Secretary Garrison Feels That Affairs Have Renched Crisis—Bryan Is Determined not to Let Matter Interfere With Mediation Negotiations-Silliman Believed safe.

WASHINGTON, May 16 .- Even if Private Parks of the United States troops at Vera Cruz has been murdered by Mexican soldiers there will be no reprisal at present. This was made plain on high administrative authority today.

Secretary Garrison declared that the situation is grave, but Secretaary of State Bryan insisted that the reported outrage is simply another of the series of outrages against the against Huerta for settlement at the final accounting. President Wilson is known to be supporting Bryan in the latter's determination that nothing will be permitted to interfere with the mediaton plans.

The conference at Niagara Falls is expected to suggest a plan for the elimination of Huerta and the permanent re-establishment of peace in Mexico.

President Wilson is said to consider that one more fatality, supposedly passed and therefore unpreventable, should not be permitted to force the administration's hand.

Dispatches from Mexico City said that mob rule was threatened there. Unless Huerta elminated himself it was declared that the people speedily will eliminate him. The dictator is understood to be ignoring government affairs and War Minister Blanquet is reported to be the real head of the government. It is reported time as soon as an opportunity afforded, the latter will seize Huerta's

The Brazilian minister at Mexico City notified Secretary Bryan that John Silliman is safe and is due in the capital today. The minister expressed the opinion that Silliman's delay was due to the destruction of the railroad between Saltillo and Mexico City.

A message filed yesterday said the minister was informed Silliman had left Saltillo May 14, which would mean he would reach the capital the night of the 15th, or the morning of the 16th, unless there were unusual interruptions on the line. "I haven't been able to locate cor-

respondent Doster," the minister added, "but still am inquiting."

RETURNS INDICATE THAT LAFFERTY IS DEFEATED

PORTLAND, Ore., May 16 .- Complete returns from 235 out of Multnomah county's 226 precipcts clearly indicate that C. N. McArthur speaker of the last house in the legislature will be the republican nominee for congress from the third district by a large plurality over A Walter Lafferty, incumbent. In 225 precincts McArthur is leading by 1500 votes. Reports from 205 democratic precincts show A. Fiegel country ahead of E. L. Vanderear for the democratte nomination for congress. Incomplete returns indicate that Arthur L. Moulton will be the progressive nomitime for congress.
