiling water on slowly and cook a double boiler for fifteen minutes. Pare and core the apples and fill the holes with sugar and a little nutmeg; then pour over these the tapioca mixture. Cover the dish and bake for half an hour. This may be served with a little cream and sugar.

Baked apples, apple sauce, clarified apples, "apple snow," stewed prunes and prune jelly are all suitable desserts for a baby from the time he is one year old.

Home Hints and Recipes

Approve Corn Oil as Food. That oil made from corn can be used as a substitute for olive oil in food is the conclusion reached by Dean L. E. Sayre of the University of Kansas School of Pharmacy after a series of experiments. Corn oil is a by-product of cereal manufacturing. It comes from the heart of the corn and has a golden yellow color, light,

characteristic odor, and a pleasant taste, similar to that of freshly ground cornmeal. It can be used in a number of ways in the kitchen, being especially valuable as a substitute for lard.

Plant Supports.

The steel rods from old umbrellas make fine plant supports, says the Chicago Inter Ocean. Disconnect them where they join the upper part and also where the ring slips the handle, and you have a double rod to slip into your flower pots, and if they are painted green they are unnoticeable.

The Forty Year Test.

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers.—Adv.

HERMISTON LOCALS.

(Special Correspondence.)
HERMISTON, March 21.—Prof. Pittman, field representative of the state normal school, accompanied by County Superintendent Young, visited Hermiston, lecturing in the high school to the pupils and their parents.

A dance was given by the married men of the town on the 17th and proved one of the most enjoyable of

the season. It was given in the Herminston Mercantile hall, which was decorated most attractively in colors of the day. The United Orchestra of Pendleton furnished the music. The dance was attended by about thirty couples.

About fifteen couples of the younger folks of the town journeyed to Stanfield in machines to attend the St. Patrick's dance.

The ladies of the Baptist church were hostesses of a silver tea on Tuesday afternoon at the residence of Mrs. B. T. Young.

Mrs. C. W. Kellogg was the hostess of a delightful luncheon yesterday in honor of her mother, Mrs. McDonald of Minneapolis, and Mrs. McCoy of Omaha who is visiting her daughter, Mrs. C. E. Baker.

The following ladies were present: Mrs. Laura Davis; Mrs. Mary Clark; Mrs. Bryant; Mrs. H. T. Fraser; Mrs. C. E. Baker; Mrs. McCoy and Mrs. McDonald.

County School Superintendent J. A. Yeager is in this section visiting the Hermiston schools and those in the outlying districts.

Mrs. Laura Headington is in Umatilla this week transacting business.

D. C. Brownell and Mr. and Mrs. Cyril Brownell of Umatilla were visitors in town today.

F. B. Swayze and E. P. Dodd left Tuesday morning for Portland.

Mrs. D. C. Brownell was a visitor from Umatilla Monday

and congressional elections during tonight and for the remainder of the time the convention is in session. Various district committee meetings are scheduled for tonight.

UMATILLA STARTS FIRST UNIT OF WATERWORKS

(Special Correspondence.)
UMATILLA, Ore., March 21.—At a recent meeting of the city council a contract was awarded James Atchison of this place for the digging of a well which is to be the first unit of Umatilla's municipal water works for which the city voted bonds for \$20,000.

At the same meeting the following appointments were made by the mayor and approved by the county:

J. A. Stephens, city marshal; J. T. Hinkle, city attorney; Carl McNaught, city engineer.

Municipal Railway Pays.
SAN FRANCISCO, March 21.—The Geary Street Municipal Railway is one of San Francisco's best paying investments. Its accumulated earnings now amount to \$263,240, according to figures given out here today. The road began business in December, 1912. The Union Street Line, since it came into possession of the city, shows earnings of just about one half of that of the Geary street line. This is considered remarkable by city officials as the Union line is less than half the length of the Geary street line.
