Father Dead in Virginia.
L. Dunlap, well known local contractor, yesterday received a message telling of the death of his father in the eastern part of Virginia. The elder Dunlap was 80 years old and had been ill for the past seven or eight months.

Street Gang at Work.
Another street gang of city prisoners has been put to work under the direction of Street Commissioner Heathman and this may have something to do with the falling off in the number of offenders during the past few days.

Sampson Case Still On.
The Indian divorce case in which Leo Sampson, the well known interpreter, seeks separation from his wife Cella Sampson, is still on trial today in the circuit court. Many Indians are being called as witnesses and quite a number of others are spectators at the trial.

After Check Artist.
Constable I. W. Faulk, veteran La Grande officer, came over today to take into custody Frank Murray alias R. E. Cunningham, wanted in La Grande to answer to a charge of obtaining money under false pretenses. The man recently worked for Hugh Bell. He was picked up by Sheriff Taylor.

To Start Wrestling Class.
Lawrence G. Duff, chauffeur for the Hotel Pendleton, announced today that he would soon open a wrestling class in Pendleton, probably in the gymnasium back of the Commercial club rooms. Duff for five years represented Multnomah club of Portland on the mat, twice winning the P. N. A. championship, in 1910 at 135 pounds and in 1911 at 145.

Little Boy Dies.
Succumbing to an attack of appendicitis which an operation failed to relieve, Warren McKinney, twelve year old son of Dr. W. H. McKinney of Helix, died at 12:30 today at St. Anthony's hospital. Little hope has been entertained for him for the past 24 hours. He had been brought to the local hospital about two weeks ago suffering from the disease but an operation had been delayed in the hope of improvement in the condition of the patient. The appendix had ruptured and an abscess formed, making the case a very dangerous one.

License Fees Big Last Month.
A total of \$13,479.99 was collected by Recorder Fitz Gerald last month in license fees. Most of this came from saloon licenses and it has relieved the city of financial embarrassment for the time being. The records also show that Recorder Fitz Gerald collected a total of \$15,795.32 in fines, street improvement installments and from other sources other than licenses. There were 76 cases in police court of which 14 resulted in the payment of fines, \$9 in the serv-

ing of jail sentences, eight in forfeited bail, nine were dismissed, four continued and sentence suspended on five. The expenses of the office for the month were but \$98.95. Five burial permits were issued and six sidewalk permits for a total of 600 lineal feet of concrete walk. Thirteen building permits were issued and the total cost of the buildings amounts to \$6559.

Small Fire.
A roof fire at the Swinburne house in Lee street near the Lee street bridge at 3 o'clock this afternoon, was easily extinguished by the department.

Mrs. Ben Rives Dead.
Mrs. Ben Rives died at 9:30 last evening at her home 1000 East Webb street following a long illness of Bright's disease. The physicians had given her up for several days. She was 36 years old and is survived by a husband and two children, a girl of 9 and a boy of 4. The funeral will be held tomorrow afternoon at 2 o'clock at the Baptist church. The body is now at the Baker parlors.

Trying Out for Team.
Last night 40 men lined up in the local high school gymnasium to enter the tryouts for the basketball season. All are well pleased with Coach Livingston's system of training in basketball, and great things are expected from the students in this line of activity. Coach Livingston is one of the best basketball coaches in Oregon, and this year the high school is turning out men who are proving stars in the game. Charles Russell, Roscoe Vaughn, Fred Peters, Emil Selbert, and Ned Fowler are some of the men who are showing unusual talent this season.

Fire at Coffee Club.
Fire from spontaneous combustion almost thwarted the plans of the promoters of the Civic Coffee Club this morning. An oil rag had been left lying on the window casing in the rear of the upstairs room of the Hendricks building, corner Main and Webb, and the combustion had caused a blaze which ignited the casing, burned through it and was almost in the attic when discovered. Jack Loding and Grover Cunningham made the discovery at 6:15 and roused the firemen who responded quickly and, with a Pyrene extinguisher, put the blaze out with a minimum of damage. In another half hour, Chief Bellinger declares the fire would have gained such headway in the attic that a serious loss could not have been averted.

Bowling League Formed.
Last evening in the parlors of "The Bungalow" a city bowling league was organized with F. J. McMonies as president, Tom Brewster as secretary and Pat McDevitt, F. J. McMonies, Fred Book and Nick Noel of the captains of the teams to contest. After the organization and election of officers, a bowling match was held as a tryout for the selection of a team to go to La Grande. The following scores were made: Fleming, 558; Brewster, 533; Kuse, 399; Nolf, 502; McMonies, 500; Butler, 493; Finch, 296; Hoover, 543; Hanavan, 438 and Noel, 525. The five thus qualifying for the team are Brewster, Fleming, Hoover, Noel and Nolf. Another match will be held Sunday afternoon and the scores will also count in the selection of a team to compete in La Grande.

MAN MAY GO FREE IF HIS SENTENCE ISN'T COMMUTED

GOVERNOR WILLING TO ACT IF DISTRICT ATTORNEY RECOMMENDS IT.

SALEM, Ore., Dec. 2.—Governor West announced he would commute the sentence of Lloyd H. Wilkins, convicted of the murder of Lou Winters, Portland, from death to life imprisonment if District Attorney Evans of Multnomah county would recommend it. Evans, according to the governor, takes the view that if sentence of Wilkins is not commuted to life imprisonment before the governor proclaims the constitutional amendment abolishing the death penalty has carried, he will go free, because of the fact the amendment failed to specify what the penalty for first degree murder shall be. The governor takes issue with Evans, but is willing to commute the sentence if Evans will recommend it.

STUDENTS OF HIGH SCHOOL ENJOY CAFETERIA LUNCH

NEW SYSTEM NOW IN OPERATION AND MEETS WITH INSTANT APPROVAL.

Nearly 50 students of the high school enjoyed the first menu served by the high school cafeteria at noon today. The menu consisted of cream tomato soup, hot chocolate, apple pie, and bread and butter and was served in true cafeteria style. Each customer secured a platter and then walked along the counter and helped himself to as much as he desired. It is predicted that the cafeteria will be a great success, and every one is delighted with the idea. Not only will it be a novelty but it will be a great help to those who come from a distance, and to those who are obliged to spend the noon hour at the school for work. Principal Hampton stated today that the cafeteria was one of the greatest things that have been introduced into the high school and is quite enthusiastic about it.

CIVIC COFFEE CLUB FINDS EMPLOYMENT FOR SIX MEN

NEW INSTITUTION FORMALLY OPENED—MANY APPLICATIONS RECEIVED.

From the time of its opening for business yesterday morning until 1 o'clock today the Civic Coffee Club had received applications for work from 12 different people and of the twelve, six were provided with work in some form, generally at odd jobs. Nine of the applicants enrolled at the club yesterday and three new seekers of employment appeared today. According to Percy Hilbert, in charge of the Civic Coffee Club the applicants for work are local people with one or two exceptions. One of the men applying for work has a large family in which there are several children whom he must support. Therefore his case is unusually deserving. Local people or farmers in need of workers of any sort are asked to call the Civic Coffee Club, phone 750, and secure men, or women through that organization. Every effort will be made by Mr. Hilbert to take care of any requests coming in and as he will be in touch with those unemployed he will be in position to provide help on very short notice.

The coffee and sandwich lunches have not yet been served at the newly opened institution. It was the intention to start the lunch feature today but the matter was postponed until tomorrow noon. From this day on those desiring a coffee and sandwich lunch at cost prices can secure the same. The club is located over the Workmen's Clothing Store at the corner of Main and Webb streets and there is a well-lighted, well lighted room where unemployed men may make their headquarters if they wish to do so.

INDIAN PLEADS GUILTY TO HUNTING IN CLOSED SEASON

SEVERAL DEER HIDES FOUND IN POSSESSION—TO BE SENTENCED DEC. 12.

Little Hawk, a well-known Indian, was arraigned yesterday before Justice of the Peace McReynolds at Pilot Rock and pleaded guilty to hunting deer in closed season. Sentence will be passed Dec. 12.

The defendant is one of the older of the Indian hunters on the Umatilla reservation. He was arrested Monday while hunting near the head of Meadow creek, southeast of Pilot Rock, by Game Warden Averill. His wife and Mary Joshua, a young Indian woman, were with him at the time and were also brought in but no charges were filed against them. Though none of the coupons were detached from Little Hawk's license the hunting party had two pack horse loads of "jerked" venison in their possession and several hides. They claimed they had purchased the hides from white settlers in the mountains.

NEW YORK, Dec. 2.—Policeman Coleman detected a man in the act of lighting a fuse to a bomb in the hallway of a building in Forsythe street. FATHER SAYS ALLEGATIONS OF DAUGHTER ARE UNTRUE

MARK STURTEVANT MAKES OBJECTIONS TO ELBERT CASTEL AS GUARDIAN.

Replying to the charges of his daughter, Fay Sturtevant, as contained in her answer to his petition to have her declared an incompetent, Mark Sturtevant of Pilot Rock today entered emphatic denials to most of her allegations and set up a strong objection to the appointing of Elbert Castel as her guardian as requested by her. He alleges that Castel is not competent or qualified to act as her guardian and asserts that the reason his daughter wants him named is because she thinks she could escape from his custody and run away with the man she wants to marry or else get his consent to the marriage.

In her answer, Miss Sturtevant denied her father's charges that she is contemplating matrimony, but, in his reply the father repeats them. He states that the man she wants to marry is now trying to borrow money so they can go into Washington and be married. Miss Sturtevant had also alleged that her father had squandered money left her by her mother in riotous and reckless living and had never accounted to her for it. This he denies declaring he had spent all of the money on her and had so made his accountings. He also denies that he is an habitual drunkard or that he has been incapacitated by use of liquor for directing his own affairs or assuming the guardianship of the person and estate of his daughter.

The hearing of the case is set for tomorrow morning at 10 o'clock. Peterson and Ballard are representing the young lady and Judge Fee is attorney for Sturtevant.
