Servians Side With Greeks.
 CONSTANTINOPLE, Turkey, June 25.—Servia has warned the port that she will not be able to remain on friendly terms with Turkey in the event of a war with Greece. It is believed that this warning will have a calming effect on the extremist parties, which are urging the government to hostilities.

PROCEEDINGS TO IMPROVE W. ALTA TO BEGIN ANEW

CITY COUNCIL SOLVES PROBLEM OF IMPROVEMENT OF THOROUGHFARE.
 Adopting a resolution abandoning and dismissing all proceedings heretofore taken relative to the improvement of West Alta street, the city council last evening solved the muddle into which it had gotten itself and will now commence all over again. The dismissal was made without prejudice to further attempts at improvement and immediately a preliminary resolution declaring the intention of the council to order the street paved was passed.

The action was taken upon the offer of W. C. E. Pruitt, representing the proponents of the improvement, to defray the expenses of the new proceedings in case a 50 per cent remonstrance was filed. Councilman Murphy was the only member opposing the resolutions in the voting. Mr. Pruitt declared that many property holders who had signed the previous remonstrance would not sign another. He said the majority sentiment was for paving now because their street is now only an alleyway and that unless it were improved this year that it would remain as it is for several years.

The council also, at the suggestion of City Attorney Carter, passed a resolution making it impossible for any property owner to remove his or her name from a remonstrance once it had been signed. It was this removal of names that caused the council to become entangled before.

Another Block to Be Paved.
 Matlock street between Court and the river was ordered paved last evening, no remonstrance having been filed. The distance is but a block and bounds Round-up Park on the east.

NEWS OF FARM AND RANGE

Creamery Business Grows.—Farmers in the Ukiah vicinity are selling much cream to the creamery at that point and the cream makes a regular source of income. In the last few years during which time the creamery has been operated by J. H. Hacker the weekly output has increased from 1500 pounds to 1000 pounds. The butter is hauled once each week to Pilot Rock and there shipped by rail to various distributing points.

Rain Bad For Hay.—Though the recent rain may be pleasing to some people it is not welcome by Birch creek farmers who have much hay down. The first crop of hay is yet in the fields and the farmers would like some clear weather so as to be able to finish their hay harvest.

Some Wheat Knocked Down.—Last night a severe wind storm followed by a heavy rain and in some places by hail occurred on the reservation, with resulting damage to wheat. Reports show some wheat to have been knocked down but the extent of the injury is not fully known. Apparently the storm did no damage north of the river.

Grain Bags at 6 Cts.—Activity towards selling grain bags for next year is already underway here and according to reports the prices offered are very low compared with present prices. Farmers say they have been offered bags for next summer delivery at six cents. As far as is known no sales have occurred.

Wheat Market Quiet.—There is no business in the local wheat market today according to the buyers, all of whom state they are out of the market just now.

Sheep Shipped to Denver.—J. N. Burgess, prominent sheepman, is today shipping ten cars of sheep from Pilot Rock to Denver and other eastern points.

Sommerville Barn Burned.—Dr. E. J. Sommerville has received word that on Sunday night the barn on his Dry Creek ranch near Milton was burned together with much hay and 15 head of horses. The horses were owned by the tenant Bird Boylen.

RUSS HALL, UMPIRE, GIVES UP POSITION IN LEAGUE

Russ Hall, umpire extraordinary of the Western Tri-State league and who is now officiating here for the Pendleton-Yakima series, today resigned his position to take the management of the Tacoma club of the Northwest league. However, he has consented to remain over tomorrow to umpire the booster day game.

Hall has been negotiating with the owners of the Tacoma club for some time and today came to terms with them. "Iron Man" Joe McGinnity, has been handling the reins, will do nothing but pitch hereafter. Hall had the management of the club several years ago and was a decided success.

His departure from the Western Tri-state league will be regretted by every fan of the four cities for during his two years' service he won the paradoxical title of "a popular umpire." Always master of the game, he ran it in a way that pleased both players and fans.
 President Rittner has not yet secured a successor to Hall but will try to get Roy Beck to officiate at Walla Walla next week.

IMPORTANT CITY IN REBELS' HANDS

(Continued from page one.)

Text of Telegram.
 "I have the honor to communicate to you that Tuesday at 6 p. m., the important city of Zacatecas was captured by the forces of the division of the north. We took many prisoners and captured a large quantity of ammunition and arms. There were large losses on our side.
 "General Trinidad Rodriguez was seriously wounded and General Maclovio Herrera was slightly wounded."

Few Details at Washington.
 WASHINGTON, June 25.—Reports of the capture of Zacatecas by General Villa's troops after a fierce and bloody battle came to the state department late last night in dispatches from Consuls Carothers and Edwards, quoting constitutionalist authorities at Juarez.
 Few details were given, but the reports said large numbers had been killed and wounded on both sides and that the victorious constitutionalists had taken many prisoners and quantities of war munitions and supplies.

ZACATECAS, Mexico, June 25.—After four days of preliminary fighting the final assault on Zacatecas took place yesterday, resulting in the capture of the city at 7:00 p. m. The battle was the most hotly contested during the present revolution in the belief of leaders here. Fourteen thousand federalists were entrenched in seemingly impregnable positions.

Five thousand prisoners were captured by General Villa's troops. Twelve cannon, nine military trains, six thousand rifles and three carloads of cannon and rifle ammunition were captured.
Freer Japan Shipping Asked.
 TOKYO, Japan, June 25.—It is reported that foreign shipping interests demand the removal of the restrictions on Japan's coasting trade.
 Charles Bordeaux of the American Brewing Co., of Baker has been looking up a location at Fort George, B. C.
