**Cigarette War on Seaside.**  
SEASIDE, Ore., March 21.—Active indecision of the "awful cigarette" campaign has been made by the city council of Seaside. One ordinance prohibits the sale of tobacco to anyone under the age of 18 years and another provides penalties for misrepresentations of the age of an applicant for tobacco. The object of the latter ordinance is for the protection of dealers.

# Bad Blood

Is a poisonous and dangerous thing. It affects every organ and function and brings about that low condition that predisposes to most diseases and ailments. HOOD'S SARSAPARILLA corrects it, and makes pure blood.

## The "Pendleton" Harrow

AKERS PATENT

This is a side-slant harrow and the principle feature is that the teeth are adjustable from an up-right position to a "side-slant" of approximately thirty-five degrees.

Fig. 1. Showing rear view of the Pendleton Harrow, with teeth set to "side slant," for destroying weeds, etc.

Fig. 2. Showing rear view of the Pendleton Harrow, with teeth in vertical position.

The patented features of this harrow enable the operator to change the teeth from an upright position (as shown in figure one), to a side slant (as shown in figure two), in a very few minutes and while in the latter position, one harrowing will produce results equal to three harrowings with the ordinary, straight tooth harrow, and will never allow a weed to pass through without cutting or pulling it out. The material used in this harrow is the best obtainable. The frame being made of best channel steel properly braced and the teeth are Cambria toe-steel, especially hardened. It is a medium weight harrow, weighing approximately ninety-five pounds, and cuts nearly five feet.

## LOCAL MEN HEAD TWO LEAGUES

Roy W. Ritter (on left), new president of Western Tri-State league, and Lee D. Drake, elected yesterday as president of Blue Mountain League.

### BLUE MOUNTAIN LEAGUE IS REVIVED; OFFICERS CHOSEN

#### ORGANIZATION ARRANGES TO PLAY SUNDAY GAMES DURING SEASON.

The Blue Mountain Amateur Baseball League lives again. After a suspension of life for two years, the old organization that furnished such good ball for a couple of seasons was yesterday revived at a meeting of enthusiasts from Pendleton, Pilot Rock, Weston and Milton. Constitution and by-laws were adopted, officers elected and plans started for the playing of twelve Sunday games during the spring.

Lee D. Drake of Pendleton was chosen to the combined office of president, secretary and treasurer of the league and will thus be the man at the helm. A club will be organized in each of the four towns to direct the local team.

It is the intention of the league directors to start their season on April 12 and end in June 28. This is the length of the season in the irrigation league in the west end of the county and the intention is to have the champions of the Blue Mountain and Irrigation leagues play

a post-season series to settle the amateur championship of the county.

The Blue Mountain league will be strictly an amateur affair and salaried players will be strictly taboo. In maintaining a team in Pendleton there is no intention of antagonizing the Western Tri-state league. In fact every effort will be made to work harmoniously with the professional organization. To that end the making of the schedule of the county league will not be taken up until the schedule of the Western Tri-state is formally adopted in order that games in Pendleton may be scheduled on the Sundays when the professional team is absent.

The local team will be managed by none other than the baseball zealot, Elmer Turner, and he has issued a call for any man or boy in the city who thinks he knows anything about baseball, to appear at Round-up Park tomorrow morning at 10 o'clock for a tryout.

### WALLA WALLA SENDS OUT TRANSPORTATIONS

Transportation was wired to reports for the Walla Walla baseball club yesterday by Manager Bude and at least eight more men with whom arrangements have been made to do spring training here are expected to drop. Practically all recruits will be in the city by Sunday.

Telford of Oregon City, Laird of Auburn, Lund of Portland, and Geo. Kelly, brother of Ed Kelly, are the pitchers to whom transportation has been wired.

The outfielders who will report before Sunday are Hughes of Portland, Jack Bishop of Seattle, Gardner of Burlington, Rickerts and Eddie Johnson of Vancouver.

The infielders coming are Earl Sheely of Spokane, Wooding of Auburn, Starr and Grant, the two Wisconsin Indians, Lewis of Los Angeles, and Schmitt of Oakland.

Starr, Grant, Lewis and Schmitt are already on their way to Walla Walla. John Washington and Yedica, two

### WOMAN WEAK AND NERVOUS

#### Finds Health in Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I suffered with female troubles from the time I came into womanhood until I had taken Lydia E. Pinkham's Vegetable Compound. I would have pains if I overworked or lifted anything heavy, and I would be so weak and nervous and in so much misery that I would be prostrated. A friend told me what your medicine had done for her and I tried it. It made me strong and healthy and our home is now happy with a baby boy. I am very glad that I took Lydia E. Pinkham's Vegetable Compound and do all I can to recommend it."—Mrs. A. B. BOSCHAMP, 504 E. Howard Street, Creston, Iowa.

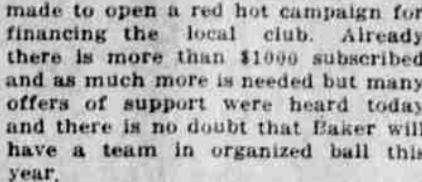

**Tons of Roots and Herbs** are used annually in the manufacture of Lydia E. Pinkham's Vegetable Compound, which is known from ocean to ocean as the standard remedy for female ills.

For forty years this famous root and herb medicine has been pre-eminent successful in controlling the diseases of women. Merit alone could have stood this test of time.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

### Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradfield Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend today.

Jockey Bennett, the local featherweight fighter who milled with Tex Vernon at Aberdeen on the night of the sixteenth to a draw, is being sought by a warrant server while his late opponent is already in the toils. They are charged with violating the law prohibiting prize fighting.

Pendleton is behind Athena in the organization of a tennis club. The racquet wielders of that town have already organized and will get their courts into condition immediately. Maybe a county tennis league can be organized.

### Hawthorne School Notes

(Edited by Edna Hamilton.)  
The Eighth A class took their first lesson in bookkeeping on Thursday. After they had talked about the help it would be to them in keeping their own accounts, they prepared a sheet containing such items as a student might have at the beginning of school. Several of the first sheets made were very good and the class enjoyed doing the work.  
Margery Wolfe is back again in school.  
The Seventh grade have made some very good pictures of birds this week.  
The Fifth grade are painting all kinds of spring flowers this week. The girls of the Fifth grade are jumping rope on the play grounds. Mrs. Ross and Mrs. Perkins visited the Fifth grade room this week.

school has been noticeably increased since the organization of the Parent-Teacher association. There has been 12 parents visited school this month.

The Fourth grade have a window box planted with tulips. They are also interested with prizes offered by the Ladies Civic club.

The first grade have a new registered pupil. In this distinctive have peach and cherry blossoms out already. The children are not allowed to hang on wagons or chase down automobiles.

The second grade have just completed a board of beach blossoms. They have just started to read Brooks' second reader.

The Hawthorne school observed "clean-up" day with a hearty good will. Each grade had a chance to talk and be talked to about the advantages of having our city clean and our own part in making and keeping it so. Each room was assigned a certain portion of the grounds and they set to work to have all clean in a half hour. They were called together again and dismissed. The work was very satisfactory.

The eighth grade of this school are to meet the eighth grade at the high school next Friday in a spelling contest. A good deal of interest is being taken in preparation.

The second grade with the assistance of their teacher, Mrs. Williams, are becoming foot racers. Mrs. Williams takes the class to Webb street and starts the racers off. They run to a certain point and back to her and are told how many minutes and seconds they were. The winner knows if he is getting more speed and if there is anyone else who has made it in less time.

The new map of Oregon which the

school board provided is much appreciated. This is an entirely new kind of map. The background is black and of a material that may be erased. The state and county lines are in white and it may be used in locating places, putting in physical features or sections noted for certain products, and when the lesson is over it can be erased and is ready for another lesson.

The Parent-Teacher association of the Hawthorne school met Friday at 2:30. There was a short program consisting of songs recitations and

an article on Children's Gardens. The regular business of the association was carried on. Bouquets of daffodils and hyacinths and vases of wild flowers made the eighth grade room attractive for this occasion.
