JACK ROSE TWO YEARS AFTER HE AIDED IN ROSENTHAL MURDER

Jack Rose, who, according to his story in the trial of Charles Becker, former police lieutenant of New York City, was Becker's chief agent in the murder of Herman Rosenthal, again took the witness stand when the case against Becker was called. He told much the same story he had given on the first trial.

Rose has changed considerably since the first trial. He has lived in the country, and had reformed or pretended to reform, for he has been preaching temperance and honesty. He was calmer and showed fewer traces of the life he had led when he was a habitue of the east side in New York.

Hard water should not be used on the face. If living where soft water cannot be obtained add a pinch of borax or a handful of oat or almond meal to the wash water.

A good shampoo is made as follows: Dissolve half an ounce of transparent soap in a quart of rain water, add a small winged leaf of some fragrant oil. Let it stand a few days, shaking it now and then before using it.

After exercising or bathing when the pores are open and the skin is in a glow, do not rush out into the open air or into sudden changes of temperature. Severe colds are taken unless good judgment is exercised at such times.

Most Prompt and Effectual Cure for Bad Colds.

When you have a bad cold you want a remedy that will not only give relief but effect a prompt and permanent cure, a remedy that contains nothing injurious. Chamberlain's Cough Remedy meets all these requirements. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and restores the system to a healthy condition. This remedy has world wide sale and use, and can always be depended upon. Sold by all dealers.—Adv.

Home Hints and Recipes

Oilcloth Apron. Purchase enough white oilcloth to cover you from shoulder down, about two yards. Cut out the armholes and lay a few plaits in back and front to give desired fit and fullness. Bind all around with calico, making straps over the shoulders attached to armholes with one button and buttonhole at top and two strings to tie at the back just below the waist line. This apron can be donned or discarded in a moment, is waterproof and when soiled a damp cloth does the "washing" in a few moments.

Health and Beauty. Avoid excessive use of all condiments, pepper, mustard, etc., as they will in time destroy the digestion. Salt water acts as a tonic on the skin. Gently spatted on the face, it will help make the cuticle firm.

Anti-Mock Feminists.
WASHINGTON, May 18.—The gallery of feminists, which the anti-suffragists say is the worst gallery of all, has been given to the public. The membership, as described by the anti-suffragists, includes women ranging from "well-known actresses to muckrakers." In publishing this list of suffragists the National Association Opposed to Woman Suffrage has this preface in the announcement from its Washington headquarters:
"Woman suffrage and feminism is the movement born of a cubist and futurist age of extremes. A state of society is approaching where man will not figure in the life of woman except as the father of her children. Those who run may read, and those who read modern suffrage literature are impelled to run in self-defense."

Rebels Cry "Viva Wilson."
VERA CRUZ, May 19.—A heavy rain storm which flooded the trenches and blew blinding torrents into the faces of the federals contributed much to their defeat at Tampico, according to Americans who have come here from that port. The constitutionalists took advantage of this and poured a terrific fire into them, forcing them back from the outposts into the town. Immediately the federals began entraining. The constitutionalists came into the town shooting in the air and shouting: "Viva Carranza, viva Wilson!" There was little actual disorder and little shooting. Several persons engaged in looting were shot. The German Consul, R. Everbusch, accompanied by the American Vice-Consul, Thomas P. Bevan, proceeded through the residential district and placed German seals on all the houses. These were not touched. In their retreat the federals opened the drawbridge on the San Luis Potosi line at the edge of the city and crippled the mechanism.
