Society

Complimenting Miss Mabel Bickers who is to become the bride of Otho Edward Smith next week, Misses Lot-Lin Livermore and Edith Raley were hostesses at a one o'clock luncheon yesterday to a number of Miss Bickers' friends. The luncheon was held in the Livermore home and the dining room looked very pretty in its decorations of pink. The guests were Misses Bickers, Vada Elliott (Oregon City), Helen Cranston, Maud English, Margaret Lowell, Quindara Wilcox, Pauline and Minnie Jones and Claire Raley, Mrs. Lester Hamley and Mrs. Chester Minkler.

Mrs. Roy Alexander has returned from a visit in Portland.

Mrs. George Strand is a guest at the home of her sister, Mrs. Frank B. Hayes.

Mrs. Laura Nash is reported to be very ill at her home on the north side with pneumonia.

Mrs. E. B. Aldrich and little daughter Elizabeth, returned home this morning from visiting with relatives in Oregon City.

Mrs. S. J. Miller of Caldwell, Idaho, is now visiting with her sister, Mrs. C. P. Strain while en route home from an outing at Long Beach.

Mrs. Kenneth McRae and son Lloyd and her sister, Mrs. Emma Eeusk and son Edward, have returned from an outing at Long Beach, Washington.

Mr. and Mrs. George W. Rugg and family and Miss Winifred Graham have returned from the Rugg ranch near Kamela.

It is predicted that argandy collars will be to some extent superseded by silk collars—presumably taffeta—when autumn finally arrives. At all events, the dressmakers are experimenting with some new neck finishing of silk, it is rumored.

Chops in Camp.

When broiled chops are to be served the camping party a long handled wire corn popper will serve as a broiler. The long handle will help you to avoid the smoke while grilling. A few slices of bacon added to the chops or steak will not only give a better flavor to the latter, but will also keep them from burning.

To Clean Jars.

Jars and pickle bottles that smell of onions may be made sweet 'if filled with garden mold and left standing out of doors for two or three days. When thoroughly washed they will be found quite fresh, and may be used for jam or any other purpose.

DAKOTANS STOP BUSINESS TO HARVEST BUMPER CROPS

FARGO, N. D., Aug. 27.—Many business houses throughout the Dakotas are closed today. Professional offices and some banks even closed their doors in the smaller Dakota towns. The reason for this unprecedented situation is that business men, bankers and professional men are needed to harvest the bumper wheat crop of the northwest. Many closed their places of business to help farmers harvest the crop.

Prince, Surrounded, Dies.

ROME, Aug. 27.—How Prince Frederick William of Lippe died in the fighting before Liege is described tersely in a dispatch received here from the headquarters of the German army.

The prince's regiment was surrounded by the Belgians under the walls of Liege and he was struck by two bullets while standing among his men. He died instantly.

The Twenty Year Test.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.—Adv.

Home Hints and Recipes

Theater dresses for wear later on will be short and daintily bouffant. The fact that skirts are growing wider is absolute and well established. The new corsets must be higher to meet the demands of the new basques.

Even boudoir caps are being made of the finest seersucker, with lace and embroidery.

Wide black mohair braid will be used to embellish gowns of serge and velvet in the coming season.

Women are perhaps wearing a bone or two more in their corsets, but there is no tighter lacing and the trend of the moment is to appear more or less corsetless.

fiber and coffee. We hope that America will put on a line of steamers to relieve the condition of trade stagnation that is bound to result.

Drinking to his health seldom prolongs anybody's life.

Liberia Seeking Relief.
LONDON, Aug. 27.—Judge McCanta Stewart of the supreme court of Liberia, called at the American embassy in an earnest effort to interest Americans in saving Liberia from distress through destruction of the

republic's trade with Germany. "Two-thirds of the trade of Liberia is with the German empire," Judge Stewart declared. "Three hundred German ships called at Liberian ports last year and took away rubber, ivory, palm nuts and palm oil,

Adogram No. 24

Many women with a near silk income keep up an all silk appearance because they buy judiciously.

Women's natural sense of thrift makes her a reader of newspaper advertising. She studies it because she wants to buy to the best advantage. She makes the pennies count—even those spent for newspapers.

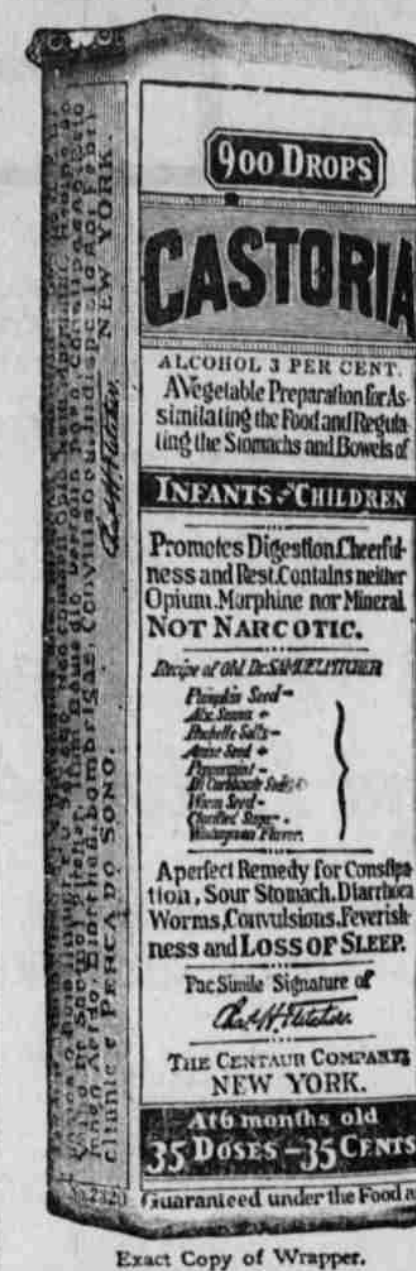

Glance at the advertising in today's East Oregonian and see how interesting and helpful it is.

HEADS AMERICAN RED CROSS NURSES

Miss Helen Scott Hay of Chicago, who heads a large party of American Red Cross nurses who are going abroad aboard a special boat to care for the wounded in the European

war. Miss Hay's party was the first to depart. It will be followed by many others to take up work in Belgium and along the northern French frontier.

HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, plant feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist. "It is a happy thought to send hubby to the drug store. 'Mother's Friend' is applied externally over the abdominal muscles. It is a gentle, soothing lubricant, penetrates to the finest network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses, such as laceration of the epidermis so often the case when this gentle form of lubrication is neglected. 'Mother's Friend' has been highly recommended by a host of women who know from experience and by men who know from observation. Write Bradford Regulator Co., 308 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers."
