

The East Oregonian has the largest paid circulation of any paper in Oregon, east of Portland and over twice the circulation in Pendleton of any other newspaper.

Forecast for Eastern Oregon, by the United States Weather Observer at Portland.

Fair tonight and Wednesday.

SOUTHERN PART OF ITALY IS SHAKEN BY VIOLENT QUAKE

Another Disturbance Today Throws Thousands of People in Calabria Into Wild Panic.

VILLAGES BADLY DAMAGED

Houses Are Topped Over and Residents Flee in Terror - Frequent Shocks Have Been Experienced There in Past, One City Having Been Destroyed in 1783.

ROME, Jan. 19.—Another violent earthquake shook southern Italy today, throwing thousands of persons in the province of Calabria into a wild panic. No casualties are reported but considerable damage was done the Villa di Luzzi, 11 miles north of Cosenza, the capital of the province.

ROME, Jan. 19.—An unconfirmed report has reached Rome that another earthquake shock was felt throughout the province of Cosenza, southern Italy. There have been frequent shocks there, the city of Cosenza having been destroyed in 1783. The province has an area of about 2700 square miles and a population of half a million people.

11 STRIKERS INJURED IN CLASH WITH DETECTIVES

TWO PROBABLY FATALITY HURT WHEN THEY BOARD STRIKEBREAKER CAR

ROOSEVELT, New Jersey, Jan. 19.—Eleven strikers were shot and two probably fatally, when private detectives charged 400 strikers who surrounded a train bearing strikebreakers to the Williams and Clark fertilizer plant. It was reported that a number of strikers boarded the train and endeavored to disperse the men from working. The strikers assert detectives rushed the plant and opened fire.

HOUSE AND SENATE COMMITTEE MAY COME TO STUDY NEEDS OF THE E. OREGON STATE HOSPITAL

SALEM, Ore., Jan. 19.—Governor Withycombe returned to Colonel Jackson, inspector general of the national guard, his resignation with the request that he reconsider it.

A resolution was introduced by the senate ways and means committee providing that four members of the senate ways and means committee and four members of the house ways and means committee be named to visit the Eastern Oregon State Hospital at Pendleton and report on its needs.

SALEM, Ore., Jan. 19.—Dillard's bill to abolish the state census system unanimously passed in the house. The measure carries an emergency clause so preparations for beginning the 1915 enumeration may be headed off before more expense is incurred.

GAME LEGISLATION TO BE CONSIDERED AT A MASS MEETING HERE

A mass meeting of all sportsmen, whether members of the local organizations or not, and all taxpayers and others who may in any way be interested in the subject of hunting and fishing will be held in the rooms of the Commercial association Wednesday evening.

The meeting has been arranged by the officers of the Umatilla County Fish & Game association for the purpose of discussing the game legislation now before the legislature. The local association members are apparently of one mind on the question of retaining the present commission system of handling the game protection fund and inasmuch as game is one of the big resources of the county they feel that the citizens as a whole should be interested in the subject. If there are any local residents who are opposed to the present system they are especially urged to be present to

FRENCH SUBMARINE IS SUNK BY TURKS NEAR DARDANELLES

Report is Confirmed by Minister of Marine—Ottoman Vessel Rescues Some of Crew.

DISASTER OCCURS JAN. 15

Allies Report Successes in France and Belgium - Germans Reported to Have Been Forced to Abandon Field Works Near Metz—Lull in Fighting at Solissons.

PARIS, Jan. 19.—The sinking of the French submarine Saphire at the entrance to the Dardanelles on January 15, was announced by the French minister of marine. It was stated in unofficial reports that a Turkish vessel had rescued part of the crew. News of the disaster first came in an official bulletin issued at Constantinople and sent via Berlin on Sunday.

PARIS, Jan. 19.—The capture of additional German fieldworks in the forest of Papreire and southwest of Metz was reported in an official war office statement. This leads to the belief that further progress by the French in the Lapreire region will cause a complete withdrawal of the Germans in these woods.

There was a lull in the fighting at Solissons. This was considered ominous and a renewal of desperate German assaults is expected any moment, with the enemy attempting to force the allies lines. For several days there has been heavy artillery firing in that region. The lull suggests the Germans are bringing up heavy infantry reinforcements to be hurled in an assault when the proper moment arrives.

No other important gains were reported. From the sea to Arras and in Alsace there has been heavy cannoning. In Alsace it has been the fiercest near Thann and Landesapt.

Snow is interfering with operations at both extremities of the battle line in Belgium and in the Vosges mountains. Except for occasional outpost clashes, activities generally are being confined to artillery duels.

HOUSE AND SENATE COMMITTEE MAY COME TO STUDY NEEDS OF THE E. OREGON STATE HOSPITAL

SALEM, Ore., Jan. 19.—The speaker signed the senate joint memorial No. 1 asking congress to appropriate \$300,000 for the extermination of carnivorous wild animals.

Court to Hear Girl Case.

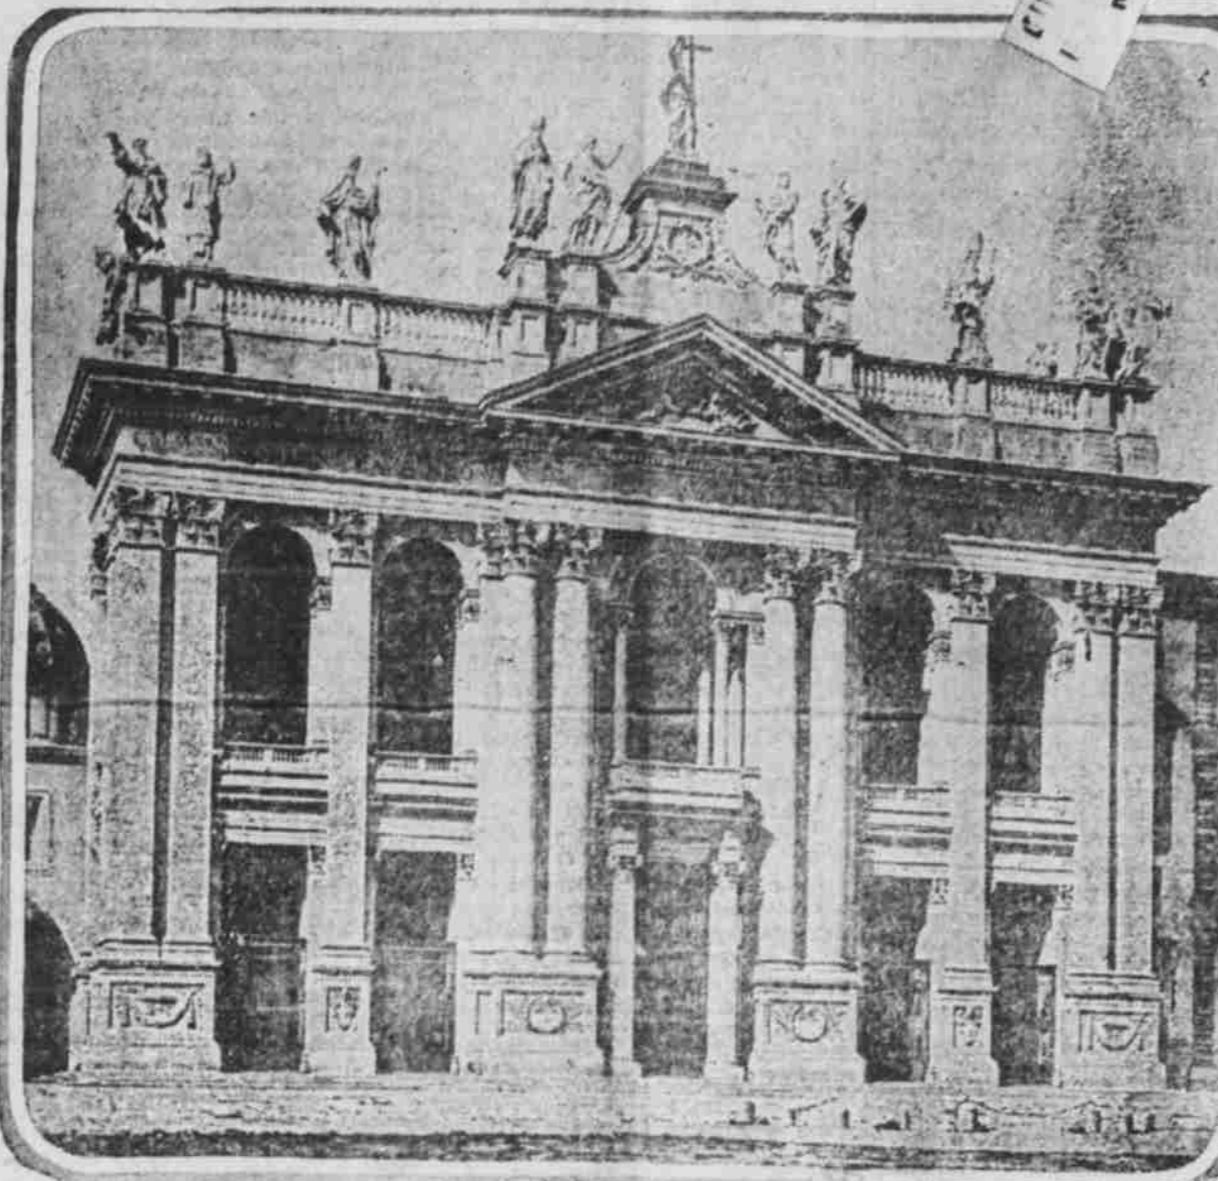

MARSHFIELD, Ore., Jan. 19.—The trial of Orlando Smith, indicted by the Coos county grand jury on complaint of several Prosper girls ranging from 10 to 13 years of age, began in the circuit court at Coquille. Smith was returned to this county from Grants Pass. He has a grown family.

GAME LEGISLATION TO BE CONSIDERED AT A MASS MEETING HERE

state their objections and make known their reasons therefor. A message was received this morning by the local organization of sportsmen from J. N. Donnelly, president of the Arlington Commercial club, saying that organization has endorsed the present commission system and had called upon their representative, C. C. Clark, to work for its retention. Mr. Clark is a member of the house committee on game and his influence is considered valuable by the sportsmen.

Arlington is the most famous goose hunting point in the northwest. People go there during the goose hunting season for the opportunity to shoot these fine game birds and the people of that town realize what an important resource goose hunting is to their town. They are therefore anxious to have the best administration of game laws possible.

Ancient Church Damaged by Earthquake

View of the Church of St. John in Lateran, Rome, the facade of which was badly damaged by the recent earthquake. A colossal statue at the Basilica of this church toppled to the steps of the edifice.

WILSON LACKS AUTHORITY TO DECLARE AN EMBARGO

WASHINGTON, Jan. 19.—President Wilson made it plain to callers today he didn't have the authority to declare an embargo on shipments out of the country of foodstuffs to prevent prohibitive prices. He said such authority would have to be conferred on him through legislation. The president announced he will ask for a probe to determine whether illegal combinations are in existence to control prices. He said rises were due to economic causes and could be dealt with only through an embargo.

CIVIL SERVICE PENSION MEMORIAL IS HELD UP

QUESTION IS RECONSIDERED BUT IS INDEFINITELY POSTPONED.

SALEM, Ore., Jan. 19.—On motion of Senator Ragsdale the memorial, passed by the senate yesterday urging congress to enact a law providing for pensions for civil service employees who had been long in service, was recalled from the house today and the vote was reconsidered. After efforts to get the memorial re-referred to the committee had failed, the senate voted indefinitely to postpone it.

The house passed a bill ceding to the federal government absolute jurisdiction over Crater Lake National park. Two bills were introduced in the senate. One by Binham places a limitation upon the amount of taxes for which a levy may be made each year. The senate passed a bill by Strayer changing the time for holding circuit court in Baker county.

NEWS SUMMARY

General. American flag insulted by British, declares skipper of vessel flying the stars and stripes. Russians claim to have driven German back to frontier. Southern Italy is shaken by earthquake. French submarine is sunk by Turks at Dardanelles. President has no authority to declare embargo on foodstuffs. Local. W. M. Scott, Helix pioneer, dead in Portland; funeral at Helix tomorrow. Circuit court to adjourn during funeral of W. R. Ellis. Sportsmen will hold another meeting of protest. Pendleton boy writes music for college song. Constitutional amendment does not affect school directors or voters.

RUSSIANS DEFEAT FORGES OF KAISER IN POLAND FIELD

Germans are Forced Back to the Frontier Declares Statement from Petrograd War Office.

MIAWA IS A HEAP OF RUINS

Constant Bombardment Leaves Town Charred Wreck—Country is Made Desolate by Ravages of War—Bloody Battle Fought for Possession of Northern Poland.

PETROGRAD, Jan. 19.—Bloody fighting for the possession of the northeast section of the province of Plock, Russian Poland, has resulted in a decisive defeat for the Germans, according to a war office announcement. The enemy was forced back to the frontier, the statement adds. The announcement reports artillery duels and sporadic infantry fighting east of Mlawa.

The town of Mlawa itself has been reduced to a heap of ruins as a result of successive bombardments, and the country thereabouts has been completely devastated.

RAILROADS ARE ACCUSED OF WORKING GAME ON EMPLOYEES

FREQUENT CHANGES OF TERMINALS WORK HARDSHIP ON ENGINEMEN.

CHICAGO, Jan. 19.—Warren Stone, grand chief of the Brotherhood of Locomotive Engineers, was the principal witness at the western railroad wage hearing, testifying regarding the frequent changes of terminals by

Generals Scott and Villa Confer at Juarez

Left to right—Major Michie, adjutant to General Scott, General Hugh L. Scott, U. S. A., and General Pancho Villa. This photograph was made at Juarez, Mexico, in the customs house, after the conference regarding the border situation in which Villa promised to put an end to the border struggle and thereby eliminate the danger to life and property on the American side. This is the scene of the historic meeting of Presidents Taft and Diaz. Madero was installed as provisional president at this same place and it was here that Victoriano Huerta made his headquarters after the defeat of Orozco in the first revolution against Madero.

AMERICAN FLAG IS NOT RESPECTED BY BRITISH CRUISER

Steamer Loaded With Cotton to German Port is Detained—Stars and Stripes Hauled Down.

UNION JACK SUBSTITUTED

Captain Farley of the Greenbrier Makes Complaint to Secretary of State Bryan over Treatment by English—British Crew Brings Vessel Into English Port.

BERLIN, Jan. 19.—Charges of insults to the American flag and improper interference with his vessel were transmitted today to Secretary of State Bryan by Captain Farley of the American steamer Greenbrier, now at Bremen. Farley declares that on December 13, while off the German coast, a British cruiser fired a solid shot across the bows of his vessel, and that after an examination of the ship's papers by an officer of the cruiser, he ordered the captain to lower the American flag and to hoist the British ensign. Upon refusing, Farley said, a crew from the cruiser took charge of the vessel, hoisted the union jack and proceeded to Kirkwall, England, where he was ordered to resume command of the vessel and go to Leith. Farley refused to sail under the British flag.

After three days, the American was allowed to hoist his own colors and proceed to Leith where he was soon allowed to continue to Germany. The Greenbrier was loaded with cotton from New Orleans.

Farley declared that while a crew from the British cruiser navigated the Greenbrier, the vessel was damaged as a result of their incompetence.

PIONEER HELIX FARMER IS DEAD AT THE AGE OF 77

WILLIAM M. SCOTT SUCCEUMS TO COMPLICATION OF ILLMENTS.

William M. Scott, pioneer Helix farmer who since 1905 has been living a retired life in Walls Walla, died yesterday morning in Portland at the home of his son-in-law, Dr. E. A. Mann, 1629 Belmont street. His death followed a complication of heart, stomach and kidney disorders and was not unexpected as he had been quite low for a week or more. The body was brought to Pendleton this morning and is at the Folsom parlors today. It will be taken in the auto hearse at 8:30 tomorrow to the old home near Helix where the funeral will be held at 2 o'clock.

Deceased was a little past 77 years old, having been born Dec. 29, 1837, in McLean county, Illinois. For the first nine years of his life he lived with his maternal grandparents, Mr. and Mrs. Halsey, and then went to live with an uncle, Dr. A. K. Scott whose home was sixteen miles from Bloomington.

In 1855, starting out for himself, he went to Coffey county, Kansas and remained there one year after which he started to return to Illinois but stopped in Davis county, Missouri.

CIRCUIT COURT TO ADJOURN DURING FUNERAL OF ELLIS

LOCAL TRIBUNAL WILL PAY RESPECT TO MEMORY OF LATE JUDGE.

As a mark of respect to Judge W. R. Ellis, former congressman, the circuit court of this county over which he presided for six years will be adjourned during the funeral, according to an arrangement made yesterday evening at a meeting of the Umatilla County Bar association of which the deceased was a member. The meeting was called by Charles H. Carter, president of the association, and he appointed the following committee to draft resolutions of condolence: Col. J. H. Raley, chairman, Judge G. W. Phelps, Judge S. A. Lowell, Judge James A. Fee and Frederick Stelwer. President Carter will also serve as a member of the committee. The organization has requested the members of the local association now living in Portland to represent the organization at the funeral and to secure suitable floral tributes. In the event that the court business here permits, other representatives will be sent from here. The death of Judge Ellis is keenly felt by his former associates here.
