

KILLERS HOLD DOWN PRICES IN PORTLAND

(Courtesy Monday's Journal)

PORTLAND, Ore.—Extreme weakness was shown for cattle in the North Portland yards for the day. In the first place there was a much heavier run of stuff than had been generally expected, totals reaching 1329 head, compared with 1392 a week ago.

Killers took a few loads here and there in small amounts at the opening of the week's trade, but even for these they were offering fully 10c to 15c less than at the closing of last week, and efforts to sell carload lots at the reduced price were futile at the start.

The extreme bearish position taken by killers in the cattle market at this time is said to be due principally to the fact that of late there has been little movement in the fresh meat trade. To some extent this is said to be due to the holding up of prices to the extreme mark by killers, although the livestock price has shown substantial reduction of late.

General cattle market range:
 Selected steers 6.90
 Good to prime 6.85
 Good to choice 6.50@6.75
 Ordinary to fair 5.75@6.00

SAGE TEA TURNS GRAY HAIR DARK

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application of two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare this tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

FRENCH INFANTRY IN TRENCHES ABANDONED BY GERMANS ON THEIR RETREAT

This photograph shows the French infantry in trenches the Germans dug to fight them. On the retreat across France back toward the German border the Germans sent troops

ahead to dig entrenchments for them as they moved eastward before the attack. Many of the trenches are being used by the charging French as they come to encounters with the enemy on his backward march.

Leeper, Yoncolla, 2 loads cattle, hogs and sheep; E. P. Higginbotham, Echo, 1 load cattle and hogs.

Hog Situation is Weak.

Weakness was generally shown for hogs in the North Portland market at the opening of the week's trade. There was a rather liberal run over Sunday, totals being 1689 head, compared with 1189 a week ago. Killers were slow in taking hold, because receivers were asking full values while the former were not willing to pay them.

General hog market:
 Best light 8.05
 Medium light 8.00
 Good and heavy 7.90
 Rough and heavy 6.00@7.00

Sheep Situation Strong.

Killers continue to absorb all possible offerings of sheep at country points and the bulk of recent arrivals in the yards have therefore been for their account. The trend of the trade continues uniformly good with prices well maintained in all lines.

CHICAGO WHEAT UP SOME

CHICAGO, Sept. 29.—Wheat closed 5-39 1/2-38 up. In many respects it was a remarkable wheat trade. The early dip to \$1.05 3/8 for December and \$1.15 3/8 for May caused by the weak and lower Liverpool cable. From that point both months advanced straight to \$1.09 7/8 and \$1.16 7/8. There was a period of reaction before midday in anticipation of a big increase in the visible. When the figures were posted at 5,500,000 bushels the market had only about a half cent dip and in a few minutes was on an upturn close to top figures of the morning prices, holding a half cent or more over Saturday.

There was a display of strength on corn early with prices up to 79 3/8c for December and 72 7/8c for May. Market had a weakening tendency late in the session and prices are back around 69 1/4-69 3/8c for December and 72 1/2-72 for May. The weather over the corn belt is most favorable for maturing crop.

Medical Officers Freed.

ROTTERDAM, via London, Sept. 29.—It is reported from Maestricht, Holland, that on Wednesday eight French medical officers passed through the city on the way to England. They had been in charge of a convoy of French wounded, which were taken near Namur and held prisoners of war.

The medical officers received permission to depart for England by way of Rotterdam. From England they will return to France.

Vancouver Paper Suppressed.

VANCOUVER, B. C., Sept. 29.—The Vancouver German Press has been suppressed by the police here in consequence of its pro-German tone and the publication of what it terms great German victories. The editor says that the paper will resume publication after the war.

American Army Gaining.

NEW YORK, Sept. 29.—Since the outbreak of the European war the United States army recruiting stations in the district of New York have doubled the number of enlisted men compared with a year ago. Major Richard C. Croxton, in command of the recruiting service, with head-

quarters at 25 Third avenue, and his aids in the sub-stations have been kept busy eliminating undesirable applicants.

About 75 per cent of the men applying for admission to the army are unemployed foreigners — Italians, Germans, French, Russians and Austrians. The average number of daily

applicants is from 20 to 30. Less than half of these men pass the required physical and mental tests.

Among the recruits are a large number of longshoremen and factory workers who have been out of employment because of the war in Europe.
