LOSSES IN SWINE BELGRADE OCCUPIED BY THE AUSTRIANS

WEAKNESS AND LOWER PRICES ARE FORCED IN TRADE AT PORTLAND.

(Courtesy Tuesday's Journal.)
PORTLAND, Ore.—Severe weakness and lower prices were again forced for swine at practically all American stockyard centers for the day. While sharply lower prices were the outcome at North Portland at the opening of this morning's trade, still compared with other centers the trade here is continued on quite a good basis.

Chicago seems to have lost for all time its former dominating position as the head market for swine in the United States. Basis prices there were for years accepted as what other markets throughout the country should pay. Chicago was always the high market and others took their cue from there.

Now the middle west is quoting independent values and while it is true that the same interests who are operating at Missouri river points are generally dominating the situation at Chicago, this really has nothing to do with the weakness in the hog trade and price throughout the country. The fact is that financial conditions are such, and money is hard to obtain except at excessive interest, that all the leading packers have curtailed their operations considerably. There has been more or less talk about the excessive business available for Europe but the fact remains that the reports would indicate about a dozen times as much business as has actually passed. Naturally with such conditions existing and with liberal supplies of hogs available, the tendency recently has been to force the prices down to a basis where speculation is possible.

General hog market range:
Best light 7.10
Medium light 7.00
Good to heavy 6.90
Rough and heavy 6.80@6.50
Stockers 6.00@6.50

Cattle Continue Quiet
While there was only a small run of cattle reported in the North Portland yards overnight, the situation in trade is showing no change for the better. Buying is of hand to mouth character, killers simply taking their present requirements.

Since the passage of the meat inspection law by Portland, which has been taken to the supreme court for settlement; there is practically no competition for supplies. Two of the former killers who operated places of their own prior to the passage of the law, are now having their cattle killed at a government inspected plant and are using the cold storage facilities there. This naturally has a tendency to curtail what little competition formerly existed. One company is fighting the inspection law real hard and refuses to give up its business.

General cattle market range:
Selected steers 7.25
Good to prime 7.00@7.05
Good to choice 6.50@6.75
Ordinary to fair 5.75@6.25
Best cows 6.00
Good to prime 5.65@6.55
Ordinary 5.25@6.50
Selected calves 8.00
Fancy bulls 5.25@6.75
Ordinary 4.90@4.25

Sheep Situation Strong
No change is shown in the mutton market situation at North Portland. Receipts are limited for the day and the fair showing of yesterday was quickly picked up at extreme prices. Top lambs are still quoted very strong at \$7.

General mutton market range:
Best yearlings 45.65@5.75
Old wethers 5.90@5.25
Best ewes 4.25@4.75
Best east mountain lambs 6.75@7.00
Valley light lambs 6.25@6.50
Heavy spring lambs 5.50@5.75

City to Buy No Nudes.

MANY CASES OF RHEUMATISM NOW

SAYS WE MUST KEEP FEET DRY, AVOID EXPOSURE AND EAT LESS MEAT.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water, and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

SERBS RETREAT, SAYS REPORT, ABANDONING THE CAPITAL OF SERBIA.

LONDON, Dec. 3.—The Servians are steadily being drawn back in their own country, while Belgrade, the capital until the government moved shortly after the beginning of the war, has been occupied by the Austrians after several attempts since August to capture the city.

A Sofia, Bulgaria, report says the Servians evacuated Belgrade when the Serbs to the south were driven back. An official statement issued at Vienna says:
"In the southern theater of war, the enemy is still retreating. No fighting of importance took place yesterday. Small bodies of troops, sent in advance, captured several hundred prisoners."

News Is Sent Emperor.
An earlier dispatch says the occupation of Belgrade was announced in a telegram to Emperor Francis Joseph from General Frank, commander of the Fifth Army Corps. The message follows:
"On the occasion of the 66th anniversary of your reign, permit me to lay at your feet the information that Belgrade was today occupied by the Fifth arm corps."

Servians Admit Reverses.
Semi-official advices received by the Havas Agency from Nish contain the admission that the Austrians have won further victories in Serbia. After a number of rear-guard actions during the last few days the Servian troops were forced to fall back on December 1 from the region around Oudjitzan and Kocierich. The retreat it is said was made in good order.
Heavy firing has occurred near Suvabur, where the Austrians concentrated large forces and succeeded in capturing two important points.
The fighting along the Kolubara river is said to have been attended with some success for the Servians. In an engagement near Lazarevatz on November 28 the Servians are reported to have taken positions of the enemy, capturing 27 officers and about 2000 men.

Montenegrins Best Foo.
PARIS, Dec. 4.—A victory for the Montenegrin troops in their campaign against the Austrian forces is reported in a dispatch received by the Havas agency from Cetinje, Montenegro.

WHEAT EXPORT TRADE IS QUIET

CHICAGO MARKET UNDER INFLUENCE OF LACK OF NEWS THURSDAY.

CHICAGO, Dec. 4.—Wheat closed 3-5/8-1/4 low. It is quite probable that the big cash interests kept their export sales to themselves during the greater part of the session and permitted the bearish local trade to bring about the decline to \$1.20 1-4 for May after a strong and higher market the first hour. It is now given out that export sales, including considerable wheat to go all rail to the seaboard, amount to 700,000 bushels and the market started to rally. Liverpool cables were higher for spot and futures. Italy was buying wheat freely at advancing prices. Minneapolis reported stiff premiums on the crop, and quite serious dry weather talk comes from Illinois points and the Kansas City territory on the growing crop. Export clearances of wheat and flour for the day were close to 1,750,000 bushels.

Best corn prices of the morning were 64c for December and 69 5-8c for May. Bottom prices were made the last hour. Estimated receipts for this trade 700 cars and yet the sample market ruled fairly steady. Liverpool cables strong and higher. Country offerings are again reported light.
Early bulge of 47 7-8c for December oats and 52 5-8c for May was followed by selling pressure. Selling pressure is mostly from the local trade, partly due to the easier cash market.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND THICKNESS.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.
While wispy, gray, faded hair is not awful, we all desire to retain our youthful appearance and attract attention. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
