LIBRARY BUILDING HERE.

(Continued from page 1.)

vided that the pledge of the body qualified by law to give it is received guaranteeing maintenance of a library in each building at a cost of Twenty five hundred dollars (\$2500) a year, and Seven hundred and fifty dollars (\$750) a year respectively. These donations are conditional on sites being given for these buildings.

It should be noted that the amount indicated is to cover the cost of the Library Buildings complete, ready for occupancy and for the purposes intended.

Before any expenditures on buildings or plans are incurred, the approval of proposed plans by Carnegie Corporation of New York must be secured, to obtain which plans and tentative plans for inspection.

Very truly yours,
CARNEGIE CORPORATION
OF NEW YORK

By James Bertram, Secretary.
It is the belief of the local library people that the site adjoining the north approach to the Main street bridge will afford a splendid location for the institution and that a structure can be erected that will answer many civic purposes. It is not necessary that the library be called a Carnegie library and it will probably be known as the County Library.

Bills Before Legislature.
Bills now before the legislature, introduced by Rep. Rittner, provide that gifts may be accepted by the library board and that the county may aid in the erection of branch library buildings. The title of the last named measure is as follows, the full text of the measure being on file at the library.

An act to amend Chapter 117 of the General Laws of Oregon for 1911 and Sections 4217 and 4319 of Lord's Oregon Laws—to include any county in the state and, without changing the present limitation of the tax levy, to so allow distribution of the Public Library Building Fund as to admit of branch library buildings as well as a central library building; to authorize school districts or union high school districts to cooperate with counties in providing such branch library buildings; to remove the limitation of time in which the aggregate levy may be raised in order to allow school districts and union high school districts and cities to qualify for cooperation with the county library system; to authorize the county court of any county to acquire sites, buildings and equipment by donation, bequest or gift for free public libraries.

County Branches.
The following data regarding the different branch libraries and their present maintenance arrangements is of interest:
Adams—Population 205; rented room in hotel; council levied 4-10 mill, \$41; raised by subscription, \$87.
Athena—Population, 586; rented store; council appropriated \$150, more if needed.

Echo—Population, 400; rear of bank; council appropriated \$120.
Freewater—Population, 532; council room; council appropriated \$27; raised by subscription and tag sale, \$45.50.

Hermiston—Population, 648; rear room of land office; council levied 5-10 mill, \$213; raised by subscription, \$1250.
Milton—Population, 1250; council room, \$15.
Council appropriated \$250; raised by teas and socials, \$32 60.

Pilot Rock—Population, 200; Commercial club room; cared for by Commercial club.

Stanfield—Population, 318; central telephone office; council appropriated \$75.

Weston—Population, 500; rented room; council levied 5-10 mill, \$125; library board gave dinner, \$35.

Rent is paid in four places. The others are temporarily furnished free. All but one are on the ground floor. All but two are on the main street.

GUGGENHEIM SAYS EVERY MAN ENTITLED TO A JOB

COPPER MAGNATE DECLARES GOVERNMENT SHOULD SEE THAT HE GETS IT.

NEW YORK, Jan. 21.—Every worker in the United States is entitled to a job and the government should see that he gets it. As a matter of actual right, the worker, in addition, is entitled to sickness insurance and old age pensions, and above all, a share in the profits resulting from his labor.

Spectators at the federal industrial relations commission hearing were amazed when the above declaration was voiced by Daniel Guggenheim, multimillionaire copper magnate. He openly characterized his own views as socialistic, and said he believed a better day is dawning for the workers.

"Employers are finally realizing," said Guggenheim, "that they must be fairer to their employees."

NEW YORK, Jan. 21.—J. Pierpont Morgan will not be called at today's investigation of the Rockefeller, Sage and Carnegie Foundations by the federal industrial relations commission. It was explained he is needed in Washington in connection with a meeting of the federal reserve bank board. Morgan will be interrogated later by the commission. He will be asked to tell of the relationship between corporations and their employees.

Rockefeller, Junlor, was a spectator at today's hearing. "I'm most interested," he said, "in the commission's work. I believe it is honestly endeavoring to solve one of the biggest problems now confronting the United States."

David Guggenheim, multi-millionaire and copper magnate, was the first witness. He said he is familiar with labor conditions in all his plants, explaining he visited them at least once and sometimes twice a year. He also declared he received monthly reports from his superintendents regarding the conditions of his employees.

NOTICE

(Continued from page two.)

Mr. and Mrs. Robert Malrn of Spokane are guests at the home of Mr. and Mrs. Kim Morton, Mrs. Malrn being a sister of Mr. Morton. This is the first time in seventeen years that Mr. Malrn, who was a former resident of this city, has been here and he notes a great many changes.

Mrs. Will Penland returned this morning from a brief visit at Helix.

Mr. and Mrs. Carl S. Wheeler will leave Sunday for Portland from where they will sail in the near future for southern California for an extended visit. They will be joined later in Portland by Miss Viola Hawk, who intends going to Fresno, California, to spend a year.

Miss Lela Rogers will entertain a few friends at an informal dancing party at her home on Water street this evening.

System of Rural Credits.
SALEM, Ore., Jan. 21.—The house went on record in favor of the federal enactment of some system of rural credits that shall allow to the farmer a long time loan at a low interest rate. Dana Allen of Marion county had introduced a resolution and joint memorial to congress covering the point. When it came to a vote, Benton Bowman of Washington county was the only member to say no.

The concurrent resolution provides for the appointment of a joint committee to keep in touch with congress in urging the passage of such a law.
