Society

Mrs. G. M. Rice and Lyman Rice left on the midnight train last night for Portland where they will spend the balance of the week.

Mrs. Z. A. Walker of Seattle is a house guest of Mrs. Lowell L. Rogers.

Miss Grace Finnell returned this morning from Athens where she had been visiting her sister, Mrs. L. W. Nelson.

Mrs. G. Irving La Dow was hostess yesterday afternoon to the Jolly Neighbors at their first meeting of the season. This club, which is one of the oldest card organizations in the city, plays Five Hundred and a very pleasant afternoon was spent yesterday at this game. Mrs. Harry E. Bickers won honors in the play. Besides members of the club, Mrs. La Dow had a number of other guests among whom were Mrs. Haldane Dickson of Portland and Mrs. Z. A. Walker of Seattle. Meetings of the club are held every two weeks on Tuesday afternoons and Mrs. J. F. Robinson will be the next hostess.

The ladies of the Civic Club met in adjourned meeting yesterday afternoon but, owing to a misunderstanding as to the date of the Commercial association meeting, they did not transact any business. The meeting was called to receive a report from the Commercial association on the proposed depot parking but as the latter organization did not meet until last evening, a report was impossible.

Mr. and Mrs. Gideon Brown arrived home yesterday from a month's visit in Alberta, Canada.

Home Hints and Recipes

Alum Useful.
Alum is very useful in the home, and there is nothing better for mending broken dishes or a lamp when it is loose in the collar than alum melted and used while hot.

A good way to save the furs from the moths is to sprinkle them well with powdered alum, then rub this well into the skins of the furs before packing them away.

Sprinkle the alum under the edges of your carpets and in the corners, and the moths will not bother you. An excellent remedy for toupis is made by beating the white of an egg to a stiff froth, then sweeten a little, add a little pulverized alum, and give a teaspoonful every ten or fifteen minutes until relief comes.

There is no better way to remove any foreign substance from the eye than to make this same mixture, spread it on a cloth and lay it over the eye.

To set the color in light shades of pink and blue soak the goods in salt water with a small lump of alum added, and use the alum alone for the

different shades of lilac and violet. After the color has been set wash the garment through warm borax suds, as the borax not only softens the water, but helps to keep the color in the goods.

If the feet are tender bathe them often in strong alum and boric acid; rubbed on when the feet are dry it will remove any odor, but it must be allowed to dry on the feet.

It is one of the best remedies known to stop bleeding. A heaping teaspoonful of powdered alum placed in a common teacup of water will stop the flow of blood in any ordinary wound where no large artery has been severed. Snuffing a solution will stop bleeding of the nose.

A teaspoonful of powdered alum and molasses will cure the croup in children.

It will also cure painter's colic. A wash made with a teaspoonful of alum and a quart of water will prevent offensive sweating.

Burnt alum will remove proud flesh in wounds and sores.

Shading the Window.
Make a frame with light strips of wood at the top of the window by nailing an end of a twelve-inch strip at each side of the casing and fastening a crosspiece between them at the outer end. To the ground underneath stake the end of a piece of wire netting and carry it up to the frame above. Over this train vines. The common lima bean vine has foliage that is both beautiful and dense. It is an advantage not to have the vines directly against the window. The foot of space between allows the breeze to circulate freely.

To Save an Egg.
When eggs are broken and cannot be used at once, they will keep much better if the shells are removed and a quarter of a teaspoonful of salt is beaten in for each egg.

Peach Stains.
Peach stains can be removed by wetting spot with water and putting on layer of cream of tartar. Then place in hot sun.

METHODIST MEN TO MEET NOVEMBER 11

BOSTON, Oct. 7.—The New England Convention of Methodist Men will open in Tremont here November 11 and will continue three days. It is expected that 2000 men will attend and the list of speakers includes 13 bishops and 20 missionaries. Bishop John W. Hamilton has urged that if hostilities have not ceased in Europe at the time the convention opens prayers be offered by all present for a speedy return of peace to the nations involved. The opening day is to be New England day; Nov. 12 American Day and November 13 World Day. A great demonstration is planned for November 12 on Boston Common at the site of the preaching of the first Methodist sermon in New England by Jesse Lee in 1790. The missionaries will take a prominent part in the program for "World Day." Immediately preceding the opening of the convention there will be a meeting here of the general committee on missions.

SOLDIERS CAN'T WRITE HOME FOR LACK OF FUNDS

LONDON, Oct. 7.—Attention has been called to a bit of galling red tape. Soldiers at the front have no money to buy postage stamps with. Their letters are sent with the postage collect. It is argued by many soldiers that the soldiers' letters should be carried free of charge, as many of the mothers who receive letters with postage collect cannot afford it. The postoffice department officials say they cannot take off the charge although they have reduced it.

Three Celebrate Birthdays.

WASHINGTON, Oct. 7.—Representative Carl Hayden, Arizona's first representative today celebrated his thirty-seventh birthday anniversary. Representative Cordell Hull of Tennessee, "father" of the income tax law, and Representative Callaway of Texas also celebrated their forty-third and forty-second anniversaries, respectively.

Prescribed by physicians for nineteen years

Resinol
the skin treatment that acts instantly
YOU don't have to wonder if Resinol is doing you good, you know, because the first application stops the itching and your tortured skin feels cool and comfortable at last. Won't you try the easy Resinol way to heal eczema or other skin-eruption?
Resinol is so nearly flesh-colored that it can be used on exposed surfaces without attracting undue attention.
Resinol is sold by all druggists. For sample and trial tube of Resinol Soap free, write to Resinol Dept., B. Williams, Md.

KEEP YOUR CHILDREN STRONG
Some children catch one ailment after another, have colds after colds, while other children are seldom sick. If your children are pale or frail, if they catch colds easily, lack ambition or are backward in school, they need SCOTT'S EMULSION which is rich in the food elements to create good blood to strengthen their bodies and brains—SCOTT'S EMULSION is free from alcohol or habit forming drugs.
CHILDREN RELISH IT. REFUSE SUBSTITUTES.

MARSHALLS CELEBRATE WEDDING ANNIVERSARY

WASHINGTON, Oct. 7.—Their nineteenth wedding anniversary was celebrated today by Vice-President and Mrs. Marshall.
"Get married younger and have children," is the vice-president's advice. He and Mrs. Marshall are childless.
"I think the general run of men should be married around 25 or before thirty," the vice-president added.

Convalescence after pneumonia, typhoid fever and the grip, is sometimes merely apparent, not real. To make it real and rapid, there is no other tonic so highly to be recommended as Hood's Sarsaparilla. Thousands so testify. Take Hood's—Adv.

AMERICA GAINS 61 SHIPS FROM EUROPE

WASHINGTON, Oct. 7.—Figures issued by the department of commerce show that 61 vessels have abandoned foreign registry and are flying the American flag as a result of the new law relaxing registry regulations. A score of registry applications are still pending.

To the Rescue in Blood Diseases

Just the Help Needed to Overcome Worst Troubles.

In S. S. S., the famous blood purifier, is the greatest natural repair crew known. It is an antidote for germs, that once let loose, multiply so fast that a definite disease is apparent over night. And yet so powerful is the influence of S. S. S. that like a vast army it spreads all through the blood, checks disease, opens up all the valves of escape and throws out disease through the lungs, kidneys, bladder, bowels and skin.
Do not become pale stricken if a rash or boils or eruptions inflame the skin. Nature is doing her best but Nature is at the same time calling for help, and in S. S. S. is just the kind of help Nature demands, for it is a pure vegetable remedy with an action that vigorously follows the blood channels and cleans and repairs as it goes along. In every community are people who know this to be true. They have used S. S. S. and are blood clean, through and through.
Get a bottle of S. S. S. today at any drug store. Drive out those destructive germs that cause skin eruptions, sore throat, swollen glands, blood risings, painful rheumatic joints, chronic bronchitis, and most all conditions of disease. Read the folder around the bottle that tells about the great work being done to assist sufferers. If you would know more about the blood and its treatment, write for special book to The Swift Specific Co., 52 Swift Bldg., Atlanta, Ga.

Put on Bingo Take Off Corns

Pain and burning of blisters, corns and calluses on feet instantly will disappear with "Bingo." It only takes a moment to apply. No pads, plasters, knives or cutting, with danger of blood poisoning, and the pain quickly disappears. 50c all druggists. Or by mail, Lewinson Pharmacy Co., Chicago. For sale in Pendleton by Tallman & Co.

COMMERCIAL CLUB BASKS IN CLOVER

For First Time in Years Has Big Surplus in Bank—"Happy Canyon" Helped—Sinking Fund for New Furniture Ordered.

What will be done with the surplus money made at "Happy Canyon?"

This question was asked last evening at the Commercial association meeting and there was no lack of worthy suggestions. The result was that \$1200 was ordered to be placed in a sinking fund at interest in order that it may be drawn upon when a definite decision is reached.

Never before has the Commercial association been in such affluence and "Happy Canyon" is not alone responsible. That happy little institution netted a surplus of more than \$800 but the regular revenue from membership has been so overbalancing the expenditures recently that the report of Treasurer John Dickson last evening showed a net balance of \$300 exclusive of the "Happy Canyon" funds. And it has only been a few years ago that the association had notes outstanding in the sum of \$500.

The idea of all of the members is to use the surplus as the nucleus of a fund to purchase new furnishings for new Commercial club quarters and it was this idea that prompted the creation of a sinking fund. How ever, there are always plenty of ways in which a Commercial club can spend little sums of money to advantage and a working balance will be kept in the treasury. One hundred dollars was voted last evening

to help pay for the decoration of the city during Round-up week and it was voted to spend another part of the money in getting out pamphlets showing the superior advantages of Pendleton as a home city.

Prince Fund \$15,000,000
 LONDON, Oct. 6.—The Prince of Wales's fund has reached \$15,000,000 and the Prince has issued a letter expressing his thanks for the generous contributions.

"I trust, he says in the letter, "that the portion of the fund which will be applied to the relief of civil distress may, as far as possible flow into productive channels, such as assisting schemes for male and female employment and perhaps industrial training for it is repugnant to me, as it must be to the recipients, that assistance should be disturbed only in the form of doles."

CLASS BETWEEN FIGHTS.

Easy French for Thirsty Soldiers Taught to Germans on March.

PARIS, France, Oct. 6.—Here is a war story that has come to Paris: Six German officers sat smoking their pipes in the courtyard of a country inn near the Franco-Belgian frontier. One of the six was a prosecuting attorney in time of peace and another was a college professor. Just outside the courtyard the men of the company to which the officers belonged were singing a German song. Poor France, poor France, it's a fine thing for thee.

When German soldiers tread thy soil, German soldiers carry the colors black, white and red—Red hodes evil for the red French blood.

Time for French Class.
 Suddenly the song was broken off when the captain of the company cried out:

"Lieut. Harlimann, begin the soldiers' French lesson."

Thereupon the college professor began: "Boys, we are in Belgium now, but we shall soon be in France. The money of France is different from ours, for there one counts in francs and centimes. One franc is worth 20 pfennig. What do you desire to buy in France?"

"Wine!" cried all the soldiers. "Well, pronounce it in French. Say 'du vin,' holding your noses. Go ahead."

The 200 men held their noses as directed and pronounced "du vin." The same process was repeated for such indispensable words as "du lait" (milk), "fromage" (cheese), "jam-bon" (ham), "monsieur" and "madame." Then the lieutenant-professor said:

Spirit of Heine Appeared.
 "Culture has been achieved! Sleep peacefully, Heinrich Heine." (Heinrich Heine, the great lyric poet of Germany (1797-1856), was an admirer of Napoleon Bonaparte and the French. He complained that the German war of liberation (1813-

14)—contracted the heart so that men learned to hate what was foreign and in ceasing to be citizens of the world became only narrowly German." He went to Paris to live in 1831, and remained until his death.)

What name will historians give to the discussion that is at present being held on the banks of the Aisne, the

Vistula and the Save? If they can truthfully call it "The World's Last War" much will be forgiven.

Eat anything you want, don't starve yourself, fearing it won't agree, for Hillster's Rocky Mountain Tea cleans the bowels and stomach and makes digestion easy. Satisfy yourself by trying. Tallman & Co.—Adv.

GERMAN WAR DIRIGIBLE AND FRENCH AEROPLANE

While the French have pinned their faith to the aeroplane as a weapon of war the Germans have worked out the idea of the dirigible. The two ideas have been tested for more than a month now, and it is the opinion of war experts that the dirigible has

been immensely more valuable than the aeroplane.

It has been shown that they can drop 600 pound bombs over cities, so that a dozen or more airships would be able to destroy a modern city if they could not be hindered. The

Germans have been so bold as to fly their dirigibles over Paris. It is the belief of those who have followed their plans that a score of them will be sent over Paris to ruin the city should a bombardment be begun by their armies.
