As exclusively forecast in these reports last week, the price of hogs advanced 15c this morning at North Portland with best offerings sold at \$8.75. There was a surprisingly small run of swine available for the trade on the local market at the opening of the week's trade and supplies were quickly picked up. Total receipts of swine were a fraction better than three loads.

At Chicago there was a steady to strong tone generally for hogs with tops at \$9.10.

Kansas City hog market was steady today with tops at \$9.95.

There was a firmer tone generally for hogs at South Omaha this morning and tops advanced to \$8.90.

General hog market range:
Best light, 200 lbs \$ 8.75
Medium 8.60@8.65
Heavy 8.25@8.50
Fat pigs 7.50@8.00

Cattle Advance Surprise.

There was an advance of 20 to 25c for cattle on the North Portland market this morning, three loads of extra fancy stuff from Pendleton selling at \$7.25. While this class of stuff is very seldom offered in the yards the sale reflects the changed attitude of killers as well as the very small offering in sight for the immediate future.

At Chicago there was a steady tone in the cattle trade for the day.

Kansas City cattle market was steady at former prices.

Omaha showed weakness for cattle at the opening of the week's trade and a loss of 10 to 15 cents resulted in price.

General cattle market range:
Select light steers \$7.00@7.25
Good to prime 6.75@6.85
Good to choice 6.60
Ordinary to fair 6.50
Fancy cows 5.75@6.00
Good to prime 5.60
Ordinary 5.50
Select calves 8.00
Heavy 7.50
Fancy bulls 4.75
Ordinary 4.50

Mutton Market is Weaker.

Considerable weakness was shown for mutton in the North Portland market at the opening this morning. Buyers were far less keen to take hold of current offerings, which were quite fair, considering the smallness of offerings in other lines.

The weakness is apparent especially at country points, where buyers have been given the word that leading killers have about all the stuff they will be able to take care of in the immediate future.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
