

# Men's Winter Weight UNDERWEAR

The kind you'll want to wear

We were most careful in selecting our stock of underwear for this season. Our experience has taught us that there's nothing poorer than poor underwear. Unless you know you are an expert judge of knit underwear you had better not take any chances; buy your warm underwear from this store, and you'll be sure of getting the very best garment for the price, not matter what the price.

WE ARE AGENTS FOR THE CELEBRATED COOPER'S CLOSED CROTCH UNION SUITS.

They are the very best kind. They never gape. They do not chafe. They are not bulky and clumsy. If you wear them once, no other kind will ever do—\$1.25, \$1.50, \$2.00, \$3.00, \$3.50, \$4.00, \$4.50 and \$5.00.

STANDARD CLOSED CROTCH COOPER'S UNDERWEAR CO.

# Society

This evening in the Moose Hall another of the series of popular dancing parties being given by the U and I club will be the means of entertaining a large number of dancers. J. H. Merryman, who is arranging to teach the latest dance steps here, will make his announcements of classes this evening.

Palmer—Why go to college.  
Reed—Western bird guide.  
Robert—Primer of parliamentary law.  
Schauffler—Arbor day.  
Schauffler—Independence day.  
Schauffler—Memorial day.  
Slisson—Great American universalities.  
Sweetser—Key and flora—some of the common flowers of Oregon.  
Thwing—Universities of the world.  
Weed—School garden book.

**TRAINS BETWEEN PORTLAND AND SEATTLE REDUCED**

PORTLAND, Ore., Nov. 19.—Effective on Sunday, the passenger train service between Portland and Seattle will be reduced by six trains, the O. W. R. & N. and the Northern Pacific and Great Northern each withdrawing one of its trains each way. Officials of the companies declared that traffic never justified running 22 trains daily.

It enriches the blood, strengthens the nerves, makes every organ of the body strong and healthy; a great tonic. Hollister's Rocky Mountain Tea can't be beat. Try it tonight. Tea or Tablets. 35 cents. Tallman & Co.—Adv.

## BAKER HIGH SCHOOL PLAYS WALLA WALLA THANKSGIVING

**TWO STAR TEAMS WILL CLASH ON GRIDIRON—STRONG LINE-UPS.**

BAKER, Ore., Nov. 20.—Definite arrangements have been made for a football game in Baker Thanksgiving day between the local high school team, champions of eastern Oregon, and the Walla Walla high school team, champions of southeastern Washington. Baker has won seven games this year, scoring 106 points, and only one team (Nampa, Idaho, high school) has crossed the local goal line, Baker winning 13 to 6. Walla Walla defeated Pendleton by a little larger score than did Baker, but the home team expects to be in better shape when they face the Garden City aggregation than when they met the boys from the Round-up city. Baker has but one more game before the turkey day contest, that being with Boise high school at Boise today.

**Teachers' Tests Are Set.**

SALEM, Ore., Nov. 19.—Superintendent of Public Instruction Churchill announced that examinations for certificates to teach school would be held in all the county seats of the state December 15, 17, 18 and 19. The first day will be devoted to history, physiology, physical geography, reading, composition, methods in reading, methods in arithmetic; second, arithmetic, history of education, psychology, methods in geography, fourth grammar, geography, American literature, physics, methods in language and thesis for primary certificate; third, theory and practice, orthography, English literature, chemistry, school law, geology, algebra and civil government, and last day, geometry, botany, general history and book-keeping.

**Catarrh is an excessive secretion, accompanied with chronic inflammation, from the mucous membrane. Hood's Sarsaparilla acts on the mucous membrane through the blood, reduces inflammation, establishes healthy action, and radically cures all cases of catarrh.—Adv.**

**Tourists Warned Again.**

WASHINGTON, Nov. 19.—Another warning to American citizens against unnecessary visits to foreign countries involved in war was issued by the state department with particular caution to naturalized citizens.

Those Americans who expect to travel abroad were advised by the department to provide themselves with letters and documents of identification in addition to their passports, and to be careful to inquire of the proper diplomatic officers in foreign lands about getting their passports issued.

Finally, the department once more cautioned all citizens not to violate neutrality, either by conduct or utterance.

**Briggs—School, college and character.**  
Canfield—College student and his problems.  
Corbin—Which college for the boy.  
Crawford—College girl in America.  
Foltz—Federal civil service.  
Foster—Essentials of exposition and argument.  
Grinnell—Indians of today.  
Judson—Higher education as a training for business.  
Lord—Birds of Oregon and Washington.  
Lyman—Story telling, what to tell and how to tell it.

**Library News**

Among the books recently received at the library are several that will be of special value to high school students and to teachers. They are ready today and have been placed on the "New Book" shelves.

**ECZEMA ITCHED FOR 20 YEARS—RESINOL CURED**

Dec. 8, 1913: "I had eczema for 20 years. It started on me when I was but 13 years old and am now 34, and have suffered all these years. It started with small pimples all over my face, arms and hands. My hands would swell up so that I could not shut them, and I was almost blind. It would itch, then burn, and I had to keep the affected parts wrapped up so that I would not scratch them. I couldn't sleep at all—just walked the floor a whole night. "I have tried many different remedies, and spent a large sum of money, but had no relief. Resinol Soap and Resinol Ointment were recommended to me. They gave me great relief after the third application, and after using four jars of Resinol Ointment and three cakes of Resinol Soap, I am completely cured." (Signed) Mrs. H. E. Fleeger, Box 13, Dauphin, Pa.

Resinol Ointment and Resinol Soap sold by all druggists for 19 years.

## THE TORTURES OF RHEUMATISM

are always aggravated during damp, changeable weather and ordinary treatments are often useless.

Such conditions need the oil-food in Scott's Emulsion to reduce the injurious acids and strengthen the organs to expel them.

Scott's Emulsion, with careful diet for one month, often relieves the lame muscles and stiffened joints and subdues the sharp, unbearable pains when other remedies have failed.

NO ALCOHOL IN SCOTT'S.

**Suffragists in Convention.**

SCRANTON, Pa., Nov. 19.—With Mrs. Frank Roessing, of Pittsburgh presiding, the forty-sixth annual convention of the Pennsylvania Suffrage association was opened here today. Sessions will continue until the night of November 24.

Determined efforts have been made in the state to win the ballot for the women and leaders promised to unfold plans which would bring the organization to early realization of its object. One of the features of the convention will be a celebration over the partial victory of the suffragists in Pittsburgh recently, when they succeeded in putting through the convention of the State Federation of Women a resolution providing for the "individual endorsement of equal franchise movement by the delegates. It was carried by a vote of 350 to 57.

## Only Sure Corn Cure Ever Known

"Gets-It" the New Way, 2 Drops Do It

To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new-plant corn cure, "GETS-IT" is the first one ever known to remove corns without fall, without pain and without trouble. This is

Use "GETS-IT" for Corns and You Won't "Holler" When You Put on Your Shoes.

why it is the biggest-selling corn cure in existence today. It is now used by millions, because it does away with sticky tape, with plasters and cotton rings that shift their position and press down onto the corn, with salves that "raw up" the toe, with "horns" that cause pressure and pain, with knives, razors and files, clawing and pulling at a corn.

"GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain goes, the corn shrivels, vanishes. Accept no substitute. Try it on any corn, wart, callus or bunion tonight.

"GETS-IT" is sold by druggists everywhere, 25¢ a bottle, or sent direct by E. Lawrence & Co., Chicago.

### GALLANT CAPTAIN OF EMDEN IS PRAISED

LONDON, Nov. 17.—One of the British merchantmen captured by the raiding German cruiser Emden was spared by the warship's darling captain because there was a woman aboard. In a letter written from Calcutta to relatives here, the wife of the captain of the captured British steamer Kabinga thus describes the incident: "We were under orders to leave the ship, which was to be sunk within two hours. A gale blew up making it decidedly unpleasant for a woman

to put to sea in an open boat. So, with 30 German seamen aboard, we merely had to follow the Emden for two days and nights. We watched her make several captures and sink several other boats. We did not know what minute our turn would come next. Finally the sea continuing to run heavily, and the Kabinga being unable to make the speed necessary to keep up with the Emden we were released. We received only the most courteous treatment from the German officers while we were prisoners of war."

**Electric Warship Aim.**

WASHINGTON, Nov. 15.—The super dreadnaught California, one of the three huge new ships just ordered, will be driven by electric motors. Secretary Daniels authorized this type of power plant for the big fighter on recommendation of Rear-Admiral Griffin, engineer-in-chief of the navy. If it proves as great a success as it has been in the naval collier Jupiter, navy officers foresee the complete replacement of direct steam drive in future American warships.

The California, which will be built at the New York navy yard, will be

the first electrically-driven warship ever built, as the Jupiter was the first deep-sea vessel of any type to be fitted with motors. The decision to install the new system aboard the battleship was arrived at only after exhaustive study of the performance of the Jupiter.

As in the Jupiter, the main power plant of the California will be steam turbines, driving dynamos which will generate electricity to give the ship at least a speed of 21 knots an hour. The Jupiter far exceeded her speed requirements.
