## BETTER FEELING SHOWN FOR CATTLE AND SWINE

(Courtesy Monday's Journal.)  
PORTLAND, Ore.—There was a slightly better feeling in the hog trade at North Portland today and an advance of a dime was forced in the price. While the run was much smaller than last week's big showing, there was quite a fair amount of stuff reported in the yards over Sunday, totals being 1928 head compared with 2501 last Monday, 1284 a year ago and 717 head this same day two years ago.

All through the market there seems to be more snap in the swine trade in

## IF BACK HURTS BEGIN ON SALTS

### FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

They all believe in rigid public economy, lower taxes, a higher standard of public morality, civic purity, dignified law enforcement and strict performance of official duty.

- 59 GEORGE H. BISHOP, For Representative, 23rd District, Umatilla County.

- For County Judge, CHARLES H. MARSH, For County Commissioner, LOU HOEGEN.

### HOME-COMING DAY WILL BE OPENED AT THE U. OF O.

UNIVERSITY OF OREGON, Eugene, Oregon, Oct. 13.—From all over the state, alumni are summoned to the campus at Eugene next Saturday, for Homecoming Day.

A homecoming program of uncommon attractiveness will be given. The oldtimers will first see the sophomore-freshman "mix," the annual struggle for mastery. In the afternoon, they will see their Alma Mater play Whitman college in the north-west conference football game. Alumni from outside Eugene will be admitted free. In the evening will come the alumni dance, with all alumni and the Whitman players admitted free. In place of a grand march there will be a long receiving line to welcome the old grads.

Other diversions will await the oldtimers, not the least of which will be reunions and visits to former fraternity homes.

## MENTION OF COSSACK CONJURES UP TERROR

### WORD SEEMS TO HOLD HORROR FOR KAISER'S MEN AND AUSTRIANS.

Men Originally Organized from Bandit Bands to Protect Frontier During the Wars With Turkey and Poland—Total Cossack Population Is About 3,000,000.

(By P. M. Sarle, United Press Staff Correspondent.)

LONDON, Sept. 25.—(By mail to New York.)—If you want to strike terror to the heart of an Austrian or German these days, say "Cossack." The very word seems to hold a horror for the Kaiser's men and also for Francis Joseph's troops.

Remembering their exploits against Napoleon and their wild warfare during the revolt of Hungary, Austrians and Germans shudder when they think of the Cossacks invading their countries. The Cossacks' cruelty during the Russian revolution is well known and their operations in China in 1900 were criticized not only by the world outside Russia but by Russians themselves.

In the Russo-Japanese war the Cossacks did not live up to their reputations. The reason was clear enough as they were marauders by origin. Their reason for being in warfare is to enrich themselves by it.

The Cossacks' social position in Russia makes them so. Originally the Cossacks were formed from bandits to protect the frontiers during wars with Turkey and Poland. And later when Russia started her long march towards the east and linked up with the Mahometan races of Central Asia, a Cossack "voisko" was formed also close to the new Asiatic frontier of the Russian Empire.

The Cossacks cost Russia nothing. The empire endowed them with special privileges for which in return, at a certain age and under special conditions they have to give military service.

The total Cossack population now is about 3,000,000 of which 700,000 are women. The Cossacks own about 145,500,000 acres of land. Military service is obligatory for all men for twenty years, beginning at the age of eighteen. Practically the Cossack youth starts his military career at 14 when he joins an organization similar to the Boy Scouts.

Active service the Cossack does for three years in the preliminary division. The next twelve years he is in active service and the last five he is on the reserve list. Every Cossack is bound to provide his own, equipment and horse, the government furnishing the arms.

Every Cossack troop in active service is divided into three equal parts according to age and the third only in real service, while the two others stay at home. They are bound to march out just as soon as the order is given, however.

Quite recently there was formed in Transkaspia three troops of half-wild Turkomans. These are now being employed in the invasion of Austria. They are the creation of the famous Russian general Skobelev, called the "White General." His hatred of Germany was so great that Bismarck feared him and paid a great deal of serious attention to him.

One year before Alexander II was assassinated in 1880, Skobelev attempted to put through his plan of organizing troops among these half-wild men. He well knew the terrible part they would play in an invasion of Germany. Alexander II, however, objected to the plan and it fell through.

Alexander III formed an alliance with France and it looked as though Skobelev's plan might be adopted. It had attracted attention in high diplomatic circles. But about this time a young German actress whom Skobelev was paying attention to poisoned him in a hotel in Moscow. It was believed she was in the pay of the German government. But Skobelev's scheme finally worked out as recent events show.

An incident, humorous and yet gravely significant, occurred on the occasion of the Kaiser's visit to St. Petersburg before the Franco-Russian alliance. Several Cossack troops were drawn up for inspection by the Kaiser. As he viewed them he was attracted by a beautiful sword carried by a Cossack officer. "May I see it?" he inquired. "I know that the Cossacks are excellent. Is it an heirloom?"

"Yes, your Majesty," replied the officer. "It is a very old one."  
The Kaiser took the sword and read the engraving on it. Then, with a smile, he returned the sword. The engraving was:  
"God give me opportunity to lead my horse to drink from the Spree (The river on which Berlin is located.)"  
"I hope you will be successful," said the Kaiser, "and fully accomplish the desire of your ancestor."  
This officer is now at the head of one of the troops in Russia's first line.

## SAGE TEA TURNS GRAY HAIR DARK

### IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, waxy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare this tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.
