MEATS

The famous "PENDLETON SPIRIT" has been attained only by, and is the direct result of, a combination of individual efforts moulded together in one grand cause. "WHAT IS DONE FOR OUR HOME TOWN IS REALLY DONE FOR OURSELVES."

You have or have not helped, by your past year's efforts, to make this the "BIGGEST CITY OF ITS SIZE ON EARTH."

If you have aided, the results have amply repaid you for your efforts. If you have not, you can easily realize that your added help, the coming year, will serve to put Pendleton on the Map Bigger than ever.

"Pendleton for Pendletonians." Let this be your motive for the coming year and strive to carry it out in Principle and Practice. Make it a reality and fact as well as a governing spirit. HOW?

Spend Pendleton money in Pendleton owned stores and for Pendleton made products. Money is what makes the mare go and creates good times. Let's keep Pendleton money in Pendleton where it keeps going round.

NEWS OF FARM AND RANGE

Wool Prices May Startle—With exports of American wool to foreign countries continuing on a large scale the domestic wool situation grows more acute. The news has been confirmed this week of large sales of wool and wool byproducts for shipment to Germany, and other foreign countries are also active in the market. Coming at a time when South America is the only free market for clothing wools outside of this country, this news has served to increase the anxiety of the manufacturers who are now making ready to open their Fall, 1915, lines.

It has been semi-officially announced that when the fall prices are made, in the first week of January, 1915, the advances will be of a startling character. The price of wool has not only gone up, but the dyestuffs difficulty has affected the cost of dyeing to a very large extent. Several selling agents handling wool goods cannot name future prices, as their mills are not covered on raw wool and are indisposed to buy at current high prices, at least until they see how the trade is to order for another season.

Last week some large purchases of carpet wool were made from China factories, one series of transactions running up to 2,000,000 pounds. The advancing values have forced carpet manufacturers to advance their quotations to take effect after the first of the year. The demand for wool underwear, wool hosiery, sweaters and blankets continues very steady for foreign export.—Portland Oregonian.

Eastern Oregon Rancher Dies.
BAKER, Ore., Dec. 31.—Richard Hulck, a prosperous young rancher of lower Powder, died here after a long illness. He had undergone several operations in an effort to save his life. Mr. Hulck was 36 years old and unmarried. He was born in Lower Powder and lived there his entire life. He is survived by his mother, two sisters and four brothers.

Night Rider Probe On.
ABERDEEN, Wash., Dec. 31.—Arrest of the alleged North River night riders on the charge of having driven Mrs. Margaret M. Ross and her two sons from their North River cabin and on other charges is predicted by Mrs. Ross, who returned to Aberdeen after a conference with Governor Lister and Attorney General Tanner. Mrs. Ross says both officials declared that the North River country would be "cleaned up" and that the attorney general's department would carry on an investigation of the alleged crime. For the investigation Attorney General Tanner said he would like to employ State Senator-elect E. E. Boner, of this city, as a special agent.

Frozen Plugs Aid Fire.
LAKEVIEW, Ore., Dec. 31.—While firemen worked at frozen water plugs flames destroyed the Sullivan and Barry stable and threatened the entire south end of the town.

The lack of wind prevented the fire from spreading. The blaze was the third of mysterious origin. The loss was \$500 and was not covered by insurance.

Man to Get \$850 for an Eye.
ASTORIA, Ore., Dec. 31.—The case of John Martin against the Clatsop Mill company was settled by the filing of a stipulation that the plaintiff secure a judgment for \$850. The plaintiff, while working in the defendant's mill lost an eye.

India to Conserve Wheat.
DELHI, India via London, Dec. 31.—In view of the abnormal prices of wheat the Indian government has decided to restrict exports to 100,000 tons of wheat, including flour, from December 1 to March 31, 1915.

The exports will be confined to British possessors in which a strong demand for the cereal exists.

Detective Sues County.
OREGON CITY, Ore., Dec. 31.—An action for \$2000 was filed by Detective L. L. Levings against Clackamas county for services rendered in the Hill murder case from July 23 to November 1.

The suit is based on a contract signed by County Judge Anderson and Commissioner Smith on July 23. Levings presented his bill to the county court at the November term, but the court delayed action on it until the December term, when it was disallowed.

Hogs Have Hydrophobia—Additional swine on Starkey Prairie are showing signs of having been infected by the coyote which several weeks ago was slain at Starkey after having bitten several hogs in that vicinity. Some twenty or twenty-five hogs have been quarantined under state jurisdiction, and some of them have been killed and the carcasses burned. As fast as the quarantined animals develop symptoms of hydrophobia they are killed by the owners who are showing every co-operation in isolating the suspected cases and disposing of them as they arise.

CITY ENGINEER IS LAID OFF FOR WINTER MONTHS

CITY COUNCIL TAKES ACTION LAST NIGHT AS MATTER OF ECONOMY.

As a matter of economy, City Engineer Geary Kimbrell has been laid off during the winter months. The council took this action last evening pursuant to a recommendation made several weeks ago by Mayor Dyer. Councilman Cole made the motion last evening, declaring that, while he was opposed generally to laying off a regular city employe, he believed the condition of the city finances at this time demands retrenchment some place.

The funds now on hand will not any more than pay the fixed charges and salaries up to the time the city receives its first revenue from the spring taxes, it was explained, and a number of the council predicted that it would be necessary to issue scrip before March 1. The city attorney gets \$125 a month.

The ordinance requiring the placing of lights at each end of a street obstruction or excavation was passed last evening. The lights must be kept from sundown to sunrise and must be visible 100 yards away. Violation of the ordinance calls for a fine not exceeding \$25 or a jail sentence not exceeding 12 days.

The ordinance deeding a part of Vincent street to B. L. Burroughs & Co. and the Farmers' Union Grain Agency for \$400 was passed.

PART OF BRIBE FUND USED ON M'MANIGAL

LOS ANGELES, Dec. 31.—That practically \$1700 of the Franklin bribe fund has been expended on behalf of Ortis E. McManigal, is set forth in a detailed report to the county supervisors of the money comprising the fund. The report was made by the district attorney's office at the request of the board, and is on file with the latter body.

The report was called forth by the district attorney's statement that only a part of the fund remains, the rest being charged to secret service work. The fund originally totaled \$4000. The disbursement in question was dated some time after the conviction of the McNamara brothers.

OLD MAN IS NOT ALLOWED TO MARRY

SALEM, Ore., Dec. 31.—Judge Bushey of the county court decided that S. T. Northcutt of Turner needs only a guardian, as claimed by his only daughter, Mrs. Eva Palmerston. Mrs. Palmerston recently secured an injunction restraining her father, who is 78, from marrying or handling any of his money. He is worth about \$25,000. Judge Bushey will name the guardian in a few days and in the meantime the injunction holds good.

While taking stock at the end of the year we should try to close out leftover supply of meanness.
