ALL MUTTON SUPPLY TAKEN BY BUTCHERS

(From Sunday's Journal.)

PORTLAND, Ore.—In all lines of livestock there were rather fair offerings in the North Portland yards during the week. The big run of mutton came almost exclusively direct to killers and dring the week there was only a very small amount of stuff that was available for other killers on the open market.

Killers here have been inclined to hold the price of mutton stationary for some time and this has enabled them to secure liberal stocks in the country at materially lower figures than the eastern basis.

The shipments of sheep that were sent east from this section brought extreme values in some instances, indicating the quality is better at Portland than the average stockyard market of the country.

With killers scouring the counutry for supplies of mutton, they are now placed in a position where they have the whip hand on the market and can force values either way, as suits their fancy or profit.

General mutton range:

Best yearlings	$5.35@5.50
Old wethers	5.25@5.35
Best ewes	4.35@4.50
Best east mountain lambs	6.00
Valley light young lambs	5.00@5.50

Cattle Market Holds Well.

Market for cattle held well in the North Portland yards during the week. While there was a rather good supply offering, stock was generally picked up quite recently and prices maintained.

Tops sold in the steer division as high as $7.35 during the week.

General market conditions for cattue at American stockyard centers were rather steady during the week, and net price changes were limited.

General cattle market range:

Selected steers	$ 7.25
Good to prime	6.85@7.10
Good to choice	6.50@6.75
Ordinary to fair	5.75@6.00
Fancy cows	6.00
Good to prime	5.75@5.80
Ordinary	$5.25@5.50
Selected calves	8.00@8.25
Fancy bulls	4.50@4.75
Ordinary	4.00@4.25

Hog Prices Raided.

Killers raided hog market prices at North Portland and for the first time in many moons placed Portland at the extreme bottom of the price ladder for American stockyards. Even South Omaha, which is generally the easiest market for North Portland to compete with in northwest sections, was during the latter part of the week quoting a substantial advance over this city.

It was not such an extreme run of hogs in the yards that brought the sharp reaction in prices here. Killers had everything their own way, and they made repeated raids upon the price, all of which were successful from their viewpoints.

At the closing of the week the following prices ruled for best hogs: Chicago, $9.55, Kansas City, $9.45, Omaha, $8.45, North Portland, $8.25. No receipts were shown at Denver, but late prices from there indicated tops around $9.

General hog market range:

Best light	$ 8.25
Medium light	8.20
Good and heavy	8.00@8.10
Rough and heavy	6.00@7.00

Pendleton Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Pendleton given below, you must come to this conclusion: A remedy which proved so beneficial years ago with the kidneys, can naturally be expected to perform the same work in similar cases. Read this:

Mrs. William McGregor, 711 Lilleth St., Pendleton, Ore., says: I was troubled more or less all my life by weakness of the kidneys. My hands and feet swelled and sometimes my whole body bloated. A steady pain in the small of my back annoyed me when doing my work and it was hard for me to straighten after stooping. When I did stoop, sharp twinges shot through my back and sides. Dizzy spells and headaches were common and I couldn't rest well. In the morning I felt all tired out. It would be hard to describe the misery I went through. I tried a great many remedies and spent a great deal of money for doctors' treatment, but got no relief. Finally, I saw Doan's Kidney Pills advertised and the first box helped me. Continued unse of Doan's Kidney Pills cured the aches and pains in my back and regulated the action of my kidneys. I am now in good health. I am glad to confirm all I have said about Doan's Kidney Pills when I endorsed them before."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McGregor had. Foster-Milburn Co., Props., Buffalo, N. Y.

RUSH TO BUY SENDS CHICAGO WHEAT UP

Market Opens and Closes With Sharp Advance—Foreign Trade Dominating Influence.

CHICAGO, Sept. 21.—Last prices for wheat were about 1-2@1c off from the high point of the day, and 1 3-4c to 2c higher than the close Friday. There was a ruch of buying at the opening with only moderate offerings in the market. Prices advanced sharply in filling buying orders. Advance for the morning was 3 1-3c to 3 1-4c over Friday. Early activity on the buying side was largely due to the upturn of 4 pence in the December price at Liverpool on covering by shorts there. Heavy receipts in the northwest again failed to cause any important hedging movement in that quarter or here. Possibly the primary receipts for the week making a record at 19,190,000 bushels had some influence in checking the bullish enthusiasm. West and southwest bids sent out failed to bring much wheat overnight. The bullish war influence is pronounced, and best merchants in wheat trade were buyers on breaks.

The corn market joined in the advance early Saturday with more force than before because export sales here and at the seaboard were confirmed over night and New York messages were telling of fresh export inquiries from a number of smaller European countries. Europe appears to prefer American offers of corn now to the Argentine, because of better chance to get supplies promptly and better quality of corn when it arrives. Shipping sales 95,000 bushels. Local receipts dropped to 46 cars.

September oats was marked up to 48 cents, closing a fraction under that figure. Shipping sales were 320,000 bushels, including nearly 200,000 bushels to exporters.

LACK OF VESSELS DETRIMENT TO THE PRICES ON CEREALS

PORTLAND, Ore.—While general values for wheat were lower than last week during the present week's trade here, the market is really not in a weak position. In fact quotations belie the conditions. It is true that buyers are less keen to take hold of wheat in general than at the start of the week, with the possible exception of fortyfold, which has rapidly gained in favor abroad. The trouble with the market in the Pacific northwest at this time is not a mere matter of demand, but of ships in sufficient supply to take the grain abroad as fast as it arrives at tidewater.

Truth of the matter is that there is a far better demand for wheat than there are places to store it. The tidewater terminal facilities are filled to overflowing with wheat, and until this condition is relieved to some extent there is not likely to be more than a sprinkling of business for export, although it is quite possible that if the foreign demand is urgent enough a large per cent of the purchase will be stored in the interior, awaiting the arrival of ships and the clean up of tidewater stocks.

Excellent of the situation is indicated by recent sharp advances in the price of wheat for all deliveries. Spot and future wheat toeteher with cargoes have recently shown stimulated values in all foreign markets.

Chicago and middle west markets were recently under influence of the liberal supplies from Kansas. Now that the movement has practically stopped and this has naturally forced a more cheerful tone in the market with substantial advances in the price.

There is still a very strong likelihood, in fact the situation is daily growing more acute, that considerable Pacific northwest oats will be shipped to Europe. During the last 10 days there have been very heavy sales of oats to Europe by Atlantic seaboard markets and quite a number of inquiries have been received here, although no confirmation of sales has been made.

Flour market's lack of snap, both local and export, has been one of the chief reasons for the lack of strength in the bids for bluestem wheat here recently.
