YAKS WALLOP BEARS HITTING TELFORD HARD

ELEVEN TO FOUR IS SUNDAY SCORE AND IT HELPS THE BUCKS ALONG.

WALLA WALLA, July 13.—The Braves won a slugfest off Telford here yesterday, in what was probably the worst game of the season. The former University of Oregon twirler, who won his first three games here all against Pendleton, was unmercifully slugged around the diamond and when the dust had cleared away 11 men had scored against only 4 for the Bears.

The fireworks started in the first inning when Yakima scored four Green had gone on by a force hit, McQuary was hit by pitcher and Berry sent out a high one to left field, which bounced over the fence. Krause singled, Webb singled, Krause stole third and Webb second, and as Sheely threw to catch Webb, Krause scored on the error in throwing.

Holmes got on by Lundstrum's error in the fourth and was scored by singles by Pugsley and Ford.

In the eighth the Braves batted clear around and once more. Five hits and five runs resulting in the ninth, Pugsley's single and Ford's double brought them in another run.

Childers' single and Johnson's triple gave the Bears their only earned run in the first. Johnson later scored on Webb's error throwing to second.

In the third, Childers singled, Johnson doubled and Childers later scored from third on Ford's error in falling to hold a thrown ball at first which would have completed a double play and retired the side with no runs. The ball was perfectly thrown.

Sheely's double, a passed ball and Harrod's error scored the Bears' first run in the sixth. They had other good chances to score but failed miserably at bat against Pugsley.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

TAKE TABLESPOONFUL OF SALTS IF BACK HURTS OR BLADDER BOTHERS.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have aching pains in the back or the urine is cloudy full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

FITCHNER WINS EASY IN LAZY MAN'S GAME

BUCKS TAKE SUNDAY MORNING SNAP BY SCORE OF SIX TO NONE.

Fitchner won a lazy man's game yesterday morning, winning six to a shutout with deliberate ease. Cellars, drawn in from his out ground again for slab duty, had not the luck which had attended his previous twirling efforts and was bumped hard during the first few innings.

Twice and twice only did the Kubs see the word opportunity written on the bases. It was written so plainly that it appeared easy to spell, but both times King's men flunked. In the third and in the ninth, Fitchner allowed the bases to fill with none out and each time drew himself out. From the manner of his work, it looked as if he had deliberately put himself in a hole to test his pitching powers. If so, he should have been satisfied with the result.

In the third he walked Fulwider and both Sutherland and Cellars hit safely. Lind and French, two of the most consistent hitters on the Kubs team, fanned, and Sigby fouled out to Briggs. In the ninth, the three first men up drew complimentary but a double play and a whiff kept the scores from the plate.

As for the Pendleton scores they were easily made. Mensor opened the first with a single to the fence, was sacrificed along by Lodell and scored on Pembroke's and Varian's narrow-margin hits.

In the second with two down and one on, Mensor tripled, Lodell singled, Naughton doubled and Pembroke delivered a scratch hit, all good for four markers. The third saw Peterson single, go to second on a sacrifice, advance on an infield out and register on French's error. Cellars tightened in the fourth after two had gone on and thereafter managed to keep out of trouble. In justice to him, it must be said that his support was not of the sentimental order, though the error column does not show many boots. The Pendleton support, on the other hand, was airtight.

Sutherland pulled the prize skull in the fifth. He poled out one to the left field fence and, having rounded second, started for third with the ball in the shortstop's hands and allowed himself to be tagged. Whether he thought Briggs caught the ball or whether he thought it went over the fence, he never explained.

REBELS WON'T COMPROMISE WITH HUERTA; WILL FIGHT ON

WASHINGTON, July 11.—All hope is abandoned that Carranza will send representatives to confer with the Huerta envoys to the peace conference at Niagara Falls. All advice indicate the rebels are determined to fight it out rather than to yield a single point in the way of a compromise. The arrival of Carranza's defiant refusal to negotiate with Huertistas is expected Monday of Tuesday. The mediators said they had no comment to make. Huerta's speedy overthrow is predicted.

Women Tried As Internes. NEW YORK, July 12.—Dr. May Walker, Dr. Helen Palisser and Dr. Anna Johnlands, the women named as internes in Bellevue hospital, began their duties. They said they were prepared to jump on the ambulance or perform any other duty that falls to internes.

Dr. Walker, who is a voter from California, said the appointment of women as internes was a definite step forward in woman's struggle for equality with man.

The three young women were graduated from the Cornell Medical school. Another graduate is Miss Geraldine Watson, who will become a eillevue interne next January.

BUCKS WIN FINAL GAME IN PENDLETON

WITH OSBORNE TWIRLING KUBS GO DOWN FOR SECOND TIME IN DAY.

Pendleton made it two for the day yesterday by riding through a pretty game with a lead that was secured early and lasted late. The final score was 3 to 1 but it came so near being something else in the ninth that the hearts of the Pendleton fans missed a few beats. It was the last game of the local schedule and the band was out to help the home boys along.

Osborne came near getting a shut-out but weakened or loosened in the ninth inning after two men had gone down. Togneri, Fulwider and Cellars each hit in succession, scoring one and almost another. Fulwider tried his hardest to register on Cellars' long blow but he was nailed at the plate by several feet. Once before he had been caught on a similar play.

Sutherland twirled a good game but he was touched when his meant runs. In the second Varian opened with a single, moved up when Peterson drew a walk and scored on Whitt's single. Peterson was caught at the plate in trying to follow Varian home and protect Whitt, who had started for second.

Sutherland opened the first by hitting Naughton on the foot and then wildpitched him to second. A sacrifice bunt pushed him to third from which station he was brought to the oblong by Peterson's safe crack.

Lodell scored Pendleton's third and last one spot. Walking to first on a free ficket, he was given second when Sutherland bailed in his delivery. Varian's double, that persisted in eluding outstretched hands, scored him. Varian himself reached third on Peterson's single, but Briggs popped out, ending the inning.

Pendleton had a last opportunity in the eighth when Naughton, first up, doubled and took third on Nadeau's poor peg in. He was caught at the plate, however, on a close decision.

ONE OF THE TEN I. W. W. AGITATORS ON TRIAL

Rebecca Edelson, The above is a photograph of Rebecca Edelson, one of the ten surviving defendants in the free speech disorders in Tarrytown, N. Y., whose trials were postponed July 6 until July 20. Justus Sheffield, their counsel, requested the adjournment because of the absence of witnesses who were either sick or dead. The dead witnesses are Arthur Caron and Charles Berg, who were blown up and killed in the New York bomb explosion, July 4.

TOWS A BOAT IN PRACTICE FOR ENGLISH CHANNEL SWIM

Sam Finkelman is preparing for his attempt to swim the English Channel in September, and his practice shows him doing stunts that no other swimmer has thought of. He has been swimming about New York bay with the end of a tow line of a small boat in his mouth, pulling it about.

This playing tug is one of Finkelman's favorite pastimes, at least when he is training for a long distance race. He claims that it develops strength and endurance. His method of procedure is to seize the boat's painter between his teeth, then start out with a powerful stroke and pull the loaded craft after him. Several times in the past he has thus piloted a heavy skiff for miles.

Nude Girls Locked Out. STOCKTON, Cal., July 13.—When two young women, sisters of this city, decided to take a shower bath in the woods, under the spirited squirt of a garden hose, they made all the necessary preparations in the house, except that of telling their mother of their plans.

They ran from their back door to the woodshed and soon were on the return dash, dripping wet. But mother had locked the back door. In chilly panic the girls ran around the house and up the front steps and found the front door locked. They sought seclusion in the basement, where a deputy sheriff, summoned by a neighbor, found them attired in grain sacks.

From the darkest corner explanations were made and the deputy retreated after inducing mother to unlock a few doors.

But the Bear Can't Talk. INDEPENDENCE, Kan., July 13.—A novel defense has been put up by Manuel Freeling, a negro under arrest here on the charge of violating the prohibitory law.

He says the barrel of bottled beer captured at his place was for his pet bear, with which he does a vaudeville act. Manuel says the bear drinks lots of beer and just naturally has to have it, and that was why he had so much on hand. It was all on ice, too, by the way.

Baby sleeps and grows while mamma rests if Hollister's Rocky Mountain Tea is given. It's the greatest baby medicine ever offered loving mothers. 35 cents, Tea or Tablets. Tilmann & Co.—Adv.

Rope Barks the Lightning. MARSHFIELD, Wis., July 13.—While a gang of railroad men were at work repairing a washout on the Soo, between Colby and Unity, at a place where the tracks cross a ravine, the water was held back by a dam forming from the refuse washed in above, making a pond of water fourteen feet deep. While attempting to break the dam a laborer asked that a rope be tied around his body and held by a man on shore.

While at work a storm came up and, following a blinding flash of lightning, the man on the dam was seen to reel and fall in the water. He had been struck by the bolt. The man holding the rope, calling for assistance, began pulling the man, who was unconscious, ashore. Prompt action saved his life.

SUES DOCTOR FOR \$30,000 FOR REMOVING ANKLE BONE. PARIS, July 13.—Thirty thousand dollars for an ankle bone is demanded by Paul Misene, a French gentleman rider, from Dr. Bernard Cuneo, who operated on Mr. Misene after the gentleman jockey had been injured in a fall at the Douai races in 1909.

He declares that Dr. Cuneo promised him he would not remove the astragal or main ankle bone, Misene declaring that he had received medical advice that it would be dangerous and that he would use the use of his ankle which he says has happened, totally unfitting him for riding.

He asserts that Dr. Cuneo promised not to cut away the bone, but did so. The case has been referred for adjudication to three medical experts.

COMB SAGE TEA IN HAIR TO DARKEN IT

IT'S GRANDMOTHER'S RECIPE TO KEEP HER LOCKS DARK, GLOSSY, THICK.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.

A delegation of citizens from Murphysboro, Ill., birthplace of Gen. John A. Logan, called on Gov. Dunn of Illinois and asked his co-operation in a nation wide movement to erect a magnificent monument to Gen. Logan at Murphysboro.

CANT ARREST CONVICTS WHO VIOLATE THE LAW. FORT COLLINS, Colo., July 13.—Charges are made that the convicts in the road camp at Ester Park are catching fish under the "age" limit allowed by the law.

When a citizen made complaint to Game Warden Gray he was put in a quandary.

"Suppose it proves true?" he asked, "what are you going to do? They are already under arrest. How are you going to punish them?"

"A Work of Genius" -New York Current Opinion

THIRD LARGE PRINTING OF CHANCE By Joseph Conrad

What Well-known Critics and Writers say:

Louise Joseph Vance: "Chance" seems to me to be an extraordinary achievement, a book of tremendous power. I have a feeling that the figures of DeBarral, Flora and Anthony will haunt me for years.

Rey Beach: Joseph Conrad stands for the highest mark in present day English fiction. I consider him the greatest living author in the English language.

Kate Douglas Wiggin: I do buy, circulate and praise Joseph Conrad.

Chance is Conrad at His Best. New York Tribune
