Troops to Check Disease.
WILMINGTON, Del., Dec. 2.—Evidence of a disposition to violate provisions of the quarantine in this county against the hoof and mouth disease among cattle may necessitate calling out Delaware's militia, one regiment of infantry.

made to the headquarters of the livestock sanitary board by farmers of the upper end of the county relative to residents allowing their dogs to run at large at night despite the prohibition against such, and Governor Charles R. Miller, who has taken personal charge of the situation, and other authorities are determined that

the provisions of the quarantine must be respected, if it necessitates calling out the entire regiment.

Governor Miller, Deputy Attorney General Chaytor and members of the state livestock sanitary board held a conference recently relative to the prosecution of residents of the several quarantined districts for alleged viola-

tions of the rules issued by the board.

Can Opener Pries Home.

NEW YORK, Dec. 2.—Free use of a can opener pried Mrs. Jennie Fleuren, and her husband, August D. Fleuren, of Storm King, Putnam county, apart, according to Fleuren, who was arrested in the latter village recently and taken to Lakeview, on a charge of abandonment. Fleuren and his wife separated four weeks ago. Constable Sackett traced him, through postal cards sent to friends, to Storm King. Mrs. Fleuren said she left home because she refused to cook him a midnight supper. But Fleuren denied this, asserting that Mrs. Fleuren, forever using a can opener, had driven him away by continually serving him canned meat, canned vegetables, canned fruit and other canned staples, instead of practicing home-made cooking, which was a lost art with her.

CAMPAIGN TO BE ON

COMMERCIAL ASSOCIATION WILL SEEK TO SECURE NEW MEMBERS.

A bigger membership of the Commercial association was one of the subjects of discussion at the monthly meeting of that organization last evening, and the membership committee will probably begin an active campaign in the near future.

The discussion was provoked by the statement of Secretary C. K. Cranston that a large number of the business firms of the city do not hold membership in the association and the further statement that some of the business firms, notably the saloon men, have been withdrawing their membership since the election. President Tallman voiced his indignation in no uncertain terms, declaring it was incumbent upon every loyal business man in the city to support the organization that represents the commercial interests and that is working for and accomplishing things that make Pendleton a better city.

Secretary Cranston explained that he believed that many of the business men, not members now, would join if properly approached and President Tallman announced that he would have the membership committee get busy at once.

AMERICAN CIVIC ASSOCIATION WILL TALK ABOUT WASHINGTON

WASHINGTON, Dec. 2.—Hundreds of prominent civic and social leaders gathered here today when the tenth annual convention of the American Civic association opened. It will continue until Friday.

This is the third time since the founding of the organization that the association has met at the capital. The entire proceedings of the first session, with a number of speeches by notables, will be devoted to consideration of the needs of the capital. Subjects prominently before the convention, will relate to city and country parks, comprehensive town planning, care of streets and trees, abatement of bill board, smoke and unnecessary noise nuisances, neighborhood improvement and kindred subjects.

Among those attending the convention are delegates from scores of civic leagues, women's clubs, commercial organizations and delegates especially appointed by governors of many states. J. Horace McFarland of Harrisburg, Penn., president of the association, called the convention to order today. Other officials of the association are: First vice president, John Nolen of Cambridge, Mass., vice presidents: Clinton Rogers Woodruff, Philadelphia; George B. Delmy, Dallas, Texas; directors: Edward Biddle, Carlisle, Pa.; George W. Marston, San Diego; J. Lockie Wilson, Toronto, Can.; Charles H. Wacker, Chicago; treasurer, William B. Howland, New York; secretary, Richard B. Watrous, Washington.

Particular attention will be given during the convention toward creation of a National Park Service in the federal government which will make possible a larger administration of great national park areas for recreation. The association was formed in 1904 at St. Louis by amalgamation of two organizations then existing, the Outdoor Art Assn. and the American League for Civic Improvement. The new organization has a membership of several thousand individuals and some seven hundred affiliated societies.

Severe Blood Troubles Vanish

With Magic Effect, Great Remedy Makes Disease Disappear.

At almost any drug store you may obtain S. S. S., the famous blood purifier, and you then have the veritable wizard that makes all blood troubles vanish. Your stomach takes kindly to S. S. S., it rushes into your blood, is a purifying wave, makes the liver, kidneys, bladder and skin work in harmony; stops accumulations that have caused rheumatism, catarrh, swollen glands, sore throat and skin eruptions. Just as food makes blood, so does S. S. S. follow the process of digestion to stimulate natural secretions to protect us against the ravages of disease germs. We are well aware of the fact that these germs are apt to be latent within us to break forth in violent eruptions of the skin whenever the system is in a low state of resistance. And it is to both prevent these eruptions, or to get rid of them that Nature gave us such an ally as S. S. S. It is purely vegetable, contains no mercury, and yet it overcomes those serious troubles for which mercury has been employed for ages. In every community are people who know this to be true. They owe to S. S. S. their recovery. Get a bottle today. Refuse all substitutes. Read the folder around the bottle that tells of the wonderful work being done by the medical department in assisting users of S. S. S.
