HUSBAND OF VICTIM IN FREEPORT TRAGEDY

William D. Bailey embracing his daughter, Madeline, in front of court at Mincola where they testified before the grand jury.

17 year old daughter of the victim and her father William Bailey gave sensational testimony at the grand jury last session through which District Attorney Smith hopes to secure an indictment against Mrs. Florence Carman wife of Dr. Carman in whose office the tragedy occurred. Both Mr. Bailey and his daughter were dressed in deep mourning.

Freeport, L. I. July 21.—Every effort has been made to keep the grand jury proceedings in the Bailey murder case secret. Miss Madeline Bailey, \$2,300,000 IN POSTAL BANK. Chicago Branch Shows Gain of 27 Per Cent in Savings for Year.

CHICAGO, July 21.—The Chicago branch of the postal savings bank in the federal building showed an increase of 27 per cent in savings deposits and 29 per cent in the number of depositors during fiscal year just ended, according to figures compiled today by Postmaster Campbell.

With \$2,300,000 standing to the credit of 18,000 depositors, Chicago is the second city in the United States. New York leads, but Chicago has \$1,000,000 more in deposits than Brooklyn, the third city. Boston is the only other city to pass the \$1,000,000 mark.

June saw the largest postal savings receipts in the history of the service in Chicago, as \$214,777 was taken in New York's population is now estimated at 5,444,980.

TOO MANY AUSTRIAN DOCTORS Ministry Limits Number of Medical Students at University.

VIENNA, Austria, July 21.—Because of the continuous increase in the number of students in the medical department of the University of Vienna, the ministry of education has issued orders restricting the entries of new students to 400 each year. For the first semester in 1914 the entries were more than 600, entirely beyond the accommodations available. Consequently the students suffered, especially as regards training in the practical branches of medicine and surgery.

The ministry's action is induced largely also by the circumstance that Austria already has far too many doctors and that their number is every year growing at a rate utterly disproportionate to the normal rate of increase of the population.

NEWS OF FARM AND RANGE

Won't Increase Warehouse Charges —It is announced today by Will Moore, representative of the Pacific Coast Elevator Co. that there will be advance in warehouse charges on the part of that company. Neither will the Puget Sound Warehouse company increase its rates as was announced. It was proposed to change the storage charges so that the rate of 50 cents a ton would hold only for 20 days, a 10 cents a month charge being made after the first 20 days. However, this order has been cancelled as far as Umatilla county is concerned and the old rate of 50 cents a ton until January 1 will again apply this year.

Second Crop of Alfalfa—Dr. J. A. Best returned from a visit to his ranch near Echo and reports that while grasshoppers seem to be plentiful along the route, his land has not been touched. An excellent second crop of alfalfa is growing and there is scarcely the sign of a hopper on the place.

Sells 104 Head of Cattle—Walter Adams of this city completed a deal a few days ago for the sale of 107 head of cattle which go to A. C. Fry of Seattle. The price paid was \$7500.

Ranch Has New Owner—Judge Fee is now the new owner of the Walter Adams ranch of 1600 acres near Ukiah, the deal having been completed several days ago. The price paid was \$25,000. This did not include the majority of the cattle Mr. Adams had but only a few head, the implements and land. Mr. Adams has about 30 head more of his cattle running there.

Harvesting at Cayuse —Wyrick brothers have commenced harvesting on their wheat at Cayuse. John Todd and Sam Blitner, nearer town, commenced two days ago and are now in full swing.

Complain of Grain Bags —Complaints are being received from farmers over the poor quality of the grain bags this year, according to reports reaching here. The bags generally used here are the Calcutta bag, supposed to be the best in the market, but it is said that this year they are so poorly made that if accidentally dropped they burst and let the grain scatter. From seven to ten cents are being paid for bags. The farmers claim that the material seems to be the poorest of any past season and with the price that have been paid for them they figure the county wheat men will lose considerable this year.

Don't BUY a Franklin

UNTIL YOU KNOW

How much easier it is to drive than other cars; how much easier it rides; how much better it takes the hills and rough roads; how much simpler its mechanism and how much easier to care for; how much safer to ride in; how much cheaper it runs; and how much longer it will last. Then you will not consider owning ANY car but a FRANKLIN SIX-THIRTY.

HOW YOU MAY KNOW

We can prove it to you in a day's drive over smooth roads, rough roads, sandy roads and mountains. We can show you the things you would have to care for if you were driving some other car. We will let you drive it up hill, down hill, start it, stop it, etc. Then ask the other fellow to cover the same roads under the same conditions—THEN YOU WILL KNOW.

We can show you FRANKLINS that have run six, seven, eight years at the hardest kind of service and still in good shape. YOU CAN'T FIND OTHER CARS THAT HAVE DONE IT.

Is It Worth Your While?

Do you want to find out now, before you buy, or after, when it is too late?

YAKIMA HERE FOR FINAL LEAGUE SERIES

The North Yakima baseball team arrived in the city this morning from Walla Walla for the opening of the last series of the Western Tri-state season which started at Round-up park this afternoon at 3:30 o'clock.

Yakima is carrying but 10 men. Harrod is out of the game through having been called home to North Yakima because of illness in his family. The Walla Walla team passed through the city last evening en route to Baker and carried but 10 men also. Bridger, pitcher, and Wallace, outfielder, have both been released by the Bears and they will finish the season with as few men as possible.

Wilkins will hold the indicator for the game here. As the Buckaroos have been playing air-tight ball, the pennant seems certain to stay with them this season. Manager Ludell is determined to take the series from Yakima and the boys are in fine shape for the remaining games of the season.
