**Former President Taft's Son Weds.**  
WASHINGTON, Oct. 17.—A romance of former President Taft's administration culminated here today in the marriage of Robert Taft, son of the ex-president, and Miss Martha Bowers, daughter of the late Solicitor General Bowers. The bridegroom's parents were among the guests and Miss Helen Taft was maid of honor. The ceremony was performed before a fashionable throng at St. John's Episcopal church.

**PORTUGAL WOULD FIGHT IN AFRICA**  
LONDON, Oct. 16.—Nothing further had been heard concerning Portugal's plans relative to the war.  
Should the Portuguese lend their aid to the British it was understood it would be limited to South Africa and this, it was said, would not necessarily mean war with Germany, as technically it would amount only to helping in the suppression of a revolt.  
Capetown messages said that it was not believed there that General Maritz, the Boer rebel leader, had a following of more than 1000.

**Shells Fall on Swiss.**  
GENEVA, Oct. 17.—A violent artillery combat occurred near the Swiss frontier in the region of Ferrette, Pfetterhausen and Belsel. Ten shells fell into the Swiss village of Largin, near Bonfal, doing immaterial damage only. The German casualties in the fight, according to reports which have been received here were between 600 and 800, but those of the French are not known.  
The Red Cross society has the names of 40,000 prisoners of belligerent countries and will notify their families.  
The Swiss government officially declared that Russia, Austria, Serbia and Galicia are contaminated with cholera and that the Swiss government is taking the necessary precautions to prevent the disease reaching that country.

**FIRST TIME ON THE MARKET.**  
1000 acres, 250 set to alfalfa, two good houses, two barns, and two fine orchards, concrete dam and ditches, water runs the year round. School house and church on premises. In order to make a quick sale the price has been put down to \$22.50 per acre, half cash, long time at 5 per cent on balance.  
E. T. WADE, Pendleton, Ore.

**Range Found With Wire.**  
LONDON, Oct. 17.—A curious story recently received from Villers Cotterets tells of a new attempt and novel one by the Germans to get the range for their artillery fire.  
A British sergeant one night ran into three Germans right outside the British line. Whipping out his revolver the Briton killed two of the Germans and the third surrendered. They had a telephone with them, connected with wire with their camp. The length of the wire paid out gave the range, of course, for the gunners.

**British Tramp Reported Sunk.**  
SAN FRANCISCO, Oct. 17.—Travelers' tales from the South Seas have it that the little British tramp Induna, of less than 700 tons register, last reported as "detained" at the Marshall Islands, was sunk in the harbor by the Germans before the islands were occupied by the Japanese. The story found circulation today after the arrival yesterday of the liner Sonoma from Australia, via the Tahiti group.

Rose and her friends again collide with Judith and her party on Smuggler's Island. There is further pursuit, capture and escape. Rose and Alan are left to drown but are rescued by Barons.

## Newsy Notes of Pendleton

**Licensed to Wed.**  
A marriage license was issued today to Charles Dickey and Isabel Sathrun, both of this county.

**Game Warden Returns.**  
Edgar F. Averill, district game warden, arrived home this morning from Portland where he has been since the Round-up in charge of the office of the state warden.

**Rooters Auto to Walla Walla.**  
Among the auto parties of high school students to Walla Walla yesterday for the football game in that city was one in the Furnish car composed of Roy Furnish, Merton Moore, Delos Sloan, Marcus May and John Snyder.

**Concert at Library.**  
A Victrola concert will be given Sunday afternoon at the public library. Visitors in the city as well as residents, are cordially invited to take advantage of the Sunday hours from two to five o'clock.

**Echo Mayor Visits Mayos.**  
Mayor R. R. Lewis of Echo, well known here, is now in Rochester, Minnesota, where he is consulting Mayo Brothers, famous surgeons. He has been troubled for some time with ulcers of the stomach and will probably submit to an operation.

**District Convention Scheduled.**  
A district convention of the workers of all departments of the Christian church has been scheduled for Pendleton on November 18 and 19. All of the churches in eastern Oregon will be represented and some very notable speakers have been secured for the occasion.

**Campaign in Helix.**  
Roy W. Ritner, republican nominee for representative, Frank Sating, candidate for re-election as county clerk and G. W. Bradley, candidate to succeed himself as treasurer, went to Helix yesterday afternoon by auto in the interests of their candidacy.

**Boosts Pendleton in Bulletin.**  
In the last number of the monthly bulletin edited by the Pacific Power & Light Co., a historical and descriptive article by Dr. F. W. Vincent, local manager, occupies the leading position. It is illustrated with photographs. The article relates some interesting reminiscences of a man who has been here since 1882.

**Scott for Joint Senator.**  
J. N. Scott, prominent young Athena farmer who is running for the joint senatorship against C. A. Barrett, was with the Chamberlain party on its tour of the county yesterday. Mr. Scott was campaigning in Union county when Senator Chamberlain arrived there and he accompanied the senator to Pendleton. In Union county strong support is given Mr. Scott because of distrust for Barrett and it is freely predicted he will carry that county.

**Horse Race Tomorrow.**  
Unless the rains prevent, a horse race between Ole Olson's "Priscilla J" and James Furnish's "John R" will be held tomorrow afternoon at Round-up Park, and there is keen interest aroused over the event. The race is scheduled for 2 o'clock and there will probably be other races following. Olson's mare has won a number of races here. Frank Frazer, veteran trainer of race horses, has been handling the Furnish horse.

**Football Team Returns.**  
Pendleton high school's football team returned this morning from Walla Walla where they played their first interscholastic game of the season. Though defeated they have in no wise lost courage, but have come back fully determined to gain their point in the coming games. Coach Livingston says that there was not a yellow streak in any man during the game, but lays the victory to the superiority of the Walla Walla team, especially to its wonderful interference. Nearly fifty rooters represented Pendleton high at the game and it is said their enthusiasm surpassed that of Walla Walla. A return game with Walla Walla in this city for Thanksgiving Day has been scheduled here tentatively.

**Actors Immoral; In Limbo.**  
Helen Cutler, a stranded chorus girl who has been here several weeks, and Jack Clancy, a singer who has been operating in front of a local theater for some time past, are now guests of the city, one occupying the woman's jail and the other being an inmate of the men's bastle. Each was sentenced to 20 days in jail this morning in lieu of payment of a \$10 fine. They were charged with immoral acts and practices, having been arrested together in a room of a hotel this morning. The woman was left here by her husband two weeks ago and has since been leading an immoral life. Complaint was made against her this morning by a man who said he had been lured to her room last evening by another man and had been "touched" for \$25. The police investigated and found her, not in her own room, but in Clancy's with empty liquor bottles testifying to a night's debauch.

**Eby vs. Eby Case Unsettled.**  
Though Judge Phelps announced yesterday afternoon that he would issue a decree in the Eby vs. Eby divorce suit, the case is not yet settled. After hearing the testimony during the morning, the judge announced to the parties that they had better settle their difficulties, believing that there was not enough between them to warrant a separation. They construed his remarks evidently to mean that they should make some agreement over the custody of the child and property rights and, accord-

ingly drew up a stipulation whereby the child was to live with one parent half of the year and the other the remaining half. This was unsatisfactory to the judge and he continued to receive evidence. The defendant, Claude Eby, did not appear in court and the case practically went by default. However, the decree is not yet signed and it is understood that the defendant is not satisfied.

**All Day Rain.**  
Pendleton and Umatilla county has been blessed with a soaking rain during the past 24 hours. The rain began falling about 5:30 last evening and has continued almost without intermission ever since.

**Chamberlain to The Dalles.**  
U. S. Senator George E. Chamberlain, who was in Umatilla county all day yesterday in the interests of his candidacy, left this morning at 8:30 for The Dalles where he is campaigning today.

**Newlyweds to Live in Idaho.**  
Mr. and Mrs. H. Steele Miller (Miss Rose Geisel), who were married last Wednesday evening at 6:30 in the study of Rev. T. F. Weaver of the Christian church, have left for Home-Idaho, Idaho, where they will live on a farm.

**Albany Now 50 Years Old.**  
ALBANY, Ore., Oct. 17.—Friday was Albany's golden anniversary. Fifty years ago, on October 16, 1864, the state legislature passed a measure incorporating and granting a charter to the City of Albany.

This city at that time had about 1500 inhabitants. Nearly five times that many reside here now. The late Walter and Thomas Monteth owned practically all of the townsite at the time Albany was incorporated. Their widows are still residents here, Samuel E. Young, L. E. Blain and Conrad Meyer were among the residents of Albany in 1864. Messrs. Young and Blain are still in business, but Mr. Meyer has retired. Mrs. E. F. Eox and Mrs. Samuel E. Young were in their girlhood 50 years ago.

**Army Men Oppose Revolt.**  
LONDON, Oct. 17.—At a meeting of commandants representing all the Free State north of Bloemfontein, held at Kroonstad, according to a Pretoria dispatch to Reuters Telegram company, "a resolution was unanimously adopted denouncing as a blot on the honor of the Free State the rebellion started in the northwest of the Cape Provinces by Colonel Maritz. The resolution pledged the fullest support of the commandants to the government and requested a mobilization of the burghers to crush the rebellion."  
"The action taken by the Kroonstad meeting is considered significant in view of the fact that hitherto the people of the Congo Free State were lukewarm regarding the campaign against the Germans."

**Firebug Leads Horse Out.**  
BAKER, Ore., Oct. 17.—A humane firebug, evidently attempting to destroy Baker's Chinatown, set a fire in an old building in Chinatown, after breaking open the middle of the floor. Chinamen discovered it and put it out.  
The incendiary's evident humanity was shown by the fact that he first went to an adjoining stable, in which Dr. J. P. Hayes keeps his horse, and let the animal out of the building.

**Fraser river fishermen and canners met in Vancouver recently and asked the provincial government to give white fishermen preference over Japs in the future.**

### GLIMPSES OF THE WAR

**LONDON, Sept. 20.—**(By mail to New York)—With every day seeing new captures of German merchantmen of the seas, Great Britain is reaping a rich harvest in prizes from the war. Already well over one hundred German vessels have been captured and nearly all of them have had valuable cargoes.

The Maval prize Court in London—the first in existence here since the Crimean War sixty years ago—has a large docket now, filled with cases arising from ships taken in home ports. Some of the most valuable captures are the Kronprinzessin Cecilie with a cargo worth 290,000 pounds; the Belga and the Prince Adalbert.

German ships in English waters at the time the war started would have been allowed fourteen days to get out of port and on their way home if the Germans had not refused a similar privilege to English ships in German ports. The offer came from England and was refused and the Germans have suffered by it as a result.

**BRUSSELS, Sept. 25.—**(By mail to New York)—A German non-commissioned officer, brought to a hospital here, told of how surprised the German troops were when they were first sent against the Belgians.  
"I was wounded at the engagement at Warsage," he said. "It was a fierce fight and the Belgians soldiers beat us badly. We were told that we must cross Belgium by railway to get into France.  
"Imagine our surprise, therefore, when on arriving in the proximity of the frontier my regiment was ordered to march towards Belgium. They then told us that we were going to fight the Belgians who attempted to hinder our crossing their territory adding that it was for my country life or death."

## NEWS OF FARM AND RANGE

**Hermiston to Plant Grapes.**—Saturday evening that there was a meeting in the office of E. P. Dodd, regarding the setting out of a large acreage of grapes, says the Hermiston Herald. The various points were discussed, and all agreed that it would be a paying proposition. While it was the general sentiment that Concord and Wordens should be planted almost exclusively, most of those present thought it would be a good idea to set out some other varieties.  
For grape juice the Worden brings a higher price than the Concord. Naturally, that variety was favored. Not only on account of price, but also because the Worden appears to yield greater here than the Concord. There was some question, however, regarding the stability of demand for the Worden as compared with the Concord. R. W. Allen, of the experimental station, was requested to make further inquiries along this line, to which he agreed.

No definite action was taken, but as soon as further information can be secured another meeting will be held. At that time it is believed everything can be finished up, including the signing up of acreage to be planted by each individual and the ordering of the plants. If possible it is desired to get the vines in time to set out this winter.

**Heppner Sheep Sales.**—Several deals in sheep have been made the past few days, says the Heppner Herald. In all sales the prices have been good. They range as follows: Coarse lambs, \$3.60 to \$3.75; fine lambs, \$3.00 to \$3.25; yearling ewes, \$5.50; yearling wethers, \$3.75. Among those who sold and the buyers we note the following: Emmet Cochran to L. V. Gentry, one band; Emmet Cochran to T. F. Boylen, band of ewes; Emmet Cochran to L. E. McRee, band of coarse lambs; F. M. Rounds to H. M. Hanson of Long Creek, one band; Curtis Jackson to L. V. Gentry, one band yearling wethers; L. Sweek to F. Etulain of X. Yakima, 1200 wethers, 900 coarse lambs. Jas. Murtha of Rock Creek delivered two bands of coarse lambs to T. F. Boylen, on the latter's Butter Creek ranch.

**Ben Swagart, the prominent mule raiser living over near Lexington, was in Echo last Saturday to meet the representatives of the foreign governments who have been in this locality buying horses and mules. Ben says that he would rather sell them to the Germans but he will sell a few to the allies, if they have the good Woodrow Wilson cash.—Echo Enterprise**

**Expulsion Stirrs Italy.**  
ROME, Oct. 17.—A measure reported to have been adopted by Prince Hohenlohe, the governor of Trieste, ordering the expulsion of all Italian subjects working in the Austrian dockyards as a consequence of the fire at the monfalcone dockyards, is causing a great ferment here.  
The Messagero protests against this as an act of hostility to Italians, who it says, are thus considered responsible for the fire, which greatly damaged a number of Austrian warships.

**Recall is Upheld.**  
SALEM, Ore., Oct. 17.—An attack on the constitutionality of the recall failed when the supreme court held that it was self-executing. The decision was in the case of Andrew Clark who was chosen at a recall election to succeed W. A. Harris as judge of Columbia county. Harris refused to relinquish office, alleging among other things that the recall was not self-executing.  
PORTLAND, Ore., Oct. 17.—The supreme court's decision assured the recall election in Portland on the 27th.

YOU CAN DO BETTER AT **The Golden Rule** WE LEAD OTHERS FOLLOW

It has been estimated that during the present year 1,248,000 factory hands in Russia have already participated in strikes, in addition to 215,000 others who are employed in establishments not under the factory act.  
Convicted prisoners in a number of states in the union are still farmed out to contractors, who pay a small daily wage to the state, and in return are furnished labor, factor and armed guards to keep their employes at work.

## OWDY, HERO OF TWO WORLD SERIES GAMES

Hank Gowdy, Boston Braves' catcher, was again the hero of the world series when the third game was played in Boston. He had practically won the first game in Philadelphia for his club, and there was no question about his winning the third game. He had two doubles and a home run. His double in the twelfth inning, won the game for Boston. He had been at bat nine times. He had made six hits—a home run, a triple, three doubles, and a single.
