Library News

Through the courtesy of Mr. H. W. Warren of Warren's Music House, the Public Library is to be given, for several weeks, the use of one of the best Edison disc phonographs or Victrolas for Sunday afternoon musicales at the library. The best records in stock will also be loaned for the occasions.

Fenland Bros. have kindly offered their services in taking the machine to and from the library each week.

In this way music lovers will be given a series of musical treats which, as cold weather comes on, will be more and more enjoyed during the leisure of the long Sunday afternoons.

The following new books from the Sturgis fund are being cataloged today and may be found on the new book shelves:

Bancroft—Games for the playground, home, school and gymnasium. Earle—Costume of colonial times. Earle—Two centuries of costume in America.

Hale—The South Americans; the story of the South American republics, their characteristics, progress and tendencies; with special reference to their commercial relations with the United States.

Johnson—Education by plays and games. Markham—Conquest of New Granada.

Merriam—American civil engineer's pocket book.

Paine—Mark Twain, the personal and literary life of Samuel Langhorne Clemens.

Scottish clans and their traditions. Upton—The standard operas; their plots and their music.

Whitney—The following road; adventuring on the great rivers of South America.

EDISON'S SUBMARINE WITH FISH-LIKE GILLS, BREATHE

INVENTION GETS OXYGEN FROM THE SEA—EXPERIMENTS NEARLY FINISHED.

NEW YORK, Oct. 13.—Thomas A. Edison is at work on a submarine which will be provided with gills similar to those of a fish. His experiments cover the past year and are almost perfected. When he presents his boat for the inspection of naval experts it will be possible for it to remain under water indefinitely, extracting the oxygen from the sea water.

This was learned Saturday, when in company with the secretary of the navy and Mrs. Daniels, Mr. Edison and Miller B. Hutchinson, chief engineer of the Edison laboratories at Orange, N. J., the world's greatest inventor made his first trip of inspection to a battleship, the New York, at the Brooklyn navy yard.

Mr. Edison also visited the submarine G-4 to inspect the working of a storage battery which he designed and built at the request of the navy department. Batteries heretofore used have been of a type which gives off chlorine gas when it comes in contact with salt water. Chlorine gas makes men who breathe it extremely susceptible to pneumonia. It is next to impossible to keep the batteries of a submarine from becoming wet with sea water. It is announced that Edison's invention has met all tests required of it and probably will be adopted by the navy.

The submarine with gills interested the navy men. Mr. Edison explained that he believed he had perfected the

Among those things which all women should know of, and many of them do, is a splendid external application acid in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many and many a mother tells how it so wonderfully aided them through the period of expectancy. Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy.

At any rate it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than half a century no more timely advice could be given the inexperienced mother than to suggest its daily use during expectancy. Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bradford Regulator Co., 242 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information to expectant mothers. It contains many suggestions that are of interest to all women.

Application of the principle and said that he had arrived at his solution by actual study of fish.

ROME, Oct. 12.—According to reports received at the vatican more than 63,000 ecclesiastics are now serving in different capacities with the armies in the field, especially with the Belgian, French and Austrian forces.

5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

- 1. HODGSON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgdon, Me.
2. CHARLOTTE, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. I had a growth which the doctor said was a tumor, and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health."—Mrs. ROSA SIMS, 16 Winton St., Charlotte, N. C.
3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ANA WILT, 196 Stock St., Hanover, Pa.
4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2300 Blk. East William Street, Decatur, Ill.
5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRUFFITH, 7305 Madison Av., Cleveland, O.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

IS CONSTIPATED OR BILIOUS 'CASCARETS'

TONIGHT! CLEAN YOUR BOWELS AND END HEADACHES, COLDS, SOUR STOMACH.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10 cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

Scout Aeroplane upset. LONDON, Oct. 13.—A dispatch to the Exchange Telegraph company from Paris says that through the upsetting of an aeroplane in which they were making a reconnaissance Lieutenant Noel and a passenger

named Emmer lost their lives. They were flying at an altitude of 4000 feet when the machine, for some unknown reason, turned turtle and fell. Another aviator, Garleux, holder of many world's records, has been taken prisoner and is in Berlin now.
