50 farmers of the Cold Springs section at the meeting and the season did not close until 5 o'clock, so great was the interest manifested. Among the farmers taking part in the discussion were A. F. May, Dr. W. R. Campbell, Manuel Friedley, William Kupers, Glenn Scott, Frank Holdman and others. These men all united in urging that some steps be taken to give their district a connection with the river but none of them presented any special recommendations. Prior to the meeting the sentiment had been favorable to building a railroad but the estimates given on the cost of such work considerably dampened the spirits of the "railroad" men though they did not abandon hope entirely and asked that further facts be learned regarding the probable cost of a railroad as well as concerning the cost of a paved highway to the river.

with the Nez Perce, how they did enjoy teaching and helping them in so many ways.

"The first thing they did was to let them know that they were their friends, and gain their confidence. Many times my mother would have to be alone with them, when my father would have to be away. And to show you the confidence they had in the Indians, when I was 9 years old my parents sent me in care of an Indian woman to Dr. Whitman's to go to school and to get acquainted with the other white children. We went horseback and pack horses and were out

they assert help will have to be given by the county or else a cheaper road will be necessary. It was suggested by Messrs. three days and nights. We shared the same blankets, ate together and had no more fear than I have now. And the next winter when I was 10 years old my father took me again to Dr. Whitman's for school. That is how I came to be there at the time of the massacre. The shots, the blows, the groans, the war whoops, have never left my memory. As soon as my mother heard of the trouble she sent two of our Indians, Old Timothy was one, to see what had become of father and me. When I saw them there never was anyone as happy as I was for a few minutes. And oh, how Timothy did look. He told me what they had done for, but he said, 'We can't take you; those Indians won't let you go.' Oh, for my joy turned into sudden grief, and for the first time during all that time, I then broke down and cried. Timothy put his arm about me, took my apron and dried the tears, and said, 'Poor Eliza, don't cry, you shall see your mother.' Faithful to the last were those Indians, and I rejoice that my father's and mother's remains are resting where they did their noble work.

AMERICAN IS BEING HELD AS SPY BY THE GERMANS

EDWARD BRIGHT UNDER ARREST, ACCORDING TO REPORT RECEIVED HERE.

NEW YORK, Nov. 20.—Edward Bright, an American citizen, graduate of Columbia, and formerly editor of the Baptist Examiner, is under arrest at Goettingen, Germany, charged with being a spy, according to information received by his wife in this city. Mrs. Bright got word recently that her husband was imprisoned on October 17, and, after appealing to the state department at Washington, she decided to make her information public.

Mr. Bright, with his family, had resided at Goettingen nearly 10 years, Mrs. Bright said. He was studying at Goettingen University. Mrs. Bright, with her two sons, came here shortly before the war began. Her first news regarding her husband's plight came in a letter dated October 25 written by a maid in the Bright's Goettingen household. This was confirmed by a letter written from Goettingen, October 30, by an American friend, who said her husband had appealed to the American consul and that the consul at Hanover had promised to make a trip to Goettingen to investigate. Mrs. Bright notified the state department, which cabled to the consul at Hanover and received word that Ambassador Gerard had "requested an early investigation."

The nature of Mr. Bright's alleged offense is not definitely known, Mrs. Bright said. He was born in New York, 47 years ago. He was a son of the late Dr. Edward Bright, whom he followed as editor of the Baptist Examiner. He gave up this work to travel and study abroad.

Next Attack to Be East.

PARIS, Nov. 20.—A German colonel who was taken prisoner in Belgium, makes the statement, according to a dispatch to the Havas Agency from Saint Omer, that the German general staff has decided to make another effort to pierce the line of the allies, and that the attack will be initiated this week. If this movement should not prove successful it is said a general retreat will be ordered.
