LANE SUGGESTS DEVELOPMENT BOARD FOR ALASKA

WASHINGTON, June 2.—Secretary of the Interior Franklin K. Lane today ridiculed Alaskan government-aided tape in a report to the senate and house committees on territories and strongly urged that the territory be put in the hands of a development board of three members to have headquarters in Alaska and be charged with everything having to do with natural resources. Bills in accord with Secretary Lane's recommendations have been introduced in both houses.

Queen Thelma Given Reception by Pendletonians

title, by aid of the Prince of Rosaria, defender of Portland as the home of the Rose, Thelma, Queen of Rosaria, hereby proclaims: It having been the edict of the people of Rosaria, that their queen should leave the capital of her kingdom, the City of Portland, and visit the ruling powers of the neighboring principalities for the purpose of forming them of the approaching days of festivity in honor of the Rose to take place June 9, 10, 11 and 12, in the Year of Our Lord nineteen hundred and fourteen, in the City of Portland, under the name of the Rose Festival, it is with unfeigned pleasure that we, by proclamation, express the royal thanks for the reception extended to us and to our Princesses of Rosaria upon the occasion of our visit to the City of Pendleton, Oregon.

The unbounded hospitality and generous consideration received, lead us to believe that "hands-together-up-and-down-the-coast" is a reality and by this unity of purpose we are bound to become the theater of the world's action ere long. The whole-souled manner and the truly royal and neighborly spirit manifested leads us to direct and command all of our loyal subjects to open their homes to afford entertainment to any or all residents of the City of Pendleton, and whether they come today or tomorrow, this year or next, and whatever the occasion may be, let each loyal subject extend a welcome as broad and generous as the heart can make.

Especially are they invited to join with the subjects of our realm upon the festival occasion soon to take place, and an assurance is given that in June-time it is fitting that all indulge in a Rose-time and a good-time in Portland.

Signed by Her Royal Majesty, THELMA, Queen of the Kingdom of Rosaria. C. C. COLT, Prince of Rosaria. H. R. ALBEE, High Lord Mayor.

Another special proclamation was presented to the Roundup directors, "loyal subjects of Let 'er Buck" thanking them especially for their courteous and chivalrous reception and extending them a special invitation to attend the Rose Festival.

The queen and her retinue have just finished a tour of the principal cities of Washington and are now enroute through eastern Oregon to Salt Lake, on to Los Angeles and north through California and the Willamette valley to their home city. Philip S. Bates is accompanying the party as business manager. Mrs. David Campbell as chaperone, Mrs. W. P. Strandbork as publicity manager and Mrs. J. Dahl as trained nurse.

NEWS OF FARM AND RANGE

COUNTY EXPERTS DO MUCH VALUABLE WORK

PROF. FRENCH, STATE LEADER, TELLS OF WORK IN THE NORTHWEST.

"The good results of the work of county demonstration agents are beginning to appear," said Professor H. T. French, state leader of farm demonstration at the Oregon Agricultural College. "While it is impossible to measure the value of their most valuable accomplishments in dollars and cents, reports of 156 agents in the states of the northern and western parts of the United States show the value to farmers to be more than one and one-half millions of dollars. The work they did in organization, co-operation, maintaining soil fertility, improving livestock herds, educational work, is an investment for future benefits the value of which time only will show.

"During the part of the year 1913 in which they carried on their work these agents visited 46,873 farmers on their own farms, cooperated in agricultural betterment with one-half that number, addressed 6014 meetings and organized 757 cooperative bodies. They prepared and published 376 emergency circulars, 1174 timely articles for the press, and wrote 67,933 personal letters to farmers on local problems. More than 300,000 acres of field crops were grown under their direction.

"The agents supervised the planting and culture of thousands of acres of orchards, and gave spraying directions for many kinds of trees. They organized almost 2000 farms, and made working plans and crop rotation systems for as many more. They were directly responsible for the building of 1804 silos and the improvement of many homes. They assisted in the purchase of 719 registered sires and tested 16,927 cows for production. They were instrumental in the vaccination of 195,866 hogs for cholera, in many cases making the vaccination themselves.

"The system is new in Oregon but already work of the greatest value to farmers has been accomplished by the agents now in the field."

W. W. Harrah and Tom Robertson left yesterday for Seattle as representatives of the local Farmers' Union at the tri-state convention of that organization.

Peter O'Sullivan, well known sheepman of Ritter, is in Pendleton, having brought his wool clip in.
