## NEWS OF FARM AND RANGE

### FARMERS OPPOSE RISE IN WAREHOUSE RATES

#### TWO COMPANIES DOUBLE CHARGES ON WHEAT TO JANUARY 1.

That the ownership of warehouses by farmers organization is just now standing between the farmers and the necessity of submitting to a doubling of warehouse charges is the opinion of local officials of the Farmers Educational and Co-operative Union. They assert the old line companies endeavored to induce the farmers union warehouses to join in a general advance of warehouse charges. This the farmers refused to do, asserting that the old charges net good profits.

Despite the refusal of the farmers warehouses to join the move at least two companies, the Pacific Coast Elevator Co. and the Puget Sound Warehouse Co. have advanced their rates so that the charge is now 50 cents a ton for the first 30 days and 10 cents a month for each subsequent month. This means \$1 per ton until the first of the year whereas the old rate was 50 cents a ton until Jan. 1, after which 10 cents a month was charged.

H. W. Collins states that there will be no advance in rates by his warehouses, the old rate of 50 cents a ton until Jan. 1 being still in effect.

**Bees and Fire Blight**—There has been considerable agitation in some parts of the state in regard to the distribution of pear blight (fire blight) by bees, some even going so far as to advocate preventing the keeping of bees in the vicinity of the orchards the claim being made that the bees are very largely responsible for the distribution of blight. That bees are a responsible, no one can question. However, the destruction of the bees would result undoubtedly in infinitely more harm than good, as they are largely responsible for the pollination of the apple. Without them there would be little setting of fruit. It is necessary therefore that the blight problem be solved in another manner.—W. S. C. Bulletin.

**Level of Beef Prices**—The level of prices paid to producers of the United States for meat animals decreased 1 per cent during the month from May 15 to June 15, according to government reports. This compares with an increase of 1.8 per cent in the price level from May 15 to June 15 last, a decrease of 2 per cent two years ago, a decrease of 1.7 per cent three years ago, and a decrease of 1.1 per cent four years ago, from May 15 to June 15. In the six months from December 15 to June 15 the level of prices for meat animals advanced 5.4 per cent. This compares with an advance of 15 per cent during like period a year ago, an advance of 16.8 per cent two years ago, and decline of 12.3 per cent three years ago, from December 15 to June 15.

**Crop Not so Large**—In quoting E. L. Smith on Saturday it was made to appear that the wheat crop would be 80 per cent less than last year. This was a mistake as what Mr. Smith wished to bring out was the fact that the crop this year will be 80 per cent of the crop last season or about 4-5th of last year's wheat yield. As stated then, Mr. Smith blames late frosts for the decrease. The quality, however, will be of the superior kind.

**Grain Not Damaged**—Major E. L. Swartzlander who is in from the reservation today says that very little rain fell there Saturday or early this morning. The grain is in fine condition and threshing on the 200 acres at the Indian school will start next Saturday, he says. Three or four combines on the reservation have been at work on the barley and at the Kirkpatrick and John Crow places threshing has begun. Threshing in general will be well under way next week, the major says. The heavy storm of this morning must have been a local affair for with the exception of a loud clap of thunder and a few drops of wet, the reservation district was free from any disturbance.

**Foreclosures are Filed.**  
 Suits for foreclosures on property in the Hermiston district were filed this afternoon with County Clerk Saline by the Maxwell Land and Irrigation company. Proceedings are asked to be taken to foreclose on notes alleged to be overdue. The defendants in the separate suits are: The Robinson Orchard company, the Indiana-Oregon Fruit company and the First National Bank of Hermiston, Anthony Wayne Fruit company, Badley Hough, Ohio and Indiana Orchard company, Erie Umatilla Fruit company, F. B. Roscoe, Kirkwood Orchard company, Penn-Oregon Fruit company, H. J. Knight and Jane Doe Knight, his wife, and H. F. Yokes and Jane Doe Yokes his wife.

## PRINCIPAL WITNESS AGAINST MRS. CARMAN

**Elwood Barden.**  
 FREEPORT, L. I., July 13.—Elwood Barden, the insurance collector, whose testimony at the coroner's inquest into the mysterious death of Mrs. Louise Bailey who was slain in Dr. Edwin Carman's office here more than a week ago resulted in the arrest of Mrs. Florence Carman, wife of Dr. Carman. He said that on the night of the murder he saw a woman, resembling Mrs. Carman, running away from the window through which the shot was fired that killed Mrs. Bailey. Barden swore that he was walking in front of the Carman home at the time the shot was fired and looked in time to see Mrs. Carman or a woman who looked like her running towards the rear of the house.
