NEW CROP WHEAT IS REACHING PORT

EXPORTING SOON UNDERWAY; MARKET SLOW WITH INDIATIONS GOOD

PORTLAND, Ore., July 12.—Crop reports from practically all parts of the state are exceedingly encouraging and it is expected that Portland will experience during the fall and winter the largest season of shipping in its history.

In central Oregon frost did some damage to wheat, but in spots the grain shows up fine and will yield well. This, however, will not have any material effect on the crop situation as a whole. The hay crop in the central part of the state is excellent and cattle are said to never have been in better condition.

New wheat is now beginning to pour into Portland and soon cargoes will be leaving here for Europe. The market is still quiet because of the attitude of the European growers, both sides playing a waiting game. The tone of the market seemed to show some improvement towards the close of the week, however, and a little more activity may be looked for this week. The orient is said to be in the market in a small way for early delivery.

White Wolf's Power Gains.

PEKIN, China, July 13.—White Wolf's organization has expanded until five provinces—Honan, Shensi, Kansu, Hubei and Anhui—are harassed by his bands. These provinces recently sent an urgent appeal to the central government, and President Yuan Shih-wai sent the grizzled General Chiang Kai Shi, the veteran suppressor of many rebellions, to Kingtzekwan, Honan, to operate against White Wolf. The general reports he has defeated a White Wolf detachment near Kingtzekwan.

ACKNOWLEDGE IT. Pendleton Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Pendleton given below, you must come to this conclusion: A remedy which proved so beneficial to years ago with the kidneys, can naturally be expected to perform the same work in similar cases. Read this: Mrs. William McGregor, 711 Lillie St., Pendleton, Ore., says: I was troubled more or less all my life by weakness of the kidneys. My hands and feet swelled and sometimes my whole body bloated. A steady pain in the small of my back annoyed me when doing my work and it was hard for me to straighten after stooping. When I did stoop, sharp twinges shot through my back and sides. Dizzy spells and headaches were common and I couldn't rest well. In the morning I felt all tired out. It would be hard to describe the misery I went through. I tried a great many remedies and spent a great deal of money for doctors' treatment, but got no relief. Finally, I saw Doan's Kidney Pills advertised and the first box helped me. Continued use of Doan's Kidney Pills cured the aches and pains in my back and regulated the action of my kidneys. I am now in good health. I am glad to confirm all I have said about Doan's Kidney Pills when I endorsed them before.

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McGregor had. Foster-Milburn Co., Props., Buffalo, N. Y.

PRINCESS ALEXANDER OF TECK WIFE OF THE NEW GOVERNOR OF CANADA.

Princess Alexander of Teck, Ottawa, Can., July 10.—High hopes are being entertained here that the wife of the new governor-general, Prince Alexander of Teck, will not plan to restrict official gaiety too much. The prince and princess will be here at the expiration of the Duke of Connaught's administration.

It is well known that the prince and princess have lived in almost democratic simplicity, partly from choice, partly from financial limitations, but it is not believed this will be their attitude when they come into their new kingdom.

STATES WILL HELP AGAINST DISEASES AMONG INDIANS

PORTLAND, July 13.—The several state health boards of the states where Indian reservations are located will soon be in position to cope with diseases and quarantine reservations when necessary, as a result of action taken recently at a conference of state and provincial boards of health at Washington.

This is the information brought to Portland by Dr. Calvin S. White, secretary of the state board of health, who attended the conference and has just returned.

"At Washington we met with Commissioner of Indian Affairs Sells, among others," said Dr. White, "and discussed health regulations for Indian reservations. Heretofore the Indians have been considered as wards of the federal government and all reports went direct to Washington.

Pellagra Spreading Fast. "Now, however, each report will be made to the state health board as well, and the boards are put in position where they can control conditions affecting health. For example, the Oregon board will soon be able to begin work of eradicating trachoma, an infectious eye disease, which is very prevalent among Indians of several reservations in Oregon. On one reservation alone 50 per cent of the Indians are affected. The board is now getting out a bulletin on the treatment of the disease."

At the conference the physicians told of the astounding increase of pellagra, and cancer, particularly in the east and southern states.

"There are over 75,000 cases of pellagra in the United States to-day, and from a comparatively small area at a few years in the south a few years ago, the malady has spread to virtually every state in the union," he said. "Of 12 victims, 7500 are in the insane asylums. In Oregon we have had four cases."

SIXTEEN CENTS TO BUTCHER IS PREDICTION OF PACKERS AS TO BEEF THIS FALL

CHICAGO, July 13.—Meat prices will rise above the record figures of recent years, despite the huge grain crop, according to packing house representatives, who have asserted that the present scarcity of cattle and the effect of dry weather on grazing lands would more than offset the enormous grain yield.

A price of 16 cents to the butcher for beef was predicted as an early possibility, and it was pointed out by one of the packing house men that cattle are now higher than for some time. Scarcity of grass-fed cattle was referred to as a factor in the predicted advance.

The dry summer in the west last year, one of the representatives of the packers said, was the chief cause of the scant supply on the hoof, and another declared that the demand for meat exceeded the supply and naturally caused prices to advance. All agreed that meat prices showed signs of rising.

BIG JUMP IN HOG PRICES IN PORTLAND

LIGHT RUN WITH 30 PER CENT RISE NOTICEABLE FEATURE OF WEEK.

PORTLAND, Ore., July 13.—The feature of the livestock market the past week at the yards in North Portland was the light run of hogs and the advance of 30 cents that followed as a result. The market is strong, with \$8.50 for tops. Reports from other leading markets during the week showed steadily advancing prices.

General hog market range: Best light, 200 pounds, \$3.30; Medium, 8.00 to 8.25; Heavy, 7.00 to 7.75; Fat pigs, 7.00 to 7.50; Liquidation of cattle was heavy, with quite a number of southern steers in the run and the native stuff of medium quality. No grain cattle were offered. Best grass steers are selling at \$7.10 for extreme top. Cows, \$5.75 to \$6.00. A fair demand for bulls is reported, prices \$4.00 to \$4.50; prime light veal calves, \$7.85 to \$8.00.

It seems the general opinion that there will not be any decided improvement in the cattle market unless receipts are considerably lighter than during the past week.

General cattle market range: Select light steers, \$7.25; Good to prime, 7.00; Top to choice, 6.75 to 7.00; Ordinary to fair, 6.50 to 6.75; Fancy cows, 6.75 to 7.00; Good to prime, 6.00 to 6.50; Ordinary, 5.50 to 5.75; Select calves, 8.00 to 8.50; Heavy, 7.50 to 8.00; Calf bulls, 5.50 to 5.75; Ordinary, 5.50 to 5.75; Ordinary, 5.50 to 6.00.

A rather light supply of sheep and lambs, with a strong demand for top grades, was reported all week. The bulk of sales of lambs was at \$5.90 for tops.

General mutton range: Best short yearlings, \$4.50 to \$5.00; Shorn wethers, 4.50; Best short ewes, 4.00 to 4.25; Light spring lambs, 5.75 to \$5.90; Heavy spring lambs, 5.25 to \$5.85.

NEW TREATY UNDERWAY BETWEEN U. S. AND BRITAIN

LONDON, July 13.—The American Ambassador Walter H. Page, speaking at the peace centenary meeting at the Metropolitan Tabernacle last night, referred to a new treaty between the United States and England.

Page speaking of the cordial relations now prevailing between the two nations and complimenting Viscount Bryce on the part he played in clearing up all difficulties between the two nations, the ambassador said it was the policy of the American people to have an alliance with none; where there was perfect friendship, alliance was not needed.

The old arbitration treaties between the two countries, however, had been renewed for another period, and he was free to announce that a new treaty was being concluded whereby a commission was to be set up, to which either government could refer any question arising between them.

Both governments, he added, promised not to begin hostilities until a commission had investigated and submitted its report.

That treaty, he said, was now virtually completed. The announcement evoked great outbursts of cheering.

Deafness is caused by an inflamed condition of the mucous membrane of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result. Unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever.
