MEXICAN PRISONERS AT FT BLISS TO BE TRANSFERRED

5000 FEDERALS ROUTED BY REBELS WILL BE SENT TO NEW MEXICO.

SAN ANTONIO, April 27.—General Bliss has received orders to transfer the 5000 Mexican federal soldiers held at Fort Bliss to Fort Wingate, New Mexico. The prisoners were driven across the border by the rebels following the victory at Juarez, Ojinaga and other engagements. Two troops of Twelfth cavalry will make the transfer.

Grain Hearing Opens.
WASHINGTON, April 28.—A series of hearings on grain standardization and trading in grain futures opened today before the House Agricultural committee. Chairman Loper expected to use the evidence as the basis for bills on both subjects.

INCREASE OF COTTON MANUFACTURE.

(Wall Street Journal.)
Growth of cotton manufacturing in the United States is to be measured by a comparison of the number of active spindles and the cotton consumed by them. It is necessary to go no further back than 1890 to see the remarkable increase.

Since 1890, spindles have increased 118 per cent, and consumption 129 per cent. The consumption in 1913 was the largest in our history. It was practically all American cotton, as only 232,918 bales of foreign cotton were used. This was mostly Egyptian, which is peculiarly suited for thread making, mercerizing and some other special purposes. Massachusetts and Rhode Island used the greater part of this Egyptian cotton as well as the 54,778 bales of domestic Sea Island. In the last year the cotton growing states have forged to the front, and are now consuming more cotton than the northern states, with 2,960,518 bales as their share last year. But Massachusetts is still the premier state in cotton manufacturing, her 10,900,000 active spindles having consumed 1,332,912 bales, while North Carolina comes second.

Found a Cure for Rheumatism.
"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton, Iowa. "I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For sale by all dealers.—Adv.

Aviators Sight Fires.
WASHINGTON, April 28.—Naval aviators flying over Vera Cruz saw railroad bridges at Boca Del Rio, south of the port, burning and reported trestles at Risco Mofeno ablaze. These places are not the line to Mexico City.

Woman and Her Varied Interests

SOCIETY

Mr. and Mrs. John Vert and Miss Ethel B. Wilkie, their niece, have arrived back in Pendleton after an extended and delightful sojourn in the Hawaiian Islands and in California.

Mrs. Robin W. Fletcher yesterday underwent an operation at St. Anthony's hospital and is today rallying very satisfactorily.

Mrs. Charles F. Colesworthy is hostess this afternoon at her home on High street to the ladies of the South Hill Bridge Club.

Mrs. Glen Sturdivant left yesterday for Payette, Idaho, to visit with her parents.

Mrs. J. Herbert Stroh and her mother are up from Hermiston today on a short visit.

The Care of Children

It is impossible to conceive that anybody, especially any child, was ever helped by living with anyone whose manners were crusty and bad. Freedom of the spirit is gained by living with people, self-controlled—and kind enough—to have good manners. Nor is it possible to believe that our own individual freedom of spirit is aided by speaking irritably every time we are a little bit harassed or by doing that shattering thing that is called "losing our temper." Most of these things, faults of spirit, are as much a matter of habit as the habit of keeping one's hair neat or brushing one's teeth regularly.

Perhaps I am making an exaggerated statement when I say that when one comes to the subject of home manners, there are none in too many homes; that the members of the average American family permit themselves inattention when spoken to, and all manner of social vices—and this is a very sharp illustration of the difference between license and freedom.

The public opinion of the average home does not stop most grown people from having bad manners toward their children. Consequently, by the time most children are ten, they, also, have bad manners. Neither does the public opinion of the schoolroom prevent bad manners on the teacher's part. If not actual irritability, then the appalling sternness that again would meet with small success if used toward grown people is freely used to "maintain discipline." Yet we expect that our children, in an environment like this, shall always be faultlessly sweet, and it is astonishing to anyone who is observing children how very sweet they are most of the time, in spite of the fact that they voice their annoyance with a loud directness which is peculiarly shattering to irritable grownup nerves.

HYOMEI RELIEVES IN FIVE MINUTES

You Breathe It.
If your head is all stuffed up from a cold or catarrh, you suffer with dull headaches and seem lacking in vitality, or are constantly sniffing and coughing, you need a remedy that will give the quickest, most effective and lasting relief possible—something that will go right to the spot, clear the head and throat and end your misery.

Surely use Hyomei—all druggists sell it. It is just such a remedy, and is entirely harmless and pleasant to use—you breathe it—no stomach dosing.
The antiseptic oils of Hyomei mix with the air you breathe—its health-giving medication immediately reaches the sore and inflamed mucous membrane—you feel better in five minutes. It is practically impossible to use Hyomei and not only be relieved but permanently benefited. Tallman & Co. will refund your money if you are not satisfied. Ask for the complete outfit—\$1.00 size.

An Important Question

Am I developing a cash reserve which will provide an income or enable me to grasp my opportunity the moment it arrives?

Do you know of a better way to develop a reserve than to deposit your income in The American National Bank and pay it out by check?

That plan will give you an incentive to keep your balance growing, and your account, large or small, will be welcome.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist. "It is a happy thought to send hubby to the drug store. 'Mother's Friend' is applied externally over the abdominal muscles. It is a gentle, soothing lubricant, penetrates to the fineness of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses, such as laceration of the epidermis so often the case when this gentle form of lubrication is neglected. 'Mother's Friend' has been highly recommended by a host of women who know from experience and by men who know from observation. Write Bradford Regulator Co., 268 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers."

Any good cold fish can be used for salad or flaked, seasoned with pepper and lemon juice and served with young radishes and French dressing.

There are 551 breweries in Bohemia. And the rattlers are too numerous to mention.
