What the Press Agent Has to Say of Present and Coming Attractions.

Orpheum—Thursday and Friday. "The Perils of Pauline" No. 8. More thrilling than any before. Harry comes west in response to a telegram from Pauline's aunt. Pauline escapes from another passage into the cave and is captured by Indians who are about to put her to death when Harry rescues her.

"The Bogus Baron," two part Rex. Robert Leonard is seen in the role of Bryce Carleton, a young inventor, a part that demonstrates just such a splendid physique as he possesses, while Ella Hall plays opposite him as Constance Chambers of the U. S. secret service. She is pliant, dashing and unafraid. In the rescue she makes of her lover and the wild automobile pursuit following, we have one of the most thrilling scenes ever enacted before a camera.

"There is a Destiny," Victor. Featuring J. W. Warren Kerrigan and Vera Sisson. Jack falls in love with Jeanne the daughter of a fisherman. In order to meet her he disguises as a boatman. One of his friends tells Jeanne's father of the deception and he refuses to let Jack see Jeanne. Later they are brought together again and their destinies are fulfilled.

"Bogus Baron," Sterling. Farce comedy with Ford Sterling as the funmaker.

Cosy—Tuesday. The sixteenth two-reel installment of "The Million Dollar Mystery" entitled "Drawn Into the Quicksands" will be shown here today only. This is the most exciting episode and contains more thrills and moments of suspense than any of the installments we have had. The rescue of Florence by Norton is sensational in the extreme.

Dorothy Gish is featured in another fine two-reel majestic, "Sands of Fate," a story of the Great American desert.

Keystone comedy, "The Anglers" is certainly funny, the free-for-all fight in a fishing pond being something new in the way of comedy stunts.

Two vaudeville acts tonight. The Georgiesons in their novelty automobile comedy skit have a good line of bright, new comedy that keeps the laughs coming all the time.

The Wag-Bruce-Brown Comedy Trio have all kinds of laugh-producing stuff; funny songs, jokes stories and trick piano playing are among the things they do to keep things lively.

ATTACK BY ZEPPELINS IS PLAN OF GERMANY

ARMY OFFICERS OF THE KAISER AT LIEGE BELIEVE THIS IS SCHEME.

Invasion of England Will Be Attempted—Nothing Much Is Being Said But No Doubt Exists But That Germany Is Saving a Little Surprise for Old-Time Enemy.

(By Karl H. Von Wiegand, Written for the United Press.)

LIEGE, Sept. 11.—(By Courier via Maastricht and Rotterdam to New York.)—That Germany is preparing an aerial attack or invasion of England with her fleet of Zeppelins, is the general impression among officers here, so far as I could get any of them to express an opinion. That same impression is in the public mind in Berlin and elsewhere.

"Where are all the Zeppelins and what are they doing?" I asked a member of the flying corps. "Just wait and see," he replied. "England gave us a little surprise off Heligoland. We will give her a little surprise before long."

There appear to be but few Zeppelins with the armies in the field. It is dangerous to ask questions or seek information but indications are, and I have been told from various sources that the Zeppelins are being constructed close to the North sea. It is said that the completion of several new Zeppelins is being awaited.

Just how many Zeppelins Germany has, no one outside of the government knows. Before the war, the official record was less than 15. There are reasons for believing that Germany has more, in fact many more. The Zeppelins and the 42 centimeter mortar, are the two mysteries of the war so far. You can take your choice from the stories that are afloat about these two weapons. Among these are, that the manufactured parts of a large number of Zeppelins had been made at the Zeppelin works in Friedrichshafen and stored ready to be put together when the emergency arose. The Zeppelin works are said to be working day and night. Both in Berlin and here I have been told that Germany has now a fleet of 64 aerial cruisers. From other sources I was told that as soon as a fleet of 30 Zeppelins could be sent across the channel, the aerial attack that the Germans will make some

daring coup with their aerial fleet and that in the near future, there is some reason for believing. It is quite possible that they are merely waiting for a suitable base. Antwerp, Ostend or Calais. The stories of the number of Zeppelins Germany now has, must be taken for what they are worth. Aside from the undoubted fact that Zeppelins are being turned out as fast as possible, no one knows anything about the size of the fleet except the government officials and they won't tell.

URGES LAW TO AID ILLEGITIMATE CHILD. CHICAGO, Oct. 21.—Legislation giving an illegitimate child the right to bear its father's name and full rights of inheritance are recommended by Judge Joseph Z. Uhr of the court of domestic relations, a tribunal that has attracted attention the world over. In his review of the results of the third year of the court.

"The father of an illegitimate child state," said Judge Uhr. "If a man deceives a girl and a child is born, he may discharge all his obligations by paying \$100 the first year and \$50 a year thereafter till \$550 is paid. Or he may avoid paying money by spending six months in jail. When it has been judicially determined that the defendant is the father of a child born out of wedlock, does it not seem just that the child should get the full benefit of this finding?"

Free Wheat Raising. ST. PAUL, Minn., Oct. 21.—"Raise wheat!" That is the trite advice of E. C. Hamilton, British consul, today gave farmers of the United States. He says that irrespective of the duration or result of the present war, that American wheat will be in great demand in Europe next year, because the European crop, he says, is ruined.

Messrs. Clemmens and Bishop of Montisano, Washington, are looking over timber holdings east of Sutherland for the purpose of perfecting plans for logging railroads in the timber and for building two large sawmills, the first of which will be about two miles east of town.
