From the early days of the French and Spanish occupation southern Louisiana has produced excellent oranges but the industry is only now being developed in a large way. Sugar lands and the drained humus-covered lowlands are being found well adapted to orange culture.

Mr. Phillips had Stomach Trouble for More than Five Years.

Mr. W. R. Phillips, Jr., 139 Moreland Ave., Atlanta, Georgia, writes: "I had the catarrh and stomach trouble for more than five years, and I faithfully tried all the medicines I saw advertised, and found they all failed to cure me. I then heard of Peruna. I purchased six bottles, and after their use I soon discovered that I was well, safe and sound. I now weigh two hundred and ten pounds, and have never been sick since I took Peruna. It surely is the best medicine for colds, stomach trouble and catarrh that I ever heard of."

A seedless variety of Louisiana sweet oranges, recently discovered, has been awarded the Wilder pomological medal.

Greatest of All Human Blessings

The most wonderful thing in the world is love expressed in the helpless infant. And among those who are born with a weak constitution, the mother's milk is the well known "Mother's Friend." This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments. Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pain so much dreaded may be avoided and the period of expectancy passed in comfort. There is no question but what such relief has a marked influence upon the general health of the mother. In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid colic, flatulency, and how to prevent it. It has been prepared in our laboratory for over forty years and is known favorably to most druggists everywhere. Get it both to-day and write for book to Bradford Regulator Co., 209 Lamar Bldg., Atlanta, Ga. Be sure to ask for and see that you get "Mother's Friend."

HAIR FELL OUT BY HANDFULS

Also Had Itching Burning Scalp. Hair Thin, Dry and Lifeless. Could Not Sleep on Account of Itching. Cuticura Soap and Ointment Healed.

Kalkaska, Mich. — "My hair began falling out about five years ago and I also had itching and burning of the scalp. My hair fell out by handfuls and it was thin, dry and lifeless. I could not sleep on account of the itching. My hair became so thin I commenced using 'rate' and switches until I had lost so much hair there was not enough remaining to cover the 'rate.' I used also quantities of ——— which did not relieve the tetter which at times was almost unbearable, especially at night. I was obliged to comb my head in soda water in order to get any rest. I then tried Cuticura Soap and Ointment, rubbing the Cuticura Ointment into the scalp at night and washing it out in the morning with Cuticura soap. It was about four weeks when I was entirely cured." (Signed) Mrs. Henry Frisk, March 21, 1914.

FAKE WAR STORY LEADS TO ARREST OF AN OPERATOR

TALE OF RUSSIAN BATTLESHIP BEING BLOWN UP IS PURE FICTION.

NEW YORK, Nov. 28.—Trapped by a "planted" fake story stating that the Russian battleship Filba had been blown up with the "loss of 450 lives," H. L. Linder, a telegraph operator in the New York Globe office, was arrested today on complaint of the Associated Press.

It was charged that Linder sent a fake Associated Press bulletin to the New York News Bureau, a ticker concern which delivers its stories to other newspapers and press association offices in New York, but has no connection of any kind with the United Press.

The fake story, after being sent out over the ticker wires in New York, was picked up by certain news agencies and circulated throughout the country. United Press papers throughout America were protected from this fake yarn because the United Press was not connected with the deal in any way and carried no reference to the story.

When Linder was arraigned before Magistrate Bonce his case was continued until December 1, his bail being fixed at \$5000.

"I suggest," said the complainant attorney, John Clark, "that \$5000 is not a bit too much bail. This is a serious case and it is unique. Linder may not be the chief culprit. He has made a very full statement but may have more to tell later."

INDIANS ARE DIVIDED ON SUBJECT OF TRIBAL LANDS

AT COUNCIL HELD SEVERAL DAYS AGO DIVISION APPEARS—FEW ATTEND.

The Indians of the Umatilla reservation are divided among themselves over the proposition to allot the tribal lands to the children of the present allottees. Some favor the allotment and some oppose it and those who favor it are divided as to the methods of obtaining it.

At the council held several days ago at the agency at the suggestion of U. S. Senator Lane, there were only 18 Indians present. All but four of these favored the allotment. The other four are cattle owners, it is said, and have been using the tribal lands as range for their stock and, so, naturally do not wish any action that would cut down this range.

Chiefs Umapiine and No Shirt and probably 200 other Indians who also favor the allotting of the lands did not attend the council for the reason that they have already employed an attorney to present their cause to the Indian bureau. Senator Lane warned the Indians against retaining this man, who represents himself as a Washington attorney, telling him that it was the business of the state's representatives in congress to attend to such matters without charge, but it seems that these Indians had already signed a contract with this Washington man.

Ring is Found in Fish.

BALTIMORE, Md., Nov. 28.—Captain Lingo, of the Venice police department, Mrs. L. O. Matthews, of Venice; Fay Williams, who operates a fish stand at Playa del Rey, and perhaps some others swear to this story.

Mrs. Matthews says while she was fishing from the Venice pier recently a \$250 diamond ring fell from her finger into the water. Her tears added to the salt water already in the ocean and divers exhausted themselves trying to recover her jewelry, but all in vain.

Fay Williams swears to this part: While preparing a large fish for sale at his stand later he found a diamond ring. He read of Mrs. Matthews' loss. He notified the Venice police department.

Captain Lingo swears to this part: The ring, no worse for its two-mile trip from Venice to Playa del Rey in the esophagus of a fish, was turned over to him. He notified Mrs. Matthews. She identified the ring and it was returned to her.
