Why look for a house to rent? See Cox and Loneragan and let them figure on building for you on easy terms. Let your rent buy a home for you. Choice residence sites, all modern improvements. Telephones 8 and 501—Adv.

War, like politics, makes strange bedfellows. For instance, Russia is now bunking with Japan.

# PERSONAL MENTION

Fred Shoemaker of Joseph is a visitor in the city.

Dr. M. V. Turley left last night for Portland for a brief visit.

J. D. Smith, former conductor, went to Portland today for a visit.

Dr. David B. Hill left today for Lehman Springs to spend Sunday.

Mrs. Horton and daughter of Vancouver are here today on a shopping trip.

Charles H. Carter, city attorney, went up the river on No. 6 this morning.

Ira Hughes returned on No. 6 to Huron where he is engaged in getting out wood.

Dan Clark, O.-W. R. & N. live-stock man, is making Pendleton a visit today.

James A. Cooper, proprietor of Bingham Springs, is down from that resort today.

R. R. Lewis, prominent business man and mayor of Echo, is a visitor in Pendleton today.

Col. J. H. Raley left today on No. 17 for Portland. He expects to be absent about three weeks.

Asa B. Thomson, prominent Echo telephone man, is making a business visit in the city today.

M. W. Hessel, young Athena farmer, spent last night in the city, returning this morning.

H. L. Frazier, prominent Milton resident, is moving his family home after a summer at Seaside.

C. C. Connor, well known Helix farmer, is here today, having come down on the train this morning.

James Bowler of the First National Bank returned yesterday from Lehman Springs where he spent two weeks.

Art Jordan has returned from the L. L. Mann ranch, having completed harvest. He will return to O. A. C. next month.

**ITALY QUESTIONS AUSTRIA.**

**Friendly Explanation of Arming of Albanians is Asked for.**

LONDON, Aug. 22.—The Rome correspondent of the Exchange Telegraph company says:

"Italy has asked for a friendly explanation from Austria regarding the landing of a large shipment of Austrian arms at Medua, an Albanian seaport, on August 15. The Serbian minister, who protested to Italy, charged the Austrians were arming the Albanians against Serbia."

**AMERICANS HELD ADONISES.**

**English Woman says Yankees Near Greek Ideal for Athletes.**

OMAHA, Aug. 22.—Young men of America, throw out your chests; Mrs. Roger ("Diana") Watts, the famous woman physical culturist of England, pronounces you the nearest approach in all history to the ancient Greek ideal of the straight-limbed, narrow-hipped athletes."

"America," she says, "is breeding a race of greyhounds, for from its universities are coming this kind of young men."

"Mrs. Watts is here to look us over. She probably became so impressed with the speed, agility and conquering strength of our athletes at the London Olympics that she felt she must come and see if the race were up to the standard of its picked representatives. It is of course, for colleges and universities, even primary schools all over the country, are doing the same work in this particular; they are all turning out the shapely, graceful, strong, agile Adonises."

"It is counting much in the generation of today, but it is going to count far more in the generations to come. We are not only building a great physical race thus, but likewise a race of intellectual and moral greatness. Keen and clean minds must have well preserved and well developed physical powers on which to build. There is a good deal more in the American's passion for athletics and clean sports than some are disposed for the moment to realize. They must never have a smaller part in our national life."

Got \$50 for Pitching One Inning.

Walter Johnson, the Washington pitcher, was given \$50 by a baseball man of Decatur, Ill., to pitch one inning in an exhibition game. In his \$50 inning Johnson threw four balls and struck out 3 men.

## CLARENCE ULRICH HAD NARROW CALL YESTERDAY

## ALMOST ASPHYXIATED WHILE REPAIRING BROKEN GAS MAIN LAST EVENING.

While repairing the broken gas main on the corner of Webb and Thompson street yesterday afternoon, Clarence "Dutch" Ulrich inhaled too much of the gas and for more than an hour was in a state of asphyxia, his life being saved only by prompt medical aid.

He was down in the hole with several other workmen shortly after 5 and, in removing a plug, allowed more gas to escape than intended. He clambered out of the hole, telling the other workmen that he believed he had breathed too much gas, and then collapsed. He was rushed to the hospital where for an hour and a half Dr. J. A. Best worked over him before he showed signs of recovery. By 10 o'clock last night, the physician announced that he was out of danger. This morning he is still suffering a good deal of pain from his experience but is improving satisfactorily.

Ulrich has worked about the gas for more than a year and this is the first time he has been affected by it.

## BRITISH COLUMBIA WAR FLEET IS INCREASED

VICTORIA, B. C., Aug. 22.—The British fleet at the Esquimalt naval station has been increased by two ships, believed to be British cruisers. One of them is said to be the Newcastle.

A report is current that one of the newcomers is the French cruiser Montcalm, but the rumor does not find credence. At last accounts the Montcalm was on the Asiatic coast.

The fleet at Esquimalt now consists of three cruisers, two sloops of war and two submarines. The naval station will give no information about the movements of warships, and requests for news are met with orders to print nothing about movements of British naval vessels.

## U. S. Will Be Greatest Nation.

Think what it means when the government guarantees our meats as being pure and free from infection. Buy U. S. inspected meats at the Oregon Market. Phone 444—Adv.

# JAPANESE-ENGLISH ALLIANCE.

Text of Pact Which Forms Basis of the Demand on Germany.

WASHINGTON, D. C., Aug. 22.—The text of the offensive and defensive alliance between Japan and Great Britain, under which Japan has issued an ultimatum to Germany, became available here today and is as follows:

"Agreement of alliance between the United Kingdom and Japan. Signed at London July 11, 1911.

**Preamble—**The government of Great Britain and the government of Japan, having in view the important changes which have taken place in the situation since the conclusion of the Anglo-Japanese agreement of August 12, 1905, and believing that a revision of that agreement responding to such changes would contribute to general stability and repose, have agreed upon the following stipulations to replace the agreement above mentioned, such stipulations having the same object as the said agreement, namely:

"(A) The consolidation and maintenance of the general peace in the regions of eastern Asia and India.

"(B) The preservation of the common interests of all powers in China by insuring the independence and integrity of the Chinese empire and the principle of equal opportunities for the commerce and industry of all nations in China.

"(C) The maintenance of the territorial rights of the high contracting parties in the regions of eastern Asia and India and the defense of their special interests in the said regions.

**Plan for Aid in War.**

"Article I. It is agreed that whenever, in the opinion of either Great Britain or Japan, any of the rights and interests referred to in the preamble of this agreement are in jeopardy the two governments will cooperate with one another fully and frankly, and will consider in common the measures which should be taken to safeguard those menaced rights or interests.

"Article II. If by reason of unprovoked attack or aggressive action, wherever arising, on the part of any power or powers, either high contracting party should be involved in a war in defense of its territorial rights or special interests mentioned in the preamble of this agreement, the other high contracting party will at once with the assistance of its ally and will conduct war in common and make peace in mutual agreement with it.

**To Be Notified of New Pacts.**

"Article III. The high contracting parties agree that neither of them will, without consulting the other, enter into separate arrangements with another power to the prejudice of the objects described in the preamble of this agreement.

"Article IV. Should either high contracting party conclude a treaty of general arbitration with a third power it is agreed that nothing in this agreement shall entail upon such contracting party an obligation to go to war with the power with whom such treaty of arbitration is in force.

"Article V. The conditions under which armed assistance shall be afforded by either power to the other in the circumstances mentioned in the present agreement and the means by which such assistance is to be made available will be arranged by the naval and military authorities of the high contracting parties, who will from time to time consult one another fully and freely upon all questions of mutual interest.

**To Be in Force Ten Years.**

"Article VI. The present agreement shall come into effect immediately after the date of its signature and remain in force ten years from that date.

"In case neither of the high contracting parties should have notified the other of its intention of terminating it, it shall remain binding until the expiration of one year from the day on which either of the high contracting parties shall have denounced it. But if, when the date fixed for its expiration arrives, either ally is actually engaged in war, the alliance shall, ipso facto, continue until peace is concluded.

"E. GRAY,

"Secretary of State for Foreign Affairs.

"TAKAOKI KATO,

"Ambassador Extraordinary."

The foregoing is the latest revised text and the one at present in operation.

There will be a meeting all day at the colored church and a good singing text. "Come to the Races," at 8 o'clock p. m. services begin.

Many a good story has been spoiled by sticking to facts.

# NEWS OF FARM AND RANGE

**Over a Mile of Fruit—Up to Tuesday night the Fruit Growers Union has shipped out 105 car loads of fruit and fifty more cars will go out in this week's count, says the Freewater Times. These cars occupy 40 feet of space on the track, are 12 feet high and 8 feet wide. Think of it, over a mile of solid fruit 12 feet high and 8 feet wide with an average load per car of 25,000 lbs., and you will begin to realize the great growth of the fruit industry of this section. Remember the partial shipments, the express consignments and the fruit sold to peddlers. A few years ago this would have been deemed almost incredible and yet we are only at the beginning of this growing industry. Two million six hundred and twenty-five thousand pounds of fruit from this one organization alone. Next year with an increase of 200 acres of fruit bearing trees and with an average crop the figures will be greater still. One year after that the Hall orchard of 160 acres will be another big jump in bearing orchards for this section. The North Pacific Fruit Distributors with its great selling agency force and with its fingers on the pulse of the market of the world did not come any too soon.**

**Cattle Die From Drouth—**Serious loss is reported by cattlemen ranging their beef stock in the hills tributary to the north and south forks of the Walla Walla river southeast of Milton, because of the drying up of streams and water holes. Amos Demaris, one of the largest beef cattle producers in Umatilla county, lost eight head last week and his brother, C. E. Demaris, and J. J. Merrifield lost several more. Streams and little watering holes never known to dry up heretofore, are now without water and the cattle literally perish. A fisherman told of this to Mr. Merrifield last week and he rode to the pastures, finding the stock in poor condition. They were driven to the main river and some drank so heartily they died before leaving the banks of the stream.—Milton Eagle.

**Harvest on Weston Mountain—**Harvest has begun on Weston mountain, with four threshing outfits to take care of the crops. The following threshermen have either started up King & Cannon, Charles Keen, Dan Hopkins and Ferguson Bros. King & Cannon's outfit, which had been threshing on the Wild Horse, passed through town last Sunday on its way up the Blues. Mountain crops were very promising early in the season, but the yield is thought to have been reduced to some extent by hot weather which struck the mountain just at the wrong time. The water supply in the mountains is lower than for years, and threshermen anticipate some difficulty in filling their tanks.

**Returns from Canada—**W. Y. Neilson, formerly of Umatilla county but who has lived in Canada for the past year, has just returned to Pendleton and expresses himself as mightily thankful to get back to American soil. He owns a stock ranch on the middle fork of the John Day river and will make his home there for the time being. While in Canada he purchased a Hackney stallion imported from England and has brought the fine animal back with him.

**Foothill Farmers Finish—**Practically all of the foothill farmers have completed their 1914 harvest and they, too, are now joining in the general prayer for rain. Will Wyrick, down from Cayuse today, states that all of the farmers of the foothills above Cayuse have completed operations.

**Hogs Brought Top Prices—**A. L. Swaggart returned last night from Portland, where he sold a carload of hogs Monday, on the Portland market. The hogs brought \$9.50 per hundred pounds.

**SALEM PAPER STOCK SOLD.**

**Third Interest in Capital Journal Disposed of by Mr. Taber.**

SALEM, Ore., Aug. 22.—Charles H. Fisher and L. S. Barnes today purchased the stock representing one-third interest in the Capital Journal from Graham P. Taber, formerly editor and manager. In a statement to the public entitled a valedictory, Mr. Taber said:

"The die has been cast and cast satisfactorily—the Rubicon has been crossed and the forces which crossed forgot not their purses, and today I have sold the stock representing my one-third interest in the Capital Journal to L. S. Barnes and Charles H. Fisher."

Mr. Taber says he will seek a new field, and intimates that he will continue in the newspaper business.

**CAR PLUNGES OFF GRADE.**

**Machine Goes Over Bank on Mountain, but None Hurt Seriously.**

ROSEBURG, Ore., Aug. 22.—In attempting to round a sharp curve while descending Roberts' mountain, eight miles south of here, a touring car, occupied by F. M. York, Jones Howell and Emery Murphy, of Carlton, Ore., late today, plunged down a steep embankment for 50 feet.

Mr. York sustained an injured wrist and bruises. The other occupants of the machine escaped with a few scratches. The car was badly wrecked. The party was en route to Klamath Falls when the accident occurred.

**Notice of County Board of Equalization.**

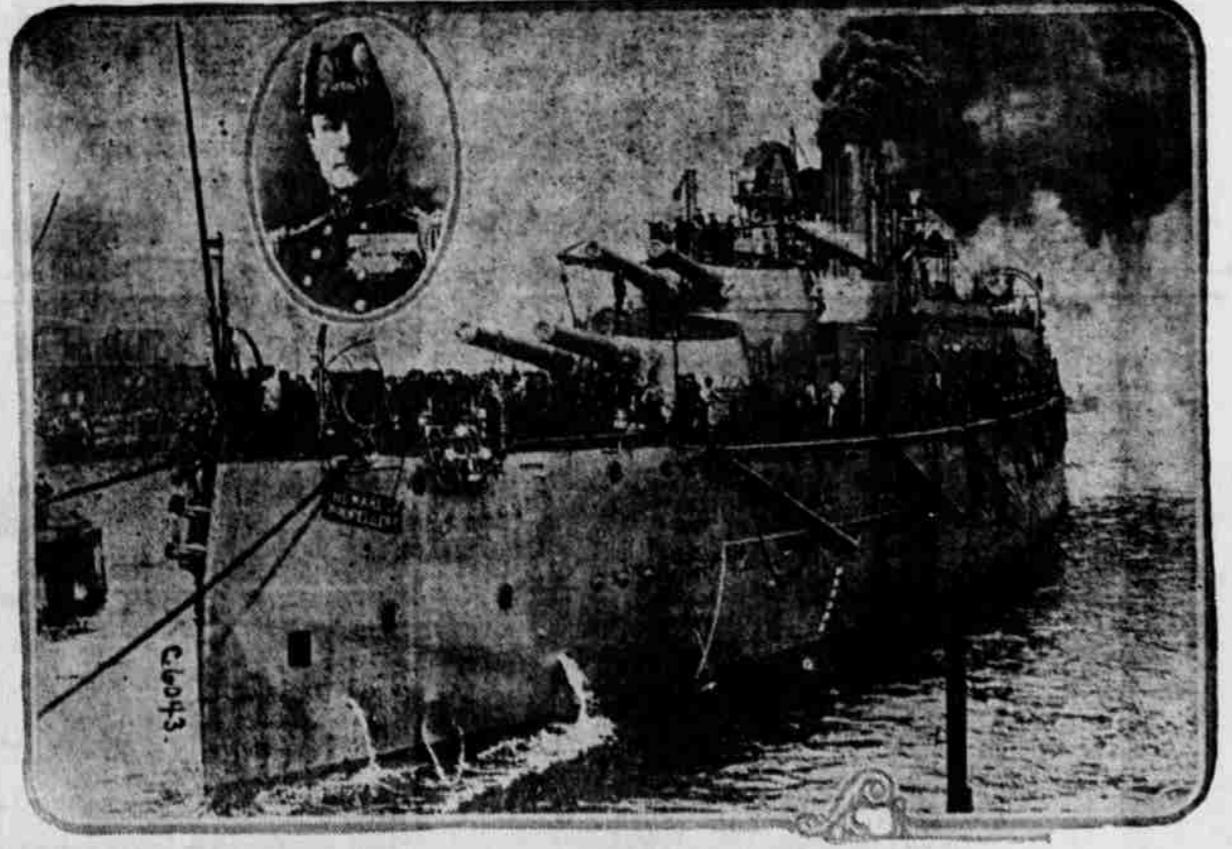

Pendleton, Ore., Aug. 20, 1914.

Notice is hereby given that the Board of Equalization of Umatilla County, State of Oregon, will meet at the county court house in Pendleton, in said county and state, on the second Monday in September, being September 14, continuing for one week, and publicly examine the assessment rolls, correct all errors in valuation, description or quality of lands, lots or other property assessed by me.

It shall be the duty of persons interested to appear at the time and place hereby appointed.

C. P. STRAIN,  
Assessor for Umatilla County.  
(Adv.)

# ENGLISH BATTLESHIP LEAVING POST AFTER WAR DECLARATION AND NAVY HEAD

Here is shown the English cruiser Monarch steaming out of Southampton following the English declaration of war on Germany. The insert picture is of Sir John Jellicoe, the head of the British fleet of the high seas. When war was declared Jellicoe was given instructions to "sink or capture the German fleet." The great battle which will decide the question of supremacy on the seas is expected hourly on the North sea.
