

Excellent Millinery

COMPARATIVELY INEXPENSIVE

The question of a new hat is of paramount importance to women and already the winter models are being displayed. The new hats are larger than those of the spring, and although small hats will still be used for tailored wear, the prevailing tendency seems to be toward large hats of varying shapes. Metallic trimmings in bands, flowers and ornaments are much used; white feathers and ribbons are of next importance.

You are cordially invited to inspect our autumn display of trimmed millinery, for nowhere will you find hats that compare with these from the standpoint of price, workmanship and materials. We have endeavored to give you hats of individuality and charm at moderate prices and the liberal early business we are having indicates we have struck the popular idea.

MOST OF SOLDIERS DRESSED IN KHAKI IN EUROPEAN WAR

LONDON, Sept. 17.—The war put everybody into khaki, with a few exceptions. On the battle line or in the field the English soldier and the English officer get out of their richly colored and historic uniforms and into khaki, of a neutral hue. The Germans are in gray. The Austrians have most of their soldiers in khaki and the Russians all wear khaki-colored cloth. The French still cling to their blue coats and brilliant, red trousers and the Belgians have a uniform that is very similar to the French.
The French and Belgian officers are dangerously ornamented with gilt trimmings during warfare and present such brilliant targets that some of the Belgian regiments, during hard fighting with the Germans, have lost nearly all of their leaders.
The new twentieth century mode of warfare puts the ban on anything that glitters, even the rifle barrels, bayonets and sabers.

RUSSIANS AT PRZEMYSL.
PARIS, Sept. 17.—The Russian occupation of Przemyśl, a great Austrian stronghold in Galicia along the southern line of fortifications on the San river, was announced by Le Matin.

BRUSSELS TROOPS LEAVE.
OSTEND, Sept. 17.—German troops who hitherto were holding Brussels are being sent to the front, according to reports brought by Belgian couriers. It was stated their places were being taken by members of the Landstrum naval reserve.

British Feeding Enemy.
LONDON, Sept. 17.—According to the Daily Mail investigations at Liverpool and other ports make it certain that foodstuffs and raw material are still being shipped, even from German ports, for the use of the Germans.

Shipments made from Liverpool last month of canned goods, feeding cakes, flour and cottonseed oil were ostensibly bound for Holland but comparison with exports of other years makes it more than probable that they have gone to Germany.
One Liverpool firm, the Mail says, has refused to supply its Rotterdam correspondents with certain raw materials until Holland ceases to supply Germany.

POLICE GIVEN FULL POWER TO REGULATE THE TRAFFIC

COUNCIL ADOPTS EMERGENCY ORDINANCE EFFECTIVE DURING ROUND-UP.

Full authority for the police to supervise and regulate the traffic on the streets during the Round-up was given last evening by the city council in an emergency ordinance adopted. It provides that, in the interest of safety, the police may designate certain streets for use of vehicles in going to and from the park and makes any one violating the orders subject to fine or imprisonment.

Lights were ordered turned on Riverside Drive, which was accepted as a street a week ago. However, inasmuch as the ordinance declaring it a street does not go into effect for another week, a petition from property holders along the driveway asking for its improvement with gravel bitulithic was referred back to the petitioners.

Grades on Tustin street from Willow to Lilith were adopted last evening to permit the construction of sidewalks.

The fall rains having set in, the council last evening ordered the street sprinklers to be discontinued. The flushers, however, will be kept on.

An ordinance levying assessments for the improvement of Thompson street was passed unanimously.
The water commission put in a bill for something over \$2000 for the overflow pipe line to Round-up Park. The city has a bill of \$50 against the commission for the use of the ground on east Alta leased from the Catholics Sisters.
A bid from Frank Dupraf to build a concrete sidewalk at the intersection of Tustin and Main was referred to the street committee.

NEWS OF FARM AND RANGE

LIVERPOOL MARKET IS STRONGER TODAY

NO CHANGE IN PORTLAND; CHICAGO PIT DROPS WHEN LONGS LIQUIDATE.

PORTLAND, Ore., Sept. 17.—(Special to the East Oregonian)—Rather dull trade shown for wheat with quotations unchanged except forty fold which is one-half cent higher at 96, club 95, bluestem 1.05.

Chicago Market.
CHICAGO, Sept. 17.—The wheat market opened 1-4 to 1-2c lower, closed 1 3-4 to 2c low. September, 1.97 1-4; December, 1.10; May, 1.16 3-4. Liquidation of longs, the cause.

Liverpool Firm.
LIVERPOOL, Sept. 17.—Both spot and future wheat firm. Spot held well at former prices but there was an advance of 1-2 to 1d at the opening. Broomball reported conditions stronger generally.

Local Wheat Market.—Local quotations on club range today from 83 to 85 cents with practically no business underway. Farmers approve of the advance since the low prices of several days ago yet do not generally show a disposition to sell. A feature of the wheat situation in this county is the fact an immense amount of wheat is yet unsold. Many have had the impression that half the wheat of the county has been sold. This estimate, according to well informed local buyers, is too high. They estimate that not over 40 per cent is sold. On the reservation the percentage is higher but in the country north of here but little wheat has been sold and the warehouses are full of grain.

Hall Stock Ranch is Sold.—James L. Hall, prominent stockman of the south end of the county, has just sold his 1600 acre stock farm to Charles McDevitt, another stockman of the same vicinity. The deed for the transaction was filed today with Recorder Burroughs. No price was given but it is understood that the consideration was a large one. McDevitt already has large holdings in the south end and his acquisition of the Hall ranch will give him one of the best ranches in that section.

Buying Cavalry Horses.—Saddle and artillery horses are being purchased this week in the Calgary district for the British war office. A representative of the remount commission is in attendance at the noted horse raising centers of Alberta taking over sound, serviceable animals at about \$175 each. White and light colored horses are not accepted though they may be otherwise up to the standard. Desirable weights are between 1000 and 1250 pounds; ages from five to nine years.

Visited A. B. Cooley.—M. C. Cropper is back from Burns near which place he visited at the ranch recently purchased by A. B. Cooley, formerly of this county. Mr. Cooley is farming two sections there. Mr. Cropper states that Mr. Cooley is planning to return to Pendleton for the Round-up.

Wessel Buys Farm Land.—H. H. Wessel, prominent retired merchant of this city, has just purchased from George D. Peebler and wife two quarters lying in Stage Gulch. The consideration given out is \$9600.

NEW CITIZENS ARE MADE IN ASTORIA COURT

ASTORIA, Ore., Sept. 17.—Tuesday was citizenship day in the circuit court and nine applicants were admitted and granted final papers. Five applications were dismissed and 13 continued for various reasons.

The petition of Louis Rosenfeld was denied as the court did not hold the applicant to be a man of moral character. From the testimony introduced and from his own admissions the court was satisfied that the man had not been honest in his business dealings.
Rosenfeld admitted selling a stock of goods and after cashing his check giving a mortgage on the same goods to another person.

Mother Love is Fatal.
OAKLAND, Cal., Sept. 17.—Carried away by the happy cries of her baby, whom she was tossing into the air in her Oakland home, Mrs. Clyde Webster overtaxed her strength and was unable to hold in her arms the falling child, which fell to a hardwood floor and was almost instantly killed.

The mother ran screaming from the house to a policeman, who called an ambulance in which mother and child were taken to a hospital. Mrs. Webster has been hysterical since the accident and physicians believe her mind is shattered. The infant, a 4-months old boy, was her only child.

WIFE SAYING GOOD-BY TO GERMAN SOLDIER

This scene is common in the Berlin railway stations. Every hour a train leaves with soldiers for the front. In this case, the wife of one of the men called to the front is hanging to the narrow steps of the funny little European railway car for a last kiss, firmly believing that she will never see him again.
