INTERURBAN ROAD TO LA GRANDE IS PLAN

CONNECTION WITH WALLA WALLA IS SCHEME BEING WORKED OUT.

WALLA WALLA, Nov. 25.—Promoting the construction of an electric line between Walla Walla and La Grande, over the Blue mountains, C. J. Franklin, a civil engineer of Boise, J. G. Brown, a finance commissioner of Gallon, Ohio; and E. A. Pack of Welsch, are here.

They want the business men of Walla Walla and La Grande to subscribe several hundred thousand dollars in stock, saying that the balance of the two million needed can be obtained from eastern capitalists.

At a special meeting of the Commercial club directors yesterday a committee consisting of Ben Stone, H. A. Gardner, A. M. Jensen, W. S. Offner and W. W. Baker was appointed to make a report.

The promoters stated last night that in La Grande the proposition was very favorably considered.

They refuse to give any details of their plans until their position is acted upon by the Commercial club or otherwise. They claim they can come across the Blue mountains at an elevation of 4100 feet.

Many local men were recalling last night the proposed extension of the Central Railroad of Oregon, the small branch line from Union to Cove over the mountains to this city, as covered in a report made by George Alexander, consulting engineer of Boston, to eastern capitalists who owned the road at that time, the year 1909.

His route was from Cove up the Grand Ronde valley to Imbler, Summerville and Elgin and thence over the foothills of the Blue mountain range to the Tanks and down into Milton; thence up this valley in a semi-circle to Tracey and Dudley and down the old narrow gauge track of the Northern Pacific to this city.

His estimate of cost for this route estimated at 77 miles for a steam railroad was \$2,146,756.

While the route of the present proposed road is considerably different the total cost of the entire proposition is estimated at about two million.

Engineer Franklin, when told of Engineer Franklin's route, stated he did not believe it was feasible.

The promoters will be here several days by which time they will probably give out complete plans.

Mayor Ward Gives Bail. GOLDENDALE, Wash., Nov. 25.—Mayor N. L. Ward of Goldendale, arrested on a warrant charging him with the embezzlement of \$550 belonging to a client, was held in \$5000 bail, had his bonds reduced to \$2000, which he furnished.

QUIT MEAT WHEN KIDNEYS BOTHER

TAKE A GLASS OF SALTS IF YOUR BACK HURTS OR BLADDER TROUBLES YOU.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

WHAT TO DO WITH HEPNER COMPLAINT IS QUESTION

SALEM, Ore., Nov. 25.—Considerable doubt has been created here as to what the citizens of Heppner really desire to have done with a complaint concerning their train service recently filed with the state railroad commission.

Early this month a formal complaint was filed in the name of the Heppner Commercial Club, alleging that the train service on the Heppner branch was not what it should be, and asking the commission to investigate and order improved service.

This complaint was signed by J. Perry Conder as "chairman." Mr. Conder having previously written with L. E. Blabe and J. J. Nys in reference to the matter.

W. W. Smead, as president of the club, has since filed a motion to dismiss the complaint, stating that the use of the club's name has not been authorized, and that the club has not determined that it desires to make complaint against the train service.

The Oregon-Washington Railroad & Navigation Company has filed its answer to the complaint, asserting that the present service on the Heppner branch is adequate, and that there is no public necessity for additional trains. The commission has taken no action in the matter, and is hoping for new light as to what the Heppner people want done with the complaint repudiated by Mr. Smead.

Nurse Asks for Damages. NEWARK, N. J., Nov. 25.—Miss Hattie Miller, a nurse, of West Orange, through Antoinette Schick, a friend, filed suit in the court of common pleas asking compensation for injuries suffered through being stabbed with scissors by Dingwall Fordyce, Jr., a young son of Alexander R. Fordyce, Jr., of West Orange. Mr. Fordyce is a civil service commissioner.

Miss Miller, who is not of legal age was employed as a nurse in the Fordyce home and was in charge of the boy, who, she says, stabbed her on March 8 last. In her petition she says she did not recover from the wound until October 3. The suit was brought under the employers' liability act.

WHAT the Press Agent Has to Say of Present and Coming Attractions

Orpheum—Thursday and Friday. "The Mystery of Grayson Hall." Two part Eclair. A story of rare dramatic power, jealousy and avarice. Every role has been assumed by a finished artist.

Howard Grayson, a retired chemist lives in the country with his beautiful young ward Edna. His seafaring nephew Ralph arrives from the city for a visit and also is looking for money. He falls violently in love with Edna who repulses his bold advances, as she is engaged to Jack, Grayson's secretary. The old man, observing Ralph's ways, tells him that unless he changes he will leave everything to Edna. Ralph mysteriously murders his uncle and no one suspects anything wrong except Edna who quietly hires a detective who finally accuses Ralph and after a thrilling third degree deal he confesses in the presence of the girl, her sweetheart and the detective.

"The Tale of a Hat." Sterling comedy. An eccentric comedy number in which the husband puts the rent money in a straw hat. The hat blows off his head and falls into the hands of some tramps. It finally blows into the wife's hands just in time to pay the rent.

"The Foreman's Treachery." Nestor. A very entertaining drama.

Pastime—Today. We are featuring today a two part picture "The Evolution of Europe." This picture shows us the causes that lead up to the present war. Close up views of all the rulers of the different countries engaged in conflict. The troops going to the front and actual warfare.

In this picture you will see the actual slaughter of the troops. The German navy in action and the effects of the big guns.

"Whatever Woman Soweth," Eszany, in two parts, featuring Gerda Holmes & Richard Travers.

"Percival." Vitagraph comedy featuring Constance Talmadge and Billy Quirk.

"Hearts of Gold," a delightful Biograph drama.

This program consists of six reels of entertaining pictures, including the first authentic war picture released that shows actual fighting both on land and sea. The admission price will remain as usual. Adults, 10c; children 5c. Just another treat from the Pastime.

Cosy—Wednesday and Thursday. Two vaudeville acts for these two days. White & Brown, in a singing and talking act, entitled "A Lesson in Flirting," will be one of the attractions.

Miss Stephanie Schuecker, harpist, is the other act. The harp act is a novelty in vaudeville, and will please.

"The Saving Grace," two reel Majestic. A dandy western comedy-drama, featuring the charming little actress, Dorothy Gish. Like all Majestic pictures, this is perfection.

Fatty's "Josh Day's" Keystone. Poor Fatty gets in bad all around and finally has a run-in with the world famous police force. Of course you'll laugh at this.

Mutual Weekly No. 96. More late pictures from the war zone in France and Belgium, and also a remarkable picture from the Arctic, showing the rescue of the explorers who sailed last summer on the steamship "Karluk."

Queen Thanks Americans. LONDON, Nov. 25.—Queen Mary has sent to Mrs. Walter H. Page, wife of the American ambassador, a letter of thanks for the Christmas gifts from American children to children in England and on the continent. The letter is dated at New Cottage, Sandringham, Norfolk, November, 20, 1914, and reads:

"My Dear Mrs. Page: Having heard of the approaching arrival of the steamer Jason bringing Christmas gifts of warm clothing from the children of the United States to the children of this and the other belligerent countries, I am anxious to express through you my warm appreciation of this touching proof of generous sympathy, and to ask you to be so kind as to convey my heartfelt thanks to all who have contributed toward the presents, which will, I feel sure, be gladly welcomed by the children for whom they are intended and received with gratitude by their parents. Believe me, yours sincerely, 'MARY R.'"

Russia Wants Steamship. SEATTLE, Wash., Nov. 24.—The Russian government is reported to be negotiating for purchase of the Great Northern liner Minnesota, now laid up here, the largest vessel on the Pacific ocean. The first business of the Minnesota, if purchased by Russia, would be to carry reservists and supplies from the Pacific Coast to Vladivostok.

An exporter has sought to charter the Minnesota to carry a grain cargo to England. Extensive repairs to the Minnesota's boilers must be made before she can undertake any voyage.

Washington Fete Is Set. SAN FRANCISCO, Nov. 25.—Housekeeping and dedication of the completed Washington state building at the Panama-Pacific international exposition set for Wednesday, December 2, will differ from the functions of like nature which have heretofore occurred.

Washington's affair will take place at night and will conclude with a ball, according to announcement made here today.

The Washington commissioners are John Schram, Richard S. Jones, Mrs. H. W. Allen, Huber Rasher and Mrs. W. A. Holzheimer, of Seattle, and Frank Hale, of Tacoma.

MUNICIPAL PLANT CAN FURNISH CHEAP LIGHT

BAKER FIGURES SHOW LOW COST OF PROPOSED LIGHTING PLANT.

BAKER, Ore., Nov. 25.—An amended report by Engineer Stockman to the city commissioners was presented showing that lights can be manufactured by the city at a cost of 3.37 cents per kilowatt hour instead of 4.75 cents as first estimated. The cost of the total system remains at \$180,540.12 but of this amount \$82,764.12 is charged to the water department for the additional water supply which the proposed lighting plant would furnish the city. On this basis it is estimated that the 648,000 kilowatt hours will cost the city \$21,818.64 a year, including all cost of operating, sinking and interest on bonds, etc. The report was figured on the flow of water in 1909-1910, the lowest water Baker has experienced in the last decade. Commissioner Finley was empowered to employ a competent engineer to check Mr. Stockman's report.

Zeppelin Damage Denied. BERNE, Switzerland, Nov. 25.—The raid of French and English aviators on the Zeppelin airship factory at Friedrichshafen caused great excitement on the shores of Lake Constance. The fliers made a trip of nearly 100 miles from the French frontier. The bombs which they dropped missed the Zeppelin establishment.

One biplane was hit by shrapnel and fell into the lake. The aviator was rescued with bullet wounds in his head and hand. He was an English lieutenant. He was taken to a hospital. The other aviators escaped.

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.
