### Newsy Notes of Pendleton

**Beckers Are Back.**  
Peter Becker, local Court street Tailor, and Mrs. Becker, have arrived home from Sound points where they spent a month.

**Circulating Petitions.**  
Norborne Berkeley is today circulating petitions asking for an election to vote upon additional bonds for the payment of the last installment upon the gravity water system. He reports only two men having refused to sign the petition.

**Washout Delays Trains.**  
A quite serious washout occurred on the O.-W. R. & N. mainline this side of Huntington yesterday afternoon and has delayed all traffic, No. 9 and No. 5, due in Pendleton during the early hours of the morning, and No. 17, due at noon, will not arrive until after 4 o'clock this afternoon.

**Will Decorate More Streets.**  
The contract for the street decorations during Round-up week was let last evening to the same firm who did the work last year. Additional streets are included this year, one being Mallock street and the new Mallock bridge. More stuff will be used in the decorating this year and some new and novel designs and features will be introduced.

**Many Want Motion Picture Right.**  
The demand for the moving pictures right of the Round-up is very keen, several of the big concerns having made offers, and C. H. Marsh, L. G. Frazier and Roy Ritter were appointed a committee last evening to handle this matter. A committee was appointed to draw resolutions on the death of Director Mark Moorhouse last evening.

**Three Blocks of Walk.**  
One of the largest single sidewalk permits taken out in Pendleton for some time was secured yesterday by C. P. A. Loneragan and A. H. Cox for the construction of three blocks of cement walk on the north side of Raley street along the property recently acquired by these two men from Mayor Matlock. They recently put in new walk on the south side of the street and the school board and Fred Walters will follow suit, giving Raley street sidewalks on each side along its entire length.

**Dr. Boyden Gets Passage.**  
Dr. F. E. Boyden of this city, who has been in Europe for several months and whose homecoming it was feared by his family the war would delay, has secured passage on the English ship "La Conia" and will sail Saturday for America, according to a cablegram received by his wife this morning. He was fortunate in that the clinical congress of surgeons which he was attending, completed its work last week. Before returning to Pendleton, Dr. Boyden will spend a month in the east.

**Sheehan Opera Co. Coming.**  
On next Monday evening, August 9, Pendleton will hear grand opera, the Sheehan Opera Co., headed by Joseph F. Sheehan, said to be America's greatest tenor, will be at the Oregon theater. A triple bill, consisting of the most interesting parts from the three popular operas, "Il Trovatore," "Bohemian Girl" and "Martha," will be presented. Besides Joseph F. Sheehan, the cast includes such well known artists as Miss Mirth Carman, Madame Laura Baer, Nelson R. Shanley, Harrison Grey and Arnold Beaumont.

**Not Badly Injured.**  
Misses Ada Overturf and Ada Blake of this city, who were in an automobile accident on the macadam road along Tum-a-Lum Park near Walla Walla Sunday afternoon, were able to leave the hospital yesterday, as were the three others injured when the taxicab in which they were riding went over an incline. There were six in the machine at the time, J. Stewart, Robert Maloney and Fred Osborn of Walla Walla, the two Pendleton girls and another girl. They blamed the accident on a broken steering gear but investigation yesterday showed the gear unbroken. It is said they were traveling at a high rate of speed.

**The Judge Saw It All.**  
When Philip Sam faced Police Magistrate Fitz Gerald this morning on a charge of "drunk and disorderly" he declared he didn't remember anything about the case. The judge promptly said "I do," and gave him five days in jail. It so happened last evening that the judge witnessed Sam in a display of drunken rowdiness and was in the act of calling the police when somebody, offended at his language, stepped outside of the St. George cafe and put him down and out with a straight right to the jaw. This took the spirit out of Sam and he was hastening away like a chastised canine when he encountered Officer Russell and was taken to jail.

**Spurn Not the Little Things.**  
The lion once received aid from the mouse, according to the fable, and the ant is highly respected in the animal kingdom. Sunday Darr Phelps' little Ford demonstrated to Ed Murphy's big Cadillac that even in the gasoline world the little things are not to be spurned. Murphy was returning from Bingham Springs with five passengers when his car backed on the Thorn Hollow grade. Something went wrong and he was stalled. Phelps came along from the same resort and he also had five passengers in his car. Nevertheless, he hooked on to the big machine and towed it and its passengers eighteen miles into the city.

**Beetles Jeopardize Fuel Supply.**  
That Pendleton's fuel supply in the mountains about Meacham is being jeopardized by the activity of beetles in the state of Assessor C. P. Strain who recently returned from a week's stay at his holdings in the mountains. Hundreds of acres of black pine are being destroyed by these big insects, he declares, and predicts that unless some effective means is found of fighting the beetle that the price of wood as a fuel here will take a big jump in a few years. The beetles, he says, bore into the trees and extract the sap in such quantities that the tree is killed. The forestry service of the government, he thinks, has found successful methods of combatting these bugs and he is of the opinion that aid must be sought in that source.

**Grand Jury Meets August 25.**  
The grand jury will meet for the consideration of the many cases accumulated since last spring on August 25 at 9 a. m., a call to that effect having been issued today. The jury is comprised of Frank Frazier, W. T. Perrin, C. E. Nelson, Carl Jensen, E. A. Dudley, E. H. Richmond and M. G. McKern.

**Will Put in Grocery Store.**  
R. B. Gervais, proprietor of the Alta House, who recently took out a permit for the construction of a store building on the corner of West Alta and Ash streets, intends opening up a grocery store there by September 1. He will also improve the two lots there so that they will be attractive. The excavation for the building has already been done and work will be rushed on the building.

**Shroeder Now With Tacoma.**  
Clyde Shroeder, champion pitcher of the Pendleton champion team, has been called to join Osborne on the Tacoma staff by Manager Russ Hall. Since leaving Pendleton, Shroeder has been in Klamath Falls. Sunday he won a game in that city which would have been a no-hit, no run affair had not the center fielder misjudged a fly ball. Hall, when umpire in the Western Tri-state league, was much impressed with Shroeder's work.

**Painting Alarm Poles.**  
In conformance with a demand made by the Equitable Underwriters' bureau, the city is today having the poles upon which the electric fire alarm boxes are fixed adorned with another wide band of red. The bureau complained that the other bands were not wide enough and this time they are being made three feet in width. This is to enable them to be easily distinguished by persons looking for an alarm box.

**Over Three Hundred Dollars Has Been Sent from Outside Points for Tickets This Early in the Season.**  
This money coming from Vermont, Pennsylvania, Florida and other eastern states. The railroads are now getting out their advertisement and beginning to organize for the big Round-up traffic. The O.-W. R. & N. has its poster already printed, the big, beautiful lithographs carrying the original design of the Round-up, the cowgirl with the rope. The Northern Pacific, through Mr. Charlton, advises the board that they are getting out double the number of their characteristic posters this year and will plaster their territory from the Pacific to St. Paul, and in addition will furnish the publicity department of the Round-up with four thousand for local use. The O.-W. R. & N. company has furnished the publicity department with 10,000 and these posters will be ready for general distribution in about ten days.

**At the meeting last night the preliminary estimate of the various railroads showed there would be more special trains than ever this year. There is not the least doubt in the minds of the board but the crowd will be bigger than ever, and the accommodation bureau will get to work at once to provide for the same.**

**VINCENT DISTRICT WILL HAVE MANUAL TRAINING**  
To keep abreast with the modern trend of education, the Vincent district in the east end of the county is building a frame building 24 by 48 in dimensions, for the housing of a manual training department. This district voted a 12 mill tax this year in order that its school might be as well equipped as any in the county. The new building will afford room for nine tables and will accommodate 18 boys at a time.

**The Vincent district is also installing a new heating plant as is the Ferndale district and school boards all over the county are showing a tendency to pay special attention to heating and ventilating facilities.**  
In District 198 near Milton the contract was let yesterday for a new modern, two-room building to cost approximately \$2500.

**Among the contracts just recently filed with County Superintendent Young are the following:**  
Eve Shields, in District No. 99, 9 months at \$75.  
Frances Simmons, in District No. 55, 9 months, \$80.  
Golda Munna, in District No. 14, 9 months at \$75.  
Arjie Hounzoin, in District No. 59, 9 months, \$85.  
Ha Sturdivant, in District No. 87, 5 months, at \$65.

**Taken from Hospital.**  
Mrs. MIRA Moran has recovered from a recent operation which she underwent at St. Anthony's hospital and was able to be removed to her home today.

### BOARD PLANS ROUSING TIME FOR ROUND-UP THIS YEAR

One of the biggest, jolly-up, rousing times in connection with the biggest and best Round-up ever staged will be the program for this year's event, September 24, 25 and 26. At the meeting of the board of directors last night everything was considered which would make the Round-up one continuous performance from the time the first visitor arrives until the last cue departs.

Bands will be here in profusion, a band on every corner at every hour of the day, a band or two bands or three bands to meet each incoming train, salute with a mighty diapason of harmony and lead the visitors up the street. There will be bands in the evenings with concerts everywhere, and a sufficient committee to see to it that there is a rousing time everywhere and that everybody takes part in it. There will not be a dull moment for anybody.

Two bands, outside of Pendleton, have already been engaged. The Watsburg, Washington, band, of 34 pieces and the Athena band are now contracted for. And the board of directors last night endorsed Director Collins' proposition to secure more bands, the idea being to have music from early breakfast to taps, to jolly the people up, salute them with music and encourage them to join hands and sing "Let 'er Buck" make it merry and pleasant for them at all times of the day and night when the Round-up is not on the bill of fare.

In this connection, the Round-up directors want the merchants and business men and all people to get together and appoint themselves as a reception and entertainment committee of the whole. It is now time to get busy on these arrangements and make provisions for entertaining the biggest crowd Pendleton has ever seen for the big show has a stronger appeal to the public this year than heretofore.

Over three hundred dollars has been sent from outside points for tickets this early in the season. This money coming from Vermont, Pennsylvania, Florida and other eastern states.

The railroads are now getting out their advertisement and beginning to organize for the big Round-up traffic. The O.-W. R. & N. has its poster already printed, the big, beautiful lithographs carrying the original design of the Round-up, the cowgirl with the rope. The Northern Pacific, through Mr. Charlton, advises the board that they are getting out double the number of their characteristic posters this year and will plaster their territory from the Pacific to St. Paul, and in addition will furnish the publicity department of the Round-up with four thousand for local use. The O.-W. R. & N. company has furnished the publicity department with 10,000 and these posters will be ready for general distribution in about ten days.

At the meeting last night the preliminary estimate of the various railroads showed there would be more special trains than ever this year. There is not the least doubt in the minds of the board but the crowd will be bigger than ever, and the accommodation bureau will get to work at once to provide for the same.

## Have You Seen Them? Those New Tailored Suits

They are Chic! Besides they are Different

We are not trying to work off old goods, for they don't stay on the shelves long enough to get shelf worn at the Golden Rule Store. Better make it a point to have us show you what will be correct for early fall in tailored suits.

**\$9.90 Diagonal Unfinished**

CHEVIOTS come in browns, blues and blacks; jacket a little longer, full satin lined and the skirt is made with the new tunic and some wider, a strictly early fall model for only

\$9.90

**\$16.50 Tailored Suit.....**

is very smart, is of unfinished worsted with full cutaway jacket, satin lined and the skirt is some wider; if you want to see a real swell \$25.00 suit let us show you this one, you will like it at

\$16.50

**\$12.50 Real Fine Serge.....**

In blues, browns and black; several models in jackets in this lot, some full cutaway, others three-quarter length, with the skirt some wider at bottom, with tunic; these are classy, better see them at

\$12.50

**\$18.50 Tailored Suit.....**

is a handsome model, comes full three-quarter length in broadcloth, serges and worsteds, messaline lined jacket, some plain, others slightly braud trimmed; a good \$30.00 value, but the Golden Rule price only

\$18.50

YOU CAN DO BETTER AT **The Golden Rule** WE LEAD OTHERS FOLLOW

### BRITISH CREWS TO QUIT WARSHIPS AT SAN DIEGO

SAN DIEGO, Aug. 4.—The British sloops of war Shearwater and Algerine will be interned at San Diego and their officers and crews will be transferred to larger ships of the home fleet.

The Algerine is steaming at full speed from Mazatlan to this port. The Shearwater, fully coalled and provisioned, is lying in the stream. Neither the Shearwater nor Algerine is capable of taking a place in line of battle, and because of this fact their officers and crews will be transferred to larger ships of the home fleet.

Booth-Kelly Co. is erecting a large fire-proof drydock at Springfield.
