Old Boston Theater Goes. BOSTON, Nov. 17.—With the demolition of the Boston theater to give place to a proposed new hotel, the oldest playhouse in this city with one

exception and one of the oldest in the country, will pass into history. The news of the probable elimination of the famous theater recalls to many of the older Bostonians the "good old days" when in their youth they marveled at the mighty chandelier, gaped at the big clock with its strange moving and raced madly up the interminable spiral staircase to get a front seat in the gallery for the opera.

The theater, one of the most spacious of its day, received the public for the first time on Monday evening, September 11, 1854, and has thus rounded out an even sixty seasons. It was a successor to the old Federal Street theater, whose building had been sold.

The Boston theater company was incorporated May 15, 1852, with a capital stock of \$200,000, afterwards increased by \$50,000, the shares selling for \$1000 each. The site was valued at about \$160,000. The building was constructed after plans submitted in competition by E. Noury. The first night was opened with a production of "The Rivals."

mayor of Spokane was called to Winnipeg several weeks ago to deliver a series of sermons in the Central Congregational church, which is without a pastor. It is understood that the officials of that church are now negotiating with him with a view of securing him as their pastor. Now comes a hurry-up message from the First Congregational church of Victoria, urging Mayor Hindley not to "close" with the Winnipeg church until the Victoria people have had an opportunity of making him a proposition. The mayor's term of office does not expire until 1915, so he is himself facing a knotty problem calling for an early decision. As mayor of Spokane he receives \$5000 per year and it is understood that he can get more by returning to the pulpit.

**Homes Are Fortified.**  
PETROGRAD, Nov. 17.—From a report by General Rennenkampf on his dash to Koenigsberg, at the opening of the Russian campaign in order to bluff the Germans from their sweep on Paris, it is established that German preparations for a possible war with Russia were as numerous and thorough as those made for the invasion of Belgium and France.

The general reports that, besides the forts throughout all the border region of eastern Prussia, there is not a building, not even a peasant's hut, that has not the side facing Russia constructed of solid masonry, nor a cover for rifle pits. Moreover, this wall sometimes had rifle holes in the same way, and the basements

were so arranged that they could be almost instantly transformed into first class trenches. All villages also had innocent looking earthworks at suitable points, which were nothing less than fortifications on an organized scale, while at regular intervals throughout the country irrigation canals had been built to serve as trenches. Every locality had a perfectly organized system of underground telephones and telegraph wires. All this had been standing for at least ten years.

**Fishing Decree Reversed.**  
SAN FRANCISCO, Nov. 17.—In reversing the decree of the lower court in the suit of the Columbia River Packers' association against H. S. McGowan, Erick Lindstrom and J. P. Coyle, the United States circuit court of appeals decided that the association by virtue of its lease from the United States government, had exclusive right to haul salmon on a certain portion of Sand Island at the mouth of the Columbia river.

**INDIANA MAY LICENSE REAL ESTATE DEALERS**  
INDIANAPOLIS, Nov. 18.—Whether or not real estate dealers should be licensed by the state legislature will be discussed by the governors of the Indiana Real Estate Association. If they decide favorably the state legislature will be asked to enact a licensing law which will serve to keep out dishonest men from the real estate business in Indiana.

Mrs. Roy Alexander is in Walla Walla, a guest of her parents, Mr. and Mrs. Harry Abbott. Tuesday she attended a very attractive luncheon given by her sister, Mrs. R. E. Paddock, as a compliment to another sister, Miss Emily Abbott, a popular bride-elect.

Mrs. Horace Mann is this afternoon entertaining the members of the Luncheon Bridge Club at her home on Lewis street.

The Current Literature club will meet tomorrow afternoon at the home of Mrs. Norborne Berkeley.

Jerome Troxel and Elizabeth Adams, both of Pendleton, were united in marriage last evening at the Episcopal rectory by Rev. Quinney, pastor of the Church of the Redeemer. The witnesses were Mr. and Mrs. F. M. Murphy.

### COLUMBIA HIGHWAY COMPLETED JULY 1ST

ASTORIA, Ore., Nov. 18.—(Special)—That the Columbia highway will be opened from Pendleton to Astoria July 1, 1915, is asserted by State Engineer Bowley, who is preparing his annual report. Figures show that a vast amount of work was done under the supervision of the state highway commission during the past year. This work was done in the counties of Jackson, Clatsop, Multnomah, Hood River, Wasco, Sherman and Washington. A total of \$20,000,000 was spent this year on the Columbia highway between Wasco and Seaside, and there will be available to be spent before July 1, of next year, \$670,000. There will be provided by July 1, 97 miles of newly located and constructed graded road of a maximum grade of five per cent, width of roadbed 24 feet, and curves with a minimum radius of 200 feet. The work in Clatsop county is 50 per cent completed and that in Columbia county is 75 per cent completed.

**Best Cough Medicine for Children**  
"Three years ago when I was living in Pittsburgh one of my children had a hard cold and coughed dreadfully. Upon the advice of a druggist I purchased a bottle of Chamberlain's Cough Remedy and it benefited him at once. I find it the best cough medicine to take. They do not object to taking it," writes Mrs. Lafayette Tuck, Homer City, Pa. This remedy contains no opium or other narcotic, and may be given to a child as confidently as an adult. Sold by all dealers.—Adv.

**Remarkable Cure of Croup**  
"Last winter when my little boy had croup I got him a bottle of Chamberlain's Cough Remedy. I honestly believe it saved his life," writes Mrs. J. B. Cook, Indiana, Pa. "It cut the phlegm and relieved his coughing spells. I am most grateful for what this remedy has done for him." For sale by all dealers.—Adv.

### WASHINGTON GOOD ROADS MEN MEET

SPOKANE, Wash., Nov. 18.—With steps expected to be taken that will result in better highways in the state, the Washington Good Roads association convened here today in annual session.

Among the subjects scheduled for discussion are the proposed legislative enactment strengthening the wide tire law, a new automobile code, the standardization of danger signals for all roads, the automatic distribution of money from the public highway fund, and providing for a definite system of maintenance for all types of roads.

Samuel Hill, well known northwest good roads enthusiast and expert, and E. H. James, head of the maintenance department of the United States office of public roads are scheduled to deliver addresses before the convention adjourns Friday.

### ALL-STAR TEAM WILL CLASH WITH H. SCHOOL

THANKSGIVING DAY GAME WILL BE LIVELY AFFAIR, IT IS PROMISED.

Thanksgiving may be Thanksgiving without turkey but it can't be Thanksgiving without a football game. That's the way local sport lovers think about it anyway, and in order to insure an exciting contest to add the digestive juices following the dinner feast they have induced the high school team and the all-star team of the city to come together. There is considerable rivalry between the two since their tie-up clash early in the season and their Thanksgiving match will be well worth watching.

The all-star team will be just what its name implies, and if the high school wins over it it will be entitled to wear a red feather in its cap.

For instance, there is John Hinderman, the best fullback the high school ever had and later a member of the W. S. C. team. He will play at full end do the kicking. At quarter there is Duff, an interscholastic star of Portland and during the years 1910, 1911 and 1912 a member of the Multnomah club team. At halves there will be two men known principally for their baseball ability but who have made names on the gridiron as well. Gunner Peterson, former plunger for the Lincoln high of Portland, and Ray Augustus, speed artist for a Los Angeles high team.

For ends Jack McDonald and Finis Kirkpatrick, who played those positions on the champion high team of last season, will be in uniform and at center Archie Rugg, also of the same team. The other line positions will be taken care of by Bowler, formerly all-Colorado star, Finnell and Rich Thompson of local high school fame, Brooks, a former star of The Dalles, McGinnis, another foreign star, and Lefty Shroeder, once a bright light in the Portland firmament.

Despite the formidable array of has-beens, the student players believe they will emerge victorious. They will rely upon their speed, better organization and endurance to overcome the age, weight and individual ability of their opponents.

### NO DANGER TO BE FEARED IF MEAT IS WELL COOKED

DEPARTMENT ISSUES STATEMENT ON DISEASED CATTLE CONDITIONS.

WASHINGTON, Nov. 19.—To reassure consumers who fear to eat meat because of the foot and mouth disease, the department of agriculture issued a statement saying that if thoroughly cooked the meat of an infected animal was not dangerous.

"In the case of meat, as in the case of milk," the statement said, "it must be remembered that all herds which actually show the disease are quarantined and neither milk nor meat from the sick animal can be sold. Sixty per cent of the meat used in this country is produced in nearly 900 federally inspected slaughtering and packing establishments, located at 240 cities.

**Federal Stamp Conclusive.**  
"In these establishments no animal is slaughtered until it has passed an ante-mortem inspection and also a most rigid post-mortem inspection by a veterinarian at the time of slaughter. After slaughter its meat cannot leave the establishment until it has been carefully examined and stamped 'U. S. Inspected and Passed.' In all the establishments no animals showing any symptoms whatever of foot and mouth disease is allowed to go to slaughter, and no meat which, on post-mortem inspection, shows any suspicious symptoms of this complaint can be shipped out of the establishment.

"All meat suspected of coming from an animal suffering with this complaint is sent, under government seal, to the tanks to be rendered into fertilizer. The federal inspection stamp on meat, therefore means that it is entirely safe.

**Cooking Makes Meat Safe.**  
"The federal government, however, has no jurisdiction over local slaughter houses which do not ship meat outside of the state in which it is slaughtered. If, however, meat from such an animal did escape from one of these local slaughter houses which are purely under state or municipal

### FALLING HAIR MEANS DANDRUFF IS ACTIVE

SAVE YOUR HAIR! GET A 25 CENT BOTTLE OF DANDELIN—INE RIGHT NOW.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Dandelin tonight—now—anytime—will surely save your hair.

Get a 25 cent bottle of Knowlton's Dandelin from any drug store or toilet counter and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

control, all danger of its communicating the disease to human beings would be removed when it is thoroughly cooked and sterilized.

"Those who are located near an infected region and wish to be absolutely certain of the safety of their meat should cook it thoroughly."

### It is Just Natural To Admire Babies

Our altruistic nature impels love for the young infant. And at the same time the subject of motherhood is ever before us. To know what to do that will add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful things is an external abdominal application sold in most drug stores under the name of "Mother's Friend." We have known so many grandmothers, who in their younger days relied upon this remedy, and who recommended it to their own daughters that it certainly must be what its name indicates. They have used it for its direct influence upon the muscles, cords, membranes and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of expectancy.

A little box mailed by Bradford Regulator Co., 205 Lamar Bldg., Atlanta, Ga., refers to many things that women like to read about. It refers not only to the relief from muscle strain due to their expansion but also to nausea, morning sickness, caking of breasts and many other distresses.
