NEWS OF FARM AND RANGE

Wheat at 95 Cents.—Wheat is being quoted today in Pendleton as high as 95 cents a bushel but there is little moving. The rapid advances which have been made since the war have caused those farmers who still have grain to hold on in the hopes of getting a dollar a bushel while others see no limit to the prices. Farmers who sold early in the season are counting their losses by so doing in the thousands of dollars to date.

Indian Land Sale.—Bids for the purchase of 158 acres of Indian land were opened at the agency yesterday by Major Swartzlander. The tract on sale is the allotment of Tsima, deceased, the heirs being Mrs. White Wolf, John Snyder and Aratha Wheeler. George Peringer is given as the highest bidder, his bid upon the land having been \$16,750. The land was previously appraised at \$15,000. The sale is not yet approved.

Austrians Capture Russians.

VIENNA, Oct. 23, via Rome.—The war office announced officially that Austrians have captured 2500 Russians, including 25 officers and 15 Russian machine guns.

BAN JOHNSON, AFTER HIS LEAGUE LOST BASEBALL CHAMPIONSHIP IN BOSTON

This is just a snap of Ban Johnson, president of the American League, after the Athletics, pennant winners in his league, lost the world championship in Boston. There wasn't doubt in his manner and actions and expression, that the dish was distasteful.

ROUSING WELCOME GIVEN DR. SMITH IN COLLEGE TOWN

DEMOCRATIC GUBERNATORIAL CANDIDATE IS HEARTILY RECEIVED.

Corvallis Turns Out in Force to Hear Declaration of Principles—O. A. C. Brass Band Gives Concert in Front of Hotel and Then Marches to Court House.

(Fred Lockley in Portland Journal)

CORVALLIS, Ore., Oct. 23.—I take my hat off to Corvallis.

I have never seen a more orderly, attentive, appreciative or intelligent audience than gathered at the court house to hear Dr. Smith's declaration of principles.

The home of the Oregon Agricultural college and of Dr. Smith's political opponent did itself proud. The O. A. C. brass band, consisting of 15 instruments, under the leadership of Oscar James, gave a concert in front of the hotel, after which they marched to the court house playing popular airs. After a short band concert C. E. Woods opened the meeting. Just here is a good place to say that the large courtroom was more than full. Not only was every seat taken, but chairs were placed in the aisles and from 60 to 75 attentive listeners stood in the rear of the room or along the sides of the room. Mr. Woods spoke briefly.

The record of achievement upon which Dr. Smith based his claim for future performance: He said that a man who had proved clean, capable and efficient as a school director, mayor and legislator would be able to give an equally careful and able administration as governor. Dr. Smith was applauded heartily when he rose. I mean just that, it was no perfunctory cheering, but applause given with good will.

Registration in Benton.

To date Benton county has registered 2946 republicans; 1515 democrats; 765 prohibitionists; 105 socialists; 118 progressives, and 425 independent and miscellaneous. In other words out of a total of 5850 there are 2946 republicans or a little more than one half of the total registration. At the meeting there were voters of all shades of political belief, but whatever their viewpoint, all were wonderfully attentive and generous in their applause. One pleasing feature was the presence of a large number of women, who paid just as close attention as the men.

"I am much gratified," said Dr. Smith, "at this hearty welcome and at the numbers who have come out tonight. I have a message for you tonight, and it comes from my heart."

Hearty and continued applause greeted Doctor Smith's reference to President Wilson and Senator Chamberlain.

Dr. Smith told how Oregon, the pioneer state in progressive legislation, had been followed by 25 other states which had adopted the initiative and referendum. He showed how Oregon's plan, known as Statement No. 1, had resulted in the adoption of the 17th amendment securing the election of senators by the direct vote of the people.

He showed how a group of mercenaries and political plunderers had robbed Oregon of its school lands until, unlike Minnesota, which had over \$200,000,000 for its school fund, Oregon had a paltry \$6,000,000 remaining of its one time princely treasury.

People's Rights Endangered.

He dwelt on the danger to the people's rights if the direct primary were tampered or trifled with.

"I believe the intelligent voters of Oregon will say, 'Down with the assembly and those who would restore it.'"

He showed how large a burden of unjust taxation was borne by the workers and wage earners of Benton county. "If we keep on increasing the taxes 25 per cent a year as we have for the past four years the people had better turn their property over to the state, for they will be unable to keep up the burden of paying the increased taxes," he said.

"Does it seem just that the population should increase 50 per cent in the past 10 years, the property valuation 90 per cent and the taxes 240 per

cent? Look at the record: In 1903 the legislature appropriated \$1,985,000, in 1905 \$1,550,000, in 1907 \$2,175,000, in 1909 \$2,800,000, in 1911 \$4,450,000, and in 1914 \$6,850,000, and that in spite of every effort of Governor West to curb the extravagance. We need to send a better type of legislators to Salem. We need to weed out the weak and the vicious who go there for personal profit.

"If Oregon were not one of the most productive and resourceful states in the Union it would be on the brink of ruin through our inexcusable extravagance. We need men who will feel their individual responsibility and their official responsibility.

Will Guard Interests.

"If I am elected governor I want to be more careful of the state's financial interests than I would of my own. We must curb our municipal, county, state and national extravagance." Dr. Smith discussed the single item veto and proved the great need for it in restraining the self-patriots, whose actions are all for self and never for the public welfare.

"I believe a candidate owes it to the public to declare his views freely; to tell the voters just where he stands on all public questions."

His views on oriental immigration were interrupted by prolonged applause. He concluded his address by saying:

"Don't vote for me if you think my opponent will serve the public more honestly, ably and effectively than I will. If you believe I can give better service than anyone else seeking the office, then I know I will receive your votes."

Planning to Invade England.

LONDON, Oct. 23.—Kiel shipyards are building armored barges to transport a German army of invasion to the British Isles, according to a Copenhagen dispatch received here. Some were completed, it was said. The same message said Zeppelin sheds were in the course of construction in Schleswig, presumably with a view of sending a fleet of dirigibles with the barges. Neither report was confirmed.

67 X CHAS. H. MARSH FOR COUNTY JUDGE

TO THE VOTERS OF UMATILLA COUNTY:

The office of County Judge is one of the most important in Umatilla County, and as a candidate thereof I wish to make known to you my position in regard to the various duties in connection with said office.

First: As a member of the County Court would have a voice in the levying of the County taxes including the road fund, and the expenditure of the same. If elected I pledge myself to an economical business administration, keeping the taxes just as low as is consistent with efficiency, a constant supervision of every dollar expended so that the County may get the full worth thereof, and a distribution of the road work over the entire territory of the County, so that one section should not suffer at the expense of another, doing such permanent improvements as are possible with a moderate tax levy. I promise to devote all of the time necessary for the proper conduct of the affairs of the County.

Second: As Judge of the Probate Court would see that all estates are properly handled and settled in accordance with the law, and that the property of Minors and insane persons are safeguarded in every way and the funds and securities properly invested so as to bring the highest possible rate on the investment commensurate with security. My work for several years has brought me into close touch with this work and I believe that I can promise a full and faithful performance of the duties connected with this part of the office.

Third: As Judge of the Juvenile Court would try and conduct same in a broad and humanitarian way, and follow the ideas and principles advocated by Judge Ben B. Lindsay and other pioneers in this work, so that the delinquents of this county may have every helpful influence possible that may develop into useful citizens.

And finally in the conduct of all other affairs of the County such as a member of the Board of Equalization, and in the conduct of the County Hospital, will give every one courteous treatment, no matter what their station in life. I was born in Umatilla County and have spent my entire life here, am not a politician but a business man, and I can only say that the interests of Umatilla County are my interests, and if elected County Judge, I will give the best in time and service to the affairs of the County of which I am capable, and do all in my power to make Umatilla County a rich and progressive community.

I will not ask for a raise in salary during my term of office nor seek a second term.

I have made no pledges, and will go into office unhampered by any outside influence. I will listen to suggestions from any one but will not be dictated to.

CHARLES H. MARSH.
