Showers and thunder storms to-night or Friday. Cooler Friday.

CITY OFFICIAL PAPER

NO. 8156

SALTILLO FORCES QUIT CITY AFTER LITTLE FIGHTING

Rebels Advancing Oust Federal Garrison From Position—Latter Falls Back to Make Last Stand.

RETREAT ACROSS DESERT

Few Details of Engagement Are Given in Dispatch From Rebel Commander—Believed That Federals Will Eventually Reach Mexico City to Make Desperate Resistance.

JUAREZ, May 21.—General Angeles telegraphed rebel headquarters that the federals are evacuating Saltillo, after brief skirmishing. He said they are retreating southward but gave no further details.

The belief here was the retreating garrison is bound for San Luis Potosi, a 200 mile march across the desert and that it will make the last stand there before falling back into Mexico City. This is the first official news of the past few days' doing at Saltillo.

WASHINGTON, May 21.—Despite the War Department's silence it is learned the government has an entire transport fleet equipped to accommodate an army and ready to sail for Galveston at an hour's notice. It is said, however, that this merely is precautionary. The President and Eryan are understood to believe that 10 days will decide the question of peace or war. It is known that both are confident mediation will succeed.

VERA CRUZ, May 21.—Because Senor Berystyn, the most popular

WEST ORDERS CLUB AT MILWAUKEE TO CLOSE ITS DOORS

Alleged Serving of Drinks to Girls Under Age Cause Governor to Take Action.

WARRANTS OUT FOR 3 MEN

Adjutant General Finzer Instructed to Keep Friars' Club Under Guard—Place May Be Kept Closed Until End of Governor West's Term—Militiamen to Seize.

SALEM, Ore., May 21.—The alleged finding of two girls under age drinking intoxicants with men at the Friars' Club, Milwaukee, caused Governor West to order Adjutant General Finzer to close the club and keep it under the surveillance of the militia. The governor said the club may be kept closed until the end of his term. The governor's action in again placing the club in charge of the militia is based upon a report made to him by Mrs. Lola G. Baldwin who said she picked up two girls who were drinking with men at the club. The governor said only one or two militiamen will be sent to the club grounds, and that the place will be boarded up.

PORTLAND, Ore., May 21.—Warrants have been issued for the arrest of Dr. J. O. Nibley and Dr. Kenneth Long, and for a third man charged with contributing to the delinquency of minors in connection with the Friars' club crusade. Four girls in the custody of the department of safety are alleged to have stated they visited the Friars' club and were served with liquor.

THE THREE MEN WHO HAVE BEEN THE CONTENDING FIGURES IN MEXICAN SITUATION

Left to right: General Pancho Villa, the rebel leader; General Carranza, head of the rebel government;

General Huerta, the president of the so-called government at Mexico City. Huerta is the man whom it is agreed

must be eliminated and while the situation is grave as to the final outcome, President Wilson feels confident the mediation conference will solve the problem and restore peace in Mexico.

ORDINANCE ORDERING SALE OF \$40,000 BOND ISSUE ADOPTED

An ordinance ordering the sale of bonds of \$40,000 for the completion of the gravity water system was passed unanimously by the city council last evening, this action being sequel to the recent city election at which the bonds were voted by a majority of seven to one.

Bids for the construction of a concrete bridge across the Byers millrace on Court street were opened last evening, and upon the recommendation of the street committee, the bid of Connor & Son was accepted as the lowest and best bid. The cost of the structure, according to this bid, will be \$2400.50.

City Attorney Carter presented two forms of deeds which the property

owners along the proposed riverside drive had their attorneys draw up. Fred Walters, who owns the land along the race from the old academy to the Matlock street bridge, will sign a deed conveying the roadway to the city providing the land will be exempt from any assessments or taxes for improving the deeded land. The other deed was more complicated and was referred to the street committee until next week.

A restaurant liquor license was granted to Lott's Cafe. Quite a number of people were present to learn the disposition of the remonstrance to the proposed paving of West Alta street but the matter will not be brought up for a week.

NEW RESERVOIRS BEING USED NOW BY THE CITY

Pendleton people who got up early this morning to water their lawn were astonished by the force with which the water issued from their hose and could not understand the increased pressure until they learned that the old reservoir, used for so many years, has been abandoned for the twin reservoirs of the new gravity water system. Though the gravity system will not be completed much before July 1, the water commission decided to make use of the reservoir before and last night gave orders for pumping direct into the new reservoirs. The new reservoirs are about 70 feet higher than the old one with a corresponding increase in pressure. This is especially advantageous to the residents of the hilly sections and it was for their benefit that the commission decided to make use of the new reservoirs at once. As the reservoirs fill, the pressure will be still greater and some of the old plumbing may suffer.

SCOTCH PIPERS WILL BE SEEN HERE THIS EVENING

Band from Portland on Way to Athena Will Make Stop Here.

Paspipe music will sound through the streets of Pendleton this evening and those who chance to be on the "main pave" shortly after the hour of 7 may see a little band of pipers, clad in their plaid kilts, parading along to the strains of their own stirring airs. The pipers will arrive this evening from Portland and will be met by Capt. Alex McDonald of Walla Walla, a piper of renown. They will be met by a delegation from the Pendleton Commercial association, escorted to the hotel and after eating will appear for their parade. They are the Scotch pipers who have been secured by Athena to grace

Plans are being made by many local people to go to Athena tomorrow for the "Pendleton Day" exercises of the big celebration. A great many will go by auto but train accommodations are good for those not fortunate enough to get seats in gasoline cars. A train leaves Pendleton at 8 a. m. and, returning, does not leave Athena until 4.55 p. m., or after the exercises are over.

Will M. Peterson has been selected by the local Commercial association to make the response to the address of welcome which will be made to the Pendleton visitors.

An event on the program which will prove of especial interest to local people will be the horse race between Pendleton and Athena teams. The Pendleton team shipped their cart this morning and will follow in the morning. Though handicapped by lack of practice, they expect to make the contest interesting. Two races, one a hub-an-hub over a 150 yard course, and the other a wet test will be run. Her annual Caledonian picnic and they will be taken by auto to that place about 5:30.

WOOL SALE SHOWS PRICES FOUR CTS MORE THAN IN '13

Large Number of Clips Change Hands at Pilot Rock Today—at Noon Nearly 200,000 lbs sold.

With prices ruling in some instances as much as four cents a pound above the prices paid in May, 1913, the first regular wool sale was on at Pilot Rock today and a large number of clips changed hands.

At noon nearly 200,000 pounds had been sold and it was then estimated that before the sale closed this afternoon a half million pounds would have passed from the grower to the buyer. Pat Doherty was the only sheepman who had offered coarse wool up to noon and it brought 19 cents. The top price, 18 cents, for fine wool was received by the Cunningham Sheep & Land Co. The following were the sales as reported at noon:

- Cunningham clip, 110,000 lbs. to E. J. Burke, 18 cents.
- Pat Doherty clip, 40,000 lbs., coarse to J. P. Dufur, 19 cents.
- Pat Doherty clip, 10,000 lbs., fine, to A. Livingston, 17 3/4 cents.
- S. G. Jones clip, 18,000 lbs., to Holden & Frankenstein, 16 3/4 cents.
- A. P. Warner clip, 8000 lbs., to C. H. Greene, 17 1/4 cents.

GIRL TELLS STORY OF BEING ENTICED FROM HAPPY HOME

Pretty Madge Grothe Tells Police She Became Infatuated With Stranger and Left Parents.

BOTH TAKEN TO WALLA WALLA

Wilbur R. Wolf Probably Will Face Charges of White Slavery and Forgery in Connection With Arrests Made in This City—Man Admits He Is Already Married.

That she left a good home to accept an alluring position as book and map saleswoman offered her by Wilbur R. Wolf, later became infatuated with him and consented to travel as his wife upon his promise to marry her was the statement made yesterday afternoon in the police station by pretty Madge Grothe, college graduate who was picked up with Wolf in this city yesterday by Chief Kearney and Deputy Sheriff Estes and is being held as a witness against Wolf, who will probably be accused of both white slavery and forgery. The two were taken to Walla Walla last evening by Sheriff Mike Toner and the charges will be brought in that city.

The denouement came when Wolf admitted to Walla Walla officers that he had a wife and children in Seattle. His fair companion declared it was her first knowledge that he was a man of family and it was after this disclosure that she told her story. She was not willing to condemn her betrayer and half defended him while she made her statement.

She stated that a little friction at home made her desirous of earning her own way in the world and that the offer made by Wolf seemed a good one. They worked together selling books and maps for a short time in Seattle, she said, and later took the road together. As they became more intimate, she became infatuated with him with the result that they traveled everywhere as man and wife.

They stopped at the leading rooming house in Walla Walla, according to reports from that city, and it was there that the end of their liaison began. Wolf is alleged to have bought a money order for \$35 payable to his wife in Seattle and to have paid for it with a worthless check. He was traced to this city and it was while investigating his movements that the officers began to suspect a more serious charge. In Walla Walla Wolf represented himself as connected with a Boise farm journal.

The local officers believe the young lady told a straightforward story for her appearance of refinement and her conversation bore out her statements that she is new to the kind of life she was leading.

POLICE AND WOMEN CLASH AT KING'S PALACE, LONDON

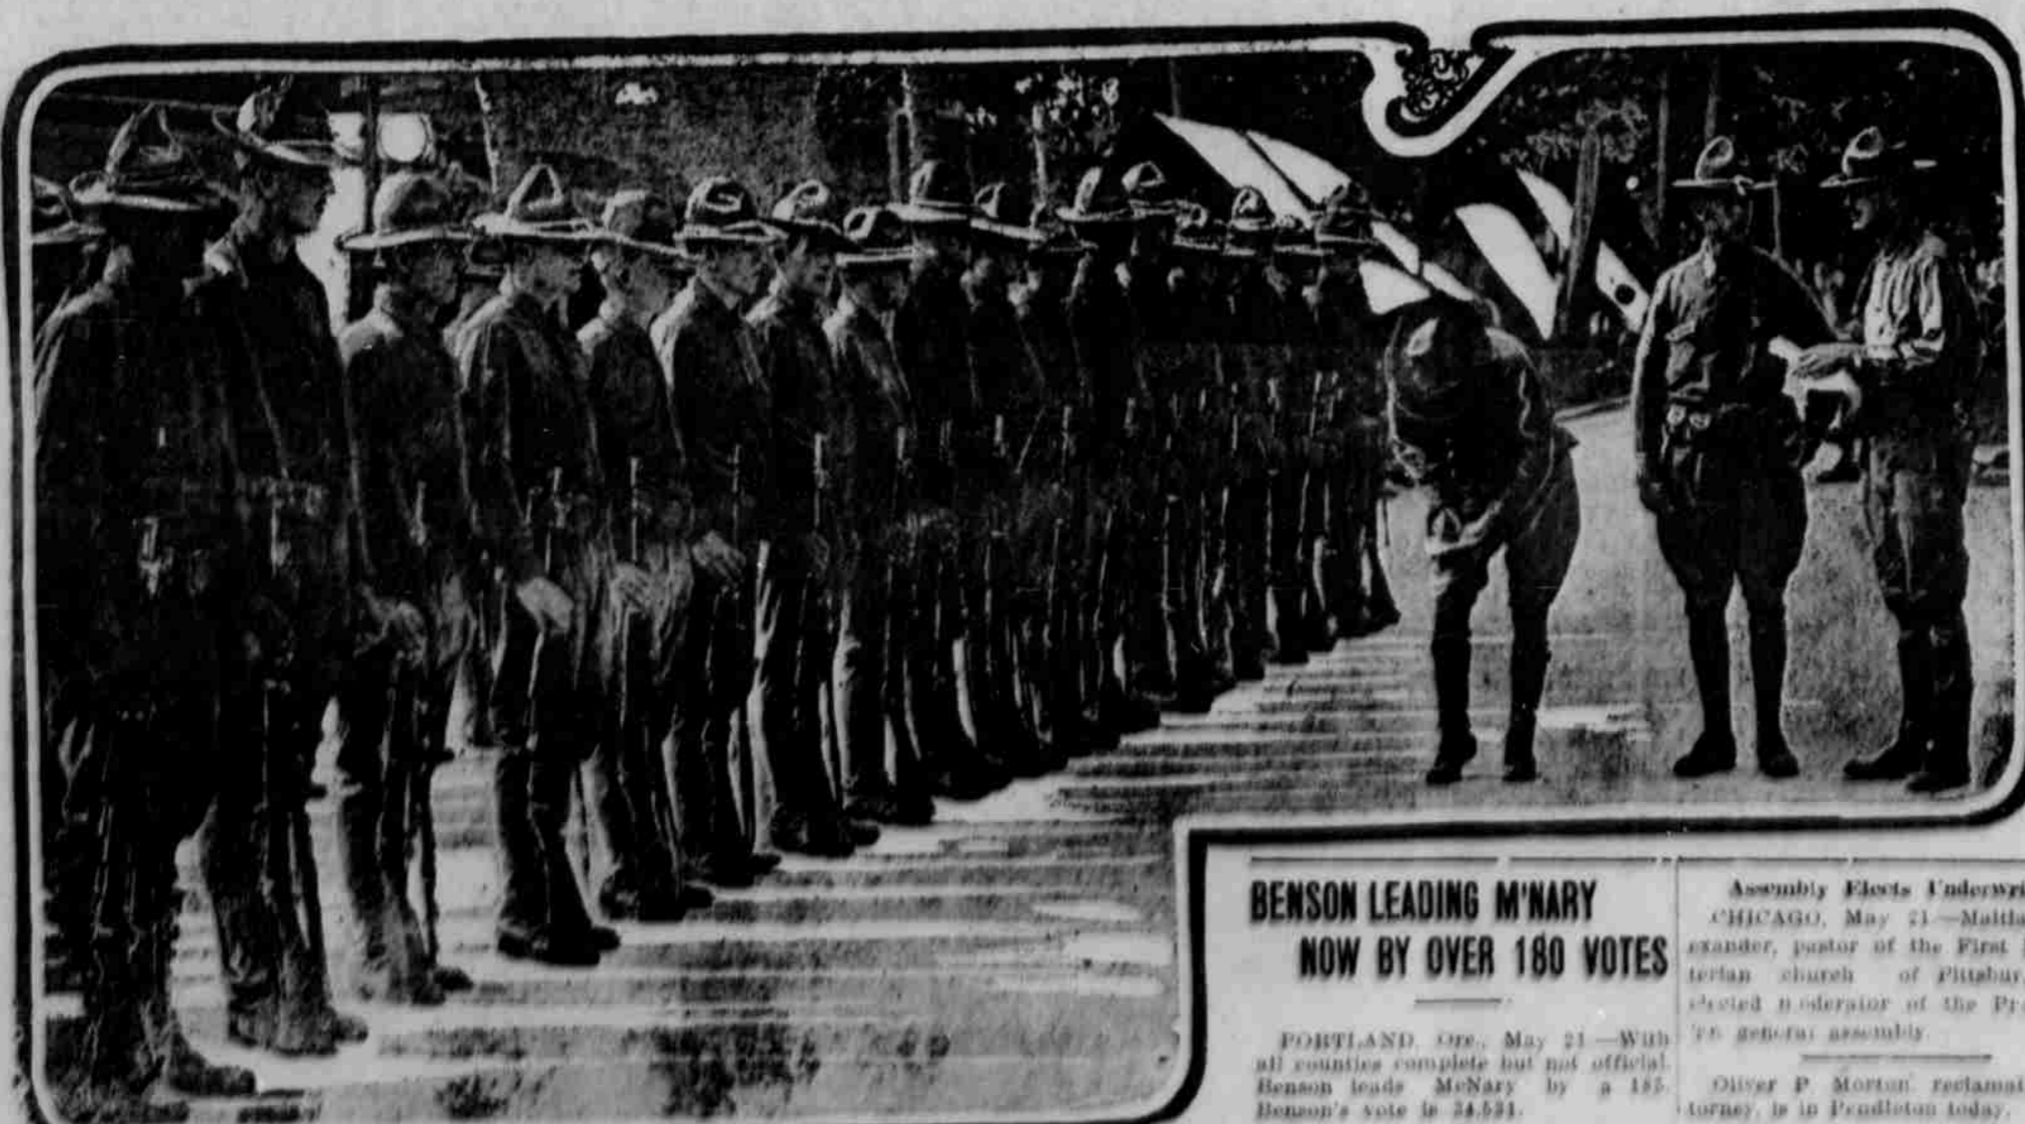

LONDON, May 21.—Suffragettes and sympathizers to the number of several thousand had a hot encounter with a force of a thousand policemen while marching on Buckingham palace, the king's London residence. The affair was prefaced by an announcement from Emmeline Pankhurst she would visit Buckingham and demand an interview with the king. A procession was formed but in the meantime police rushed to the royal park gates and more patrolled inside the park. In a flying wedge the women tried to break through the police lines. A struggle ensued in which about forty arrests were made, including several men.

JAIL FOR WOMEN PRISONERS LIKELY TO BE CONSTRUCTED

As a result of the disclosures made of the conditions in the city jail resultant from the lack of any separate compartment for women, a new jail will doubtless be constructed for women only. The local ministers who investigated the jail Tuesday afternoon, met with members of the council yesterday afternoon and last evening Councilman J. E. Montgomery brought their request to the attention of the council. After a discussion in which the need for the jail was admitted generally, the matter was referred to the house committee and members of that committee this morning voted their approval of the plan for a separate jail. Councilman Murphy, who was a part of the administration under

which the city hall was built, declared it was an oversight that a separate jail was not built when the building was built and he admitted that the blame might be placed upon him but excused himself facetiously by the remark that he had always had the much respect for women to think they would do anything warranting imprisonment. He declared the matter had never entered his mind until he read the recent articles in the newspapers but approved the plan of segregation although regretting the necessity of expending the amount of money required. Chief Kearney is very pleased at the prospects of a new jail, accommodations for women prisoners as he has advised the additional jail for some time.

A DETACHMENT OF THE FOURTH REGIMENT OF FUNSTON'S FIFTH BRIGADE, ANSWERING THE ROLL CALL IN VERA CRUZ

BENSON LEADING M'NARY NOW BY OVER 100 VOTES

PORTLAND Ore., May 21.—With all counties complete but not official Benson leads McNary by a 185. Benson's vote is 24,524.

Assembly Elects Underwriter. CHICAGO, May 21.—Maitland Alexander, pastor of the First Presbyterian church of Pittsburgh was elected underwriter of the Presbyterian general assembly. Oliver P. Morton, reclamation attorney, is in Pendleton today.
