

A WISE PERSON TAKES

A wise person takes notice of Nature's demand for correction and assistance. Unhealthy conditions of the stomach, liver or kidneys first give warning by a trifling symptom such as heavy feeling, sick headache, poor appetite or depression of spirits. You should pay attention to these unnatural feelings immediately and

Rabies Feared in Harney.

BURNS, Ore., Dec. 19.—Considerable excitement has arisen in all parts of this county on account of the number of coyotes with rabies that are biting dogs and cattle.

The coyotes, when shot at, march right on toward the person shooting. They go without apparent purpose, but ready to bite any living thing. They have no hesitation in entering cattle yards around the house or any part of the premises. People in the country are afraid to send their children to school.

Moratorium Is Extended.

PARIS, Dec. 19.—For the fourth time since the beginning of the war, the financial settlements have been postponed. The moratorium, applying to all negotiable securities dated before September and maturing before March 3, 1915, has been extended for two months.

Business now appears to be better than at any time since the war began. This applies both to production and to trade.

More coin is in circulation. Gold, which has been in hiding is occasionally given in change now.

9 BUILDINGS WIPED OUT AT GRESHAM IN EARLY MORNING FIRE

DAMAGE WILL TOTAL \$45,000 IT IS ESTIMATED—ORIGIN OF FIRE UNKNOWN.

One Man Has Narrow Escape from Suffocation While Sleeping on Second Floor of His Store—Live Wire Shocks Many—Firemen Have Hard Fight Because of Cold.

PORTLAND, Ore., Dec. 21.—Losses aggregating probably \$45,000 were caused at Gresham, 12 miles east of Portland, by fire early yesterday morning, when nine buildings in the business district on Main, between First and Second streets, were destroyed with the contents, covering a half block on each side of the street.

The fire started at 3 o'clock in the store of the Bartlett Mercantile company. The origin has not been determined. The stocks carried in all the business places burned were wiped out.

Mr. Bartlett, who was sleeping on the second floor of the store, barely escaped suffocation. He was rescued by Fleet Fox, a business man who reached him with a ladder.

Live Wires Fell Many Persons. T. B. Howitt was rendered unconscious by coming in contact with a live wire that had been burned in two by the flames. He was revived several hours later. Harold Kern and a fireman also were severely shocked by wires, and several others were shaken from a similar cause. The fallen strands charged the water from the hose lines with electricity and added to the difficulties of the firemen.

A. E. Lindsey, a merchant, sleeping across the street from where the fire started, ran two blocks, barefoot and in his night clothes, to turn in an alarm. The flight was made over the frozen ground.

PLANNING NOW FOR THE "SAFE AND SANE"

SHEBOYGAN, Wis., Dec. 19.—Only a couple of hundred more days before the Fourth of July. But Sheboygan is doing its Independence Day planning early.

The business men's association had a large surplus left from the fund for the Star Spangled Banner Centennial last September. Nobody knew just what to do with it, until a foresighted citizen suggested that it be used as the nucleus for a Fourth of July fund. The idea was enthusiastically adopted, and furthermore a committee was appointed to begin laying plans for obtaining prominent speakers and making other arrangements for a program.
