## Newsy Notes of Pendleton

**Will Leave on Hunt.**  
Wesley N. Matlock and John Vaughan will leave tomorrow by auto for the mountains for a deer hunt.

**Republicans to Umatilla.**  
The county republican candidates left this morning for Umatilla on their campaign and will return this evening to Hermiston.

**Choir Practice.**  
There will be a choir rehearsal at the Church of the Redeemer this evening at 7:30. All members are urged to be present.

**Historian Pays Visit.**  
George H. Himes, secretary of the Oregon State Historical Society, of which a number of Pendletonians are members, visited yesterday in the city.

**Off on Hunt.**  
District Game Warden E. F. Averill left yesterday for the John Day country on a deer hunt. Last year the warden bagged one of the finest bucks of the season.

**On Salem Newspaper.**  
Richard Hansen, well known Pendleton young man who left here recently to seek a position on a newspaper, has been added to the reporter staff of the Salem Statesman.

**"Coyote Bill" Is Held.**  
After a preliminary hearing yesterday afternoon, "Coyote Bill" Eblevin was held to the grand jury under \$500 bonds by Justice of the Peace Parkes to answer to a charge of burglarizing the Bowlsby second hand store on Alta street.

**Committee Will Meet.**  
The Happy Canyon accounts will be officially audited at a meeting of the Commercial association auditing committee this evening and, after their work, exact figures on the cost and revenue from the little "town" will be possible.

**Stayed at Home Long Time.**  
Judge Stephen A. Lowell left on the morning train for Portland and this will be his first visit to the metropolis since November 1, 1912, shortly before the election at which he was a candidate for U. S. senator. This is the longest absence from Portland of Judge Lowell in the 25 years he has lived in Pendleton.

**Local Tract Again Sold.**  
By a deal brought to a close today Miss Edith Leffler of Weston, was transferred to Perry Bros. eight acres of land on the north side of the river, being the tract formerly owned by James Johns. The deal was made through the agency of E. T. Wade, who has sold this tract three times in the past few years.

**Will Build New Bar Room If—**  
Plans for the interior adornment of the buffet room of the Hotel Pendleton were received this morning and they will be followed out if the state remains in the wet column. The plans contemplate a beautiful room with mahogany bar and other fixtures and panels around the room of the same wood with a marble baseboard.

**Sutherland On Reserve List.**  
Harvey Sutherland, star pitcher for the Baker team last season, is the only Western Tri-state player placed upon the Portland Beavers' reserve list for next season. However, George Naughton, Pendleton second sacker, Phil Lind, Baker outfielder, and Raymond French, Baker second sacker, will probably be given trials by McCredie next year.

**Jailor Is Now in Jail**  
In the jail of which, but a few days ago, he held the keys, Deputy Sheriff Batchelor of Union county is now anxiously awaiting to learn what action the wife to whom he was false will take against him. At present the only charge against him is one of lewd cohabitation and it is said to depend upon his wife whether or not charges of white slavery will be preferred against him.

**Will Be Judge at Baby Show.**  
Dr. I. U. Temple, city physician, has accepted an invitation to act as one of the judges at the baby show to be held in connection with the annual dairy and hog show at Hermiston next month. His acceptance, however, is provisional upon the promise of safe conduct from the town after his decisions are made. Mrs. J. T. Hinkle, one of the members of the baby show committee, tendered the local physician the invitation to act.

**Students Hear Address.**  
George H. Himes, corresponding secretary of the Oregon Historical Society, favored the local high school with a splendid address this morning, dwelling on the history of the origin of the name "Oregon," and many interesting facts in connection with the history of Oregon, and incidents of his trip across the plains by the old Oregon trail in 1861. A very cordial invitation was extended to the students of Pendleton high to visit their museum at Portland whenever they chanced to be in that city.

**Water System Loss Low.**  
Tests made of the new water system show that the loss of water in passage from the springs to the consumers here in Pendleton is much lower than permitted by the contract, a fact that testifies again to the workmanship on the pipe line and reservoirs. The tests show that the daily flow from the springs is 1,877,000 gallons with a loss of only 9,860 gallons, a loss of one percent. This is only one fourth of the loss allowed by the contract. The loss in the reservoirs is 1500 gallons a day, a loss of one and a half tenths of one percent or only one third of that al-

lowed by the contract. The leaky reservoir has been repaired satisfactorily by Engineer Kelsey at a cost of \$567.58.

**K. of P. Planning Carefully.**  
The building committee of the Knights of Pythias lodge is holding frequent meetings in an effort to arrive at exactly the best plans for a three story brick building on the lot at the corner of Main and Water. Architect Tourtelotte met with the committee last evening but his plans for the ball room were not exactly as wished and he was instructed to prepare others. With the plans definitely determined upon and the finance campaign mapped out the committee will start at once to secure the funds necessary for the construction of the building. Whether second mortgage bonds or stock subscriptions will be employed has not yet been determined. The committee is now planning on making the top floor into a ball room of artistic beauty, feeling that there is a demand for such a place. This room could be used not only for dances but for afternoon parties and for lodge meetings as well. A dome ceiling is being considered.

### ROUND-UP HORSES SOLD TO ENGLISH GOVERNMENT

Horses that, for the past few years have done nothing but buck for the entertainment of Round-up audiences have been enlisted to help the English army in its fight against the Kaiser and his squadrons. Yesterday a deal was made by Livestock Director Sam R. Thompson whereby four of the Round-up string were sold to a buyer for the English government, and they will be used as cavalry horses. The horses sold are only those whose abilities as buckers have deteriorated until they are no longer in a class to test out the Round-up riders. Never real cowboys, frequent handling has tamed their spirit, and falling to show their old time mettle at the Round-up trouts last month, they were put in the discard. Among the horses thus bucked out are Pin Ears, the beautiful little bay that was once one of the hardest to ride, Tango, a big sorrel bought last fall, and Spike. All of these horses have been thoroughly broken since the Round-up and brought \$100 a head. Sledgehammer, the big gray that is such a terror to saddle, and Good Night, another large horse, may be sold later as artillery horses, being too light for cavalry use.

### FOOTBALL SITUATION IS DISCUSSED AT H. SCHOOL

Forty-seven football men of Pendleton high remained for a general meeting in the auditorium this morning after assembly to discuss the present football situation. Principal Hampton and Professor Lankers led the meeting, and all were invited to express their opinions. Mr. Livingston who has been acting as coach, was unanimously chosen by the fellows to coach for the remainder of the season and all declared their intention of giving him the best support possible. Captain Brock explained the situation in regard to the new and inexperienced men and general light weight of the team, declaring that the whole success of the team depended upon their loyal support of the coach and hard work in careful training in plays and physically. Stress was laid upon the importance of the second team in the development of the first, and as a rule the general feeling of all is to that effect. The boys are in for hard work and are determined to stand behind the coach in a great effort to make ground in the coming contests with Baker City and La Grande and all teams they are scheduled to meet. "We must beat Baker," were the words of Captain Brock and in the spirit with which the boys regard the situation it is very probable that they will.

**Allies' Fleet in Pacific.**  
SAN FRANCISCO, Oct. 21.—Verification of reports that British, French and Japanese warships are off the southern coast of California was brought here by the steamships Coronado and Newport. It was said that the French cruiser Montcalm had been joined by the Japanese cruiser Idzumo and the Canadian cruiser Rainbow several hundred miles south from San Francisco. Shipping men believed the allies are now concentrating to wipe the German fleet from the Pacific.

### LARGE CROWD GATHERS TO HEAR MEASURES DISCUSSED

#### ANOTHER MASS MEETING TO BE HELD AT COURT HOUSE TONIGHT.

Evidencing the interest Pendleton people are taking in the initiative and referendum measures on the ballot for the November election, an audience gathered at the court room of the court house last evening that overtaxed the capacity of the room to hear the issues discussed by leading citizens. Short announcements of the meeting were made in the papers and the response was so great that there were not seats for all. Inasmuch as only about half of the 23 measures could be taken up during the two-hour meeting last evening another meeting will be held this evening at the same place and same hour to discuss the balance. Judge Stephen A. Lowell presided over the meeting last evening and the speakers were Circuit Judge G. W. Phelps, Prof. A. C. Hampton, Assessor C. P. Strain and C. S. Terpening. Tonight these same men and probably District Attorney Frederick Steiwer, Supt. J. S. Landers and Supt. I. E. Young will lead the discussion. The public is invited to attend.

### MAN WELL KNOWN HERE IS WITH CANADIAN REGIMENT

#### IN LETTER TO LOCAL FRIEND, SAYS HE HOPES TO LEAVE FOR FRONT SOON.

That England is planning for a big coup in the European war early in 1915 is the belief of Lieutenant J. S. Bowden who left Pendleton about a month ago for Ontario to enlist for service. He expresses this opinion in a letter to Manager J. J. Bissett of the Bowman hotel. Lieutenant Bowden, who is a native of Ireland, was formerly an officer in the Canadian army but at the outbreak of the war was a private citizen and was representing Shaw's magazine. He spent about two weeks here before leaving for Canada to re-enlist as a commissioned officer. The following extracts from his letter will prove interesting: "I am stationed at Windsor, Ontario. Recruiting is stopped in Canada but we are training a large force for active service at the new year."

- Heavy comforters, all clean cotton filling 98c, \$1.49
- Extra large fancy comforters \$1.98, \$2.49, \$2.98, \$3.98.

YOU CAN DO BETTER AT **The Golden Rule** WE LEAD OTHERS FOLLOW

Personally I believe England is preparing for a grand slam sometime in the early part of 1915. It will only be a matter of a short time before Canada can offer from 50,000 to 100,000 more men.

"The next contingency will probably fall from Canada in December. I hope to be among the number. I understand to my grief that my old regiment has been almost annihilated at the battle of Mons."

# THE ORPHEUM

## Thursday and Friday

### "The Perils of Pauline"

EPISODE NO. 8.

There seems to be no limit to the sensational predicaments in which Pauline is placed by the villains who are after her fortune. This episode is full of thrills and will keep you on the edge right up to the last minute.

# "THE ALTA THEATRE"

The House of Comfort The House of Quality  
"Where The Famous Players Play."

## TOMORROW

MARY PICKFORD

### "A Good Little Devil"

is something entirely different from other Pickford plays, something that will interest the young as well as the old, a human film, echoing the cry of the world. Poetry and fantasy mingled with reality.

Admission 15c. Children 5c.  
Afternoon performances 2:15, 3:30.  
Evening 7:00, 8:15, 9:30.

## TODAY

CLARA KIMBALL YOUNG

### "The Violin of M'sieur"

Supported by Jas Young and other Vita-graph stars in a pleasing two-act offering.  
"THE PEDDLER'S BAG,"  
A Biograph one-act production.  
"JONES' WEDDING DAY," a comedy.  
Admission 10c. Children 5c.  
Performances start on the hour.

We are now making plans to improve our offerings to the public and feel sure every one will be pleased with our contemplated changes.

# GEORGE H. BISHOP

CANDIDATE FOR  
Representative 22nd District  
UMATILLA AND MORROW COUNTIES.

is positively against the proposed amendment to the Constitution of Oregon, referred to the people by the Legislative Assembly, which has for its purpose the changing of the existing rule for uniformity and equality of taxation. J. V. Tallman, president of the Pendleton Commercial Association, County Judge J. W. Maloney, and County Assessor C. P. Strain, have written a strong argument in the "Voters Pamphlet" against the proposed amendment and it is found on page 16 thereof. They agree with Mr. Bishop in his opposition to the proposed amendment, which has been heretofore defeated twice by the people. If this amendment should carry it would open the door for the rich public service corporations, timber barons, power companies and other large interests, to shape legislation—entirely in their interest—in the legislature and work a great hardship upon the farmer, the merchant and other individual tax-payers.

Robert N. Stanfield, Mr. Bishop's opponent, has gone on record in favor of this proposed amendment which the common people believe to be vicious. Voters who know Mr. Stanfield's action in this matter are surprised that he would be in favor of it.

The assessed valuation of property in Umatilla County is about \$47,000,000. Of this amount the public service corporations are assessed at \$12,000,000.00—more than twenty-five per cent of the taxable property in the county. This property consists largely of railroads and railroad properties to the amount of \$280,000.00 of the taxes paid to Umatilla County this year were paid by these public utilities. If this proposed amendment advocated by Mr. Stanfield should carry, the legislature would have it entirely in its power to take the right from Umatilla County to tax these public service corporations and might very easily deprive the people of Umatilla County of the use of most of this \$280,000.00. This amount of taxes would necessarily have to be made up by a higher taxation of all other property and this would fall entirely upon the farmer, the merchant and other individual taxpayers and increase their taxes about twenty-five per cent, and the Lord knows their taxes are already extremely burdensome. In any event the legislature would have it entirely within its power to cause a net loss to Umatilla County each year on account of such legislation about \$150,000.00.

The taxable property in Morrow County is assessed as follows: Public utilities, \$2,771,957; all other property, \$5,590,773. Total taxable property \$11,761,830.00. Therefore, it will be seen that about twenty-three per cent of the taxable property in Morrow County consists of public utility property, largely railroad property.

To deprive Morrow County of the right to collect the taxes from these public utilities would add greatly to the burdens of the other tax-payers as will readily be seen.

Now, Mr. Stanfield, instead of looking after the interests of the tax-payers in his district, has given his sanction to a scheme that would almost bankrupt both Umatilla and Morrow Counties. About twenty-three per cent of Morrow County's wealth and about twenty-five per cent of Umatilla County's wealth, as above indicated, consists of railroad and other public utility property; yet Mr. Stanfield supports a proposed amendment to our constitution that has as its object the surrender of this right of taxation to the state for exclusive state taxation, thereby depriving the two counties of a right which they have always had under the constitution.

The actual net loss to Umatilla County would exceed, at the lowest calculation, more than \$100,000.00 and Morrow County would suffer a like proportion.

Figuring the matter up let us see some of its practical effects. The largest loss to the people would be in railroad cities and towns. The schools in these places would suffer severely. It would practically ruin the high school systems of these two counties where the schools are built upon railroads. The town of Echo receives about \$3500.00 annually taxation from these public utilities; Stanfield about \$2400.00; Hermiston about \$3500.00, and so on.

The passage of this proposed amendment would cause the school districts through which the railroads run to suffer greatly on account of the loss of the money received from this source of taxation. The other property owners in the school districts would simply have to make up this loss by an increased taxation of their property to that amount.

The passage of this amendment advocated by Mr. Stanfield, would cause each session of the legislature to be attended by a powerful and indomitable lobby maintained by the railroads, timber barons, power companies and other high concerns in their interest and they would practically own and control the legislature each session.

Vote 711 X No and defeat this proposed amendment to the constitution also vote for George H. Bishop for representative and against Robert N. Stanfield, his opponent, and thereby aid and assist in preserving this section of the constitution and prevent a great injustice to Umatilla and Morrow counties.
